Applications are processed based on availability of funding

Guidelines (revised 7-21-16):

- Only two (2) applications per agency per month will be considered, due to budget limitations.
- This electronic voucher program is intended to assist candidates with an immediate need. If the need persists, the approved candidate may become eligible again to receive a voucher six months later.
- Goodwill does not provide assistance with major appliances, baby cribs, car seats, nor any monetary assistance such as rent, mortgage, utilities, or food. Mattresses and box springs are seldom available.
- Approved candidates will need to arrange for pick-up of all items selected at the Goodwill store.
- Applications are processed in the order that they are received via fax beginning the 1st of each month.
- Employees from any referring agency are not eligible to participate in this assistance program.
- Before shopping can begin at the Goodwill store, each approved candidate will need to show to a store supervisor a state-issued ID with name and birth date to match against the electronic voucher.
- Vouchers are held electronically in the stores for 60 days, after which time they expire.
