

Horace Mann Community Closet

The Horace Mann Community Closet provides resources to families in need. Available items include non-perishable food items (including formula and baby food), clothing for children and adults (including diapers), furniture, schools supplies, and referrals as needed. The Community Closet also has financial resources to purchase other items as needed.

The resource center is open to anyone in need without restriction. The school is able to provide the needed items within the same day. Please note the resources are available during normal WAWM school calendar days and hours.
