## Background to Jeanine B. Settlement Agreement

This report provides information on the progress of the Division of Milwaukee Child Protective Services (DMCPS), formerly the Bureau of Milwaukee Child Welfare,<sup>1</sup> towards meeting the requirements of the Jeanine B. Settlement Agreement.

In 1993, the American Civil Liberties Union Children's Rights Project (now Children's Rights, Inc.) filed suit in the Federal District Court for the Eastern District of Wisconsin on behalf of an estimated class of 5,000 children who were receiving child welfare services in Milwaukee County. The Milwaukee County Executive, the Director of the Milwaukee County Human Services Division, the Governor, and the Secretary of the Department of Health and Social Services<sup>2</sup> were named as defendants.

The complaint was a broad-based challenge to the administration of the Milwaukee County Child Welfare System, alleging that it failed in its obligation to provide adequate child welfare services to children and families. The complaint alleged that the State failed to adequately supervise and fund the Milwaukee County system.

In response to the lawsuit and to improve the safety and well-being of children, the State of Wisconsin assumed direct responsibility for administering and funding Milwaukee County child welfare effective January 1, 1998. The lawsuit subsequently continued only against the state defendants. In 2002, the parties reached a settlement of the litigation. The Settlement Agreement requires DMCPS to achieve specific outcomes regarding the permanency, safety and well-being of Milwaukee County children in out-of-home care. Only one of the numerous outcomes required in the Settlement Agreement, placement stability, has not yet been accomplished.

## Format of Report

This is the first semi-annual report for 2019. It includes outcomes of DMCPS's performance from January 1, 2019 through June 30, 2019.

This report is divided into three sections. The first section describes the performance towards meeting the **remaining enforceable provision**. The second section includes the status of **provisions that are no longer subject to enforcement**. DMCPS has been released from enforcement of these provisions after meeting the required benchmarks for two consecutive six-month periods, as provided in the Settlement Agreement. The third section includes the status of **non-enforceable process indicators and outcomes** inclusive of safety, well-being and permanency objectives included in the Settlement Agreement. This information was identified in previous reports as "monitoring items." Provisions that are no longer operative are excluded from this report. For example, Section I.B.5 of the Settlement Agreement is inoperative because the Subsidized Guardianship Waiver was not obtained before January 1, 2003; the controlling requirement is I.B.4.

## Data

Most of the data presented in this report was generated from the electronic Wisconsin Statewide Automated Child Welfare Information System (eWiSACWIS). To create a more streamlined document for the reader, the rounding of performance percentages (past and present) occurs in most instances.

<sup>1</sup> On October 4, 2015, the Bureau of Milwaukee Child Welfare (BMCW) was renamed the Division of Milwaukee Child Protective Services (DMCPS).

<sup>2</sup> The Department was subsequently renamed the Department of Health and Family Services. Beginning in July 2008, responsibility for DMCPS, at that time known as BMCW, was transferred to the newly created Department of Children and Families.

**Annual Performance of Placement Stability, Remaining Enforceable Provision, CY 2003 – YTD 2019**

§I.D.9 At least the following percentages of children in DMCPs custody within the period shall have had three or fewer placements during the previous 36 calendar months of their current episode in DMCPs custody. The number of placements will exclude time-limited respite care placements and returns to the same caregiver after an intervening placement during the same out-of-home care episode. Those children in DMCPs custody through the Wraparound Milwaukee program shall be excluded from this calculation. Initial assessment center placements also will be excluded from the calculation.
