

Purpose of the Program

The purpose of the Kinship Care Program is to provide a monthly payment to adult caretakers who are caring for the children of relatives who are at risk of being abused and/or neglected by their parents. Eligibility requirements include, but are not limited to:

1. There must be a need for the placement and the placement is in the best interest of the child;
2. The child meets one or more of the criteria for Children in Need of Protection or Services (CHIPS), or Juveniles in Need of Protection or Services (JIPS), or the child would be at risk of meeting any of these criteria if the child remained with a parent;
3. The caretaker relative, any other adult relative in the home, and any employee of the relative who might have regular contact with the child must pass a criminal background check; and
4. The caretaker relative states that neither he nor she, nor any employee or adult residents in the home have any arrests or convictions that could adversely affect the child or the relative's ability to care for the child.

Children of military families are not eligible.

Application Process

For non-court-ordered cases, the process for application and approval is as follows:

- Caretakers may call for or pick up a Kinship Care application at the Division of Milwaukee Child Protective Services office or at Professional Services Group (PSG). The application is also available online at dcf.wisconsin.gov/mcps
- The relative caretaker completes a Kinship Care application and submits it to PSG.
- PSG conducts a criminal background check on the applicant and all other adults living in the relative's home and any employee of the relative who might have regular contact with the child.
- PSG conducts a home assessment based on guidelines set by the Wisconsin Department of Children and Families.
- A determination letter is mailed to the caretaker and payment begins, if approved. If the application is denied, the caretaker is provided with appeal rights.
