Explanation for Increased Number of Slots:

For a program to be considered eligible for increasing their maximum number of slots, the program must attest to the Get Kids Ready Application Requirements. Please read the [Application Requirements](#). Programs must attest to meeting all regulatory requirements to serve their increased maximum number of slots based on their program type. Specific requirements for each regulation type can be found below:

- [DCF 202.08\(1\)](#) for certified child care programs
- [DCF 250.05\(3\)](#) for licensed family child care providers
- [DCF 251.05\(3\)](#) for licensed group child care programs
- [DCF 252.42\(2\)](#) for licensed day camps

Please check each box to provide your attestation to the following statements:

I certify that I have read and agree to the Get Kids Ready Application Requirements.

I certify that I meet all regulatory requirements for serving the increased maximum number of children based on my program type.

I understand that the department may monitor and review the application at any time and may request documentation for review or audit purposes for up to five (5) years after funds are received.

For a program to be considered eligible for increasing their maximum number of slots, the program must demonstrate they have enough lead teachers with an associate degree or bachelor's degree for the number of maximum slots requested. The program must provide the names of their lead teachers below. Please note that programs can change their lead teachers at the time of each Payment Application.

Lead Teacher Name	Registry ID
