Re: 2017 Wisconsin Act 260: Foster Parent Grants

PURPOSE
The purpose of this memo is to inform county agencies, tribal agencies, and non-profit organizations of a grant opportunity to support licensed relatives, foster parents, and normalcy opportunities for children in out-of-home care set forth in 2017 Wisconsin Act 260.

BACKGROUND
This memo provides detailed information on one of the Foster Forward Acts, 2017 Wisconsin Act 260, which provides a grant opportunity to county agencies, tribal agencies, and non-profit organizations to support foster parents and normalcy opportunities for children in out-of-home care.

INFORMATION SUMMARY
2017 Wisconsin Act 260 provides $400,000 in funding per fiscal year to the Department of Children and Families for grants to support foster parents and normalcy activities for children in out-of-home care.

Allowable Costs
The grant opportunity is open to all county agencies, tribal agencies, and non-profit organizations. Agencies may apply for up to $75,000 in funding in one or more of the following three topic areas:

- Incentives for the retention of licensed relatives and foster parents;
- Licensed relative and foster parent training activities; or
- Reimbursement to licensed relatives and foster parents for foster care related expenses that allow for normalcy opportunities for children in out-of-home care.

Costs related to the retention of relative and/or non-relative foster parents may include, but are
not limited to, the following activities:

- Costs that support the licensing of relative and like-kin providers, such as purchasing smoke/carbon monoxide detectors, additional beds, child safety gates, minor home modifications, paying for pet vaccinations, etc.
- Respite for caregivers
- Caregiver support groups
- Closet or pantry for placement needs such as diapers, clothing in varying sizes, and other non-perishable items that may be utilized at the time of placement
- Appreciation events, such as a banquet, picnics, etc.
- Hosting a family day for caregivers at a waterpark, local ballgame, movie theatre, etc.
- Offering a “date night” for caregivers and providing them with childcare
- Organizing and partnering with community groups to support caregivers, which may include making meals, providing needed items for families accepting emergency placements (i.e., groceries, diapers, formula, clothes, etc.), and check-ins with new licensed families

Allowable costs for reimbursement to licensed relatives and foster parents for expenses related to normalcy for children in out-of-home care are outlined in the Uniform Foster Care Rate Setting Policy, DCF-P-PFS0042. Funds shall be used to reimburse the share of the exceptional payment made by the agency with placement and care responsibility, or extraordinary payment costs requested by a private child placing agency.

Reimbursement for licensed relative and foster parent training expenses under the grant shall not be used to supplant the current foster parent training structure, which allows for reimbursement through the Title IV-E Foster Parent Training Pass-Through or the administrative rate provided to private child placing agencies. Reimbursement for foster parent training expenses shall exceed the reimbursement received through the current foster parent training structure.

Application Process
One-time licensed relative caregiver or foster parent grant funding is being awarded via a competitive grant process for the purpose of supporting counties, tribes, and non-profit organizations to implement new activities that they would not otherwise be able to accomplish without financial assistance. The Department will review grant applications and grants will be awarded to those agencies that thoroughly provide the information requested in the attached grant application. Agencies may apply for up to $75,000 in funding to support the development of new activities.

Agencies may apply for grant funding to reimburse for qualifying expenses under more than one of the three topic areas. Agencies need not request reimbursement for each qualifying expense if the agency does not intend to participate in activities under that category. Agency activities must contribute to the ongoing improvement and success related to support of licensed relative caregivers or foster parents and normalcy opportunities for children in out-of-home care. This is a one-time funding opportunity and grants must be spent by June 30, 2023.

The attached Foster Parent Grant application packet specifies the grant requirements, including information on each of the three topic areas. Applications for state fiscal year 2023 will be accepted until May 23, 2022. In addition to a completed application and responses to the
required questions, **all approved applicants shall submit an exit summary to the Department by September 1, 2023**, demonstrating the effectiveness of the use of the awarded funds.

Reimbursement provided to agencies through the grant program shall be reimbursed up to $75,000, as funds allow, and up to $400,000 total statewide in state fiscal year 2023. Agencies that receive the grant shall allocate the funding they receive within state fiscal year 2023 and the funds shall be spent by June 30, 2023.
