

eWiSACWIS Release Notes

June 22nd, 2024

Below you will find notes for the upcoming June 2024 eWiSACWIS release. These notes include changes that may affect workflow, data entry, procedures, and reporting. Some of the changes are the result of policy changes, legislative changes, eWiSACWIS team input, and issues reported to the eWiSACWIS help desk by users.

Topic	Description
Assessment	<p>45405: Business Purpose: To update and streamline the Initial Assessment documentation process.</p> <ul style="list-style-type: none"> ▪ Update in Initial Assessment page that will: <ul style="list-style-type: none"> ○ Combines tabs to reduce tab structure from two layers to one, ○ Will automatically pull relevant information from the access report into the Initial Assessment, ○ Combines maltreatment and surrounding circumstances into one element. ○ Combines adult functioning, discipline, and parenting practices into one element per each adult, ○ Dynamically displays a new ICWA tab to document engagement with tribes, ○ Dynamically displays a new non-household parent box for users to document identification and engagement with non-household parents. <div style="border: 1px solid #ccc; padding: 5px; margin: 10px 0;">  <p>The screenshot shows the 'Assessment Participants' section of the software. It includes a header with 'Assessment', 'Report', and 'Safety Assessment' tabs. Below the header, there are fields for Name, Assessment ID, Status, Result, Assessment Type, Date, Response Time, and Safety Decision. A navigation bar contains tabs for 'Participants', 'Safety', 'Family', 'Adult/Parent', 'Child/Youth', 'ICWA', 'Determinations', 'Summary', and 'Reviews'. The 'Assessment Participants' table lists three individuals with columns for Name, Gender, DOB, Age, Race, ICWA Record, Roles, Edit Roles, Child/Youth, Adult/Parent, and N/A. At the bottom, there are 'Options', 'Go', 'Insert', 'Save', and 'Close' buttons.</p> </div> <ul style="list-style-type: none"> ▪ A new feature was added to allow CPS professionals to choose from a list of selectable characteristics for Family Functioning, Adult Functioning, and Child Functioning. The “Family Conditions and Individual Characteristics” pop-up will be added so users can indicate which conditions are present for the family or individuals on a per case basis.
