The table below outlines the expected behavior in eWiSACWIS for licenses that are at different points in the approval process when the updates to DCF 56 are promulgated on 12/1 and updated in eWiSACWIS

Topic	Details
Exception / Waiver	Modifications made on Exception/Waiver Request ▪ If a license was created before 12/1 and approved, then the exception/waiver would retain the original value with the words "Inactive value:" before the retired code/subcode. ▪ If a license was created before 12/1, was not approved, and the worker has selected a code/subcode, then the exception/waivers would retain their original selection unless a new selection was made from the dropdown fields. ▪ If a license is newly created after 12/1, then only the new exception/waiver code/subcodes would display in the dropdown fields.
Decision = Denied	Modifications made on Licensing Work > Application Activity when Decision = Denied ▪ If a license was denied before 12/1 and approved, then the citation would retain the original value with the words "Inactive value:" before the retired code/subcode. ▪ If a license was created before 12/1, was not approved, and the worker has selected a code/subcode, then the citation would retain the original selection unless a new selection was made from the dropdown fields. ▪ If a license is newly created after 12/1, then only the new citation code/subcodes would display in the dropdown fields.
Decision = Non-Renewed	Modifications made on Licensing Work > Application Activity when Decision = Non-Renewed ▪ If a license was non-renewed before 12/1 and approved, then the citation would retain the original value with the words "Inactive value:" before the retired code/subcode. ▪ If a license was created before 12/1, was not approved, and the worker has selected a code/subcode, then the citation would retain the original selection unless a new selection was made from the dropdown fields. ▪ If a license is newly created after 12/1, then only the new citation code/subcodes would display in the dropdown fields.

Action = Revoke	Modifications made on Licensing Work > Application Activity when Action = Revoked ▪ If a license was revoked before 12/1 and approved, then the citation would retain the original value with the words "Inactive value:" before the retired code/subcode. ▪ If a license was created before 12/1, was not approved, and the worker has selected a code/subcode, then the citation would retain the original selection unless a new selection was made from the dropdown fields. ▪ If a license is newly created after 12/1, then only the new citation code/subcodes would display in the dropdown fields.
Provider Type – Child Placing Agency, Facility License > Site Visits/Non-Site Visits tab > Rule Violation Code = 54.01(3m) COMPLIANCE WITH APPLICABLE RULES & LAWS	Modifications made on the Facility License page when the Type of Provider = Child Placing Agency ▪ If a noncompliance was issued prior to 12/1 then the violation code would retain the original value with the words "Inactive value:" before the retired code. ▪ If a noncompliance is newly created after 12/1, then only the new violation codes would display in the dropdown fields. 　• When citing a former rule select "Other" in the drop down and document the former rule citation in the comment box.
