### eWiSACWIS Report Updates

#### ***Permanency Outcomes Report (SM10A114)***

Revisions were made to the Permanency Outcomes Report that include the following:

1. Changed Legal Permanence calculation to match CFSR 3 standards
2. 'Still in Care Post TPR' moved above the 'Total' line in the 'MONTHS\_IN\_CARE\_SUMMARY' tab
3. Modified logic for statewide summaries to include 'Still in Care Post TPR' counts
4. Added a Discharge Reason Combined column to the DETAIL tab to help facilitate summary counts, since MONTHS\_IN\_CARE\_SUMMARY tab uses discharge reasons combined
5. Updated functional summary to define Living with Other Relatives and Aged Out

For more information on this enhancement, please refer to the functional summary. Further questions may be referred to the Child Welfare and Analytics Unit at

#### ***eWReport Retirements***

The DCF Child Welfare Research and Analytics (CWRA) team is continuing to retire several eWReports. Below are details on the reports retired on **Monday, July 25, 2022**.

The Report Retirement Project is being undertaken for several reasons. Many are being retired as they are no longer supported by specific software. Others have been identified based on lack of use, irrelevant data measures (e.g. CFSR Round 1 Reports), and redundancy (the same information is in a different report). The CWRA team continues to work with report users to identify report retirement candidates.
