eWiSACWIS Dashboard Updates

1. Out of Home Care Analysis Hub Dashboard

eWiSACWIS Dashboard Updates

Out of Home Care Analysis Hub Dashboard

A new tab has been introduced on the Out of Home Care Analysis Hub Dashboard: Trends over Time (found on the fourth tab). This tab can be filtered to view any number of OHC attributes:

- All children in OHC
- Placement Type
- Gender
- Age
- Race/Ethnicity
- Milwaukee/Balance of State
- Selected county comparison

These trends can be used to assess OHC changes at the state and county level. This tab is only available via eWisacwis and will not be seen on the public version of the dashboard.

Thank you again for your engagement with these data products. Should you have questions arise, please do not hesitate to contact the Child Welfare Research and Analytics unit at DCFCWRA@wisconsin.gov.
