

Out-of-State Placements

There may be instances where a child is placed by a particular county with a provider that resides outside of the state of Wisconsin. The basic principles surrounding the placement structure mirror the placement as if it were being documented for a home provider who resides in Wisconsin with one minor exception.

The rate for an out-of-state placement is captured on the actual Out of Home Placement instead of at the provider level. This allows the county to enter the rate as it has been established with that out-of-state provider without the state having to maintain those rates in each individual situation. Since the rate is child specific, the service type on the Maintain Service Types and Rate page must be set up as "Rate by Child Allowed."

Currently, counties have the ability to document out-of-state services for the following:

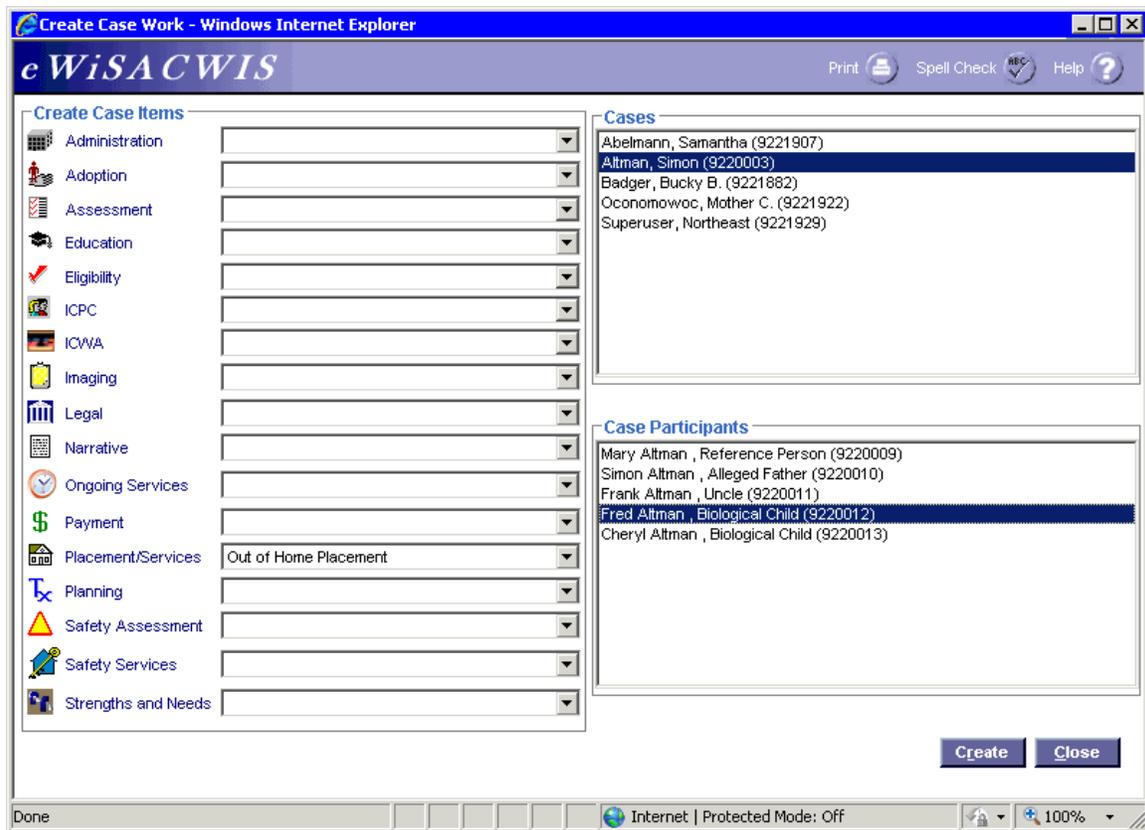

- Foster Care
- Group Home
- Residential Care Centers
- Kinship

Successful documentation of an Out of Home Placement assumes that the child's person management record is up to date. Please see the How Do I titled "Common Documentation Tasks for All Settings" for information surrounding documenting a person's demographics.

Also note that as part of the placement documentation, the eligibility record for that child must be completed. See the above referenced How Do I for information surrounding documenting eligibility for a child.

And lastly, when ending placements or services, please refer to the above referenced How Do I for information surrounding ending a placement in eWiSACWIS.

Out-of-State Placements

The screenshot shows the 'Out of Home Placement' form in the eWiSACWIS system, specifically the 'Service' tab. The form is titled 'Out of Home Placement' and features the eWiSACWIS logo. At the top, it displays 'Child: Altman, Fred (9220012)', 'Case Name: Altman, Simon (9220003)', and 'Request Number:'. Below this, there are two tabs: 'Service' (selected) and 'Provider'. The 'Service' tab contains several sections: 1. A header section with checkboxes for 'This is a CPS Non-Comforming Placement', 'This is an Emergency Situation', 'After Hours Placement', and 'Child is an American Indian child as defined by statute.'. It also includes a 'Costs > Spending Limit' field set to '\$0.00' and a 'Current Monthly Payment' field. 2. A 'Child Removal From Home Information' section with dropdown menus for 'Manner:' (set to 'Court Ordered'), 'Caretaker Structure:' (set to 'Married Couple'), 'Primary Caretaker:' (set to 'Mary Altman'), and 'Secondary Caretaker:' (set to 'Simon Altman'). 3. A 'KIDS Referral' section with a dropdown for 'Referral applies to:' (set to 'Both parents') and three questions with radio button options: 'Is this referral in the best interest of the child?' (Yes/No), 'Is this placement expected to be long term?' (Yes/No), and 'Is the worker aware of a court order for child support OR is this otherwise an appropriate case to refer for child support services?' (Yes/No). At the bottom of the form, there is an 'Options:' dropdown, a 'Go' button, and 'Save' and 'Close' buttons. The browser's status bar at the bottom shows 'Done', 'Trusted sites', and '100%' zoom.

Out of Home Placement Page > Service Tab (continued)

Step 3 of 4

- Enter the Child Removal From Home information if this placement is a removal from home.
- Select the appropriate values for the KIDS Referral questions. If the answers to the questions will trigger a referral to KIDS, the Referral applies to field will appear and be enabled. eWiSACWIS allows the referral of a single parent with a system indicator that the other parent should not be referred. This will allow for one parent to be referred and the other to be held from the interface. There is an expectation that “good cause” drives the decision to refer one parent and not another.
