My Approvals

1. When the My Approvals filter is selected, all pieces of work that need your attention will appear. At the top left of the table is the count of the items. These can be displayed by a certain number per page, using the drop-down menu. The values are 5, 10, or 25. At the top right of the table is where the pages are identified (if there is more than one). The search box on the right hand side of the screen retrieves any data matching the data entered in that field.

The screenshot shows the 'My Approvals' page. The 'Approvals (6)' tab is highlighted.
