<p>Adoption and Foster Care Analysis and Reporting System (AFCARS)</p>	<p>43007: In 2020, new Federal AFCARS Rules went into effect and, in October 2022, Wisconsin must report on the new AFCARS requirements. To capture the new data requirements, new and updated AFCARS fields will display in eWiSACWIS between now and October 2022. Changes in February 2022 include updates to the Access Report, Assessment, ICWA Record, and Legal pages. Please see the associated topics below for details.</p>
<p>Access Report</p>	<p>42021: A new field named "Address Search" displays on the Allegation tab of the Access Report page. This field looks up addresses as they are being typed to allow for the quick selection and pre-fill of the most accurate address information. For best results, it is recommended that you allow your physical location to be shared (a message appears at the bottom of the page when first using the Address Search field). A hyperlink named "Map this address" was also added to the page, which opens a Google map with the address pinpointed.</p>  <p>The screenshot shows the eWiSACWIS interface for an Access Report. The 'Allegation' tab is selected. The 'Address Search' field is highlighted with a red box and contains the text 'Enter address for suggestion by Google'. Below it, the 'Map this address' link is also highlighted with a red box. At the bottom of the page, a notification bar from 'apps.dcf.wisconsin.gov' asks for permission to track physical location, with 'Allow once' and 'Options for this site' buttons.</p>
