Analysis Prepared by the Department of Children and Families

Statutory authority: Sections 48.67 (intro)
Statutes interpreted: Section 48.65, Stats.
Related statutes and rules: NA
Explanation of Agency Authority

Section 48.67 (intro.), Stats., provides that the department shall promulgate rules establishing minimum requirements for the issuance of licenses to, and establishing standards for the operation of, child welfare agencies, child care centers, foster homes, group homes, shelter care facilities, and county departments. Those rules shall be designed to protect and promote the health, safety, and welfare of the children in the care of all licensees.

Summary of the Proposed Rules

**DCF 251.094 and 251.095, Group Child Care Centers; School-Age Programs**

The primary purpose of the proposed rules is to better reflect the needs of school-age providers and children by providing exceptions and alternate or additional requirements for school-age child care programs that are, or are in, group child care centers.

The proposed rules create a new section on *staff positions specific to school-age programs* that includes the position responsibilities and requirements for a school-age administrator, school-age director, school-age program leader, school-age group leader, and school-age program aide. Individuals in these positions must meet either the position qualifications specific to school-age programs or the position qualifications that are generally applicable to group child care centers for the comparable positions of administrator, director, child care teacher, assistant child care teacher, or program aide.

The proposed rules also modify the general *supervision* requirement of sight and sound supervision to require *sight or sound* supervision of school-age children with some exceptions. In general, a school-age program leader or a child care teacher shall supervise a group of children. A school-age group leader who has completed the training for the position or an assistant child care teacher who has completed the training for the position and is age 18 or over may provide sole supervision for a group of school-age children for no more than 45 minutes if there is a qualified school-age program leader or child care teacher on the premises.

In addition, the proposed rules modify requirements for *school-age programs that are in school-buildings* that are currently in use as schools regarding immunization records, the timeframe to report a change in room usage to the department, the timeframe to notify the department of any construction or remodeling on the premises, and the location of employee files.

The current s. DCF 251.095 is also rewritten for clarity.

**DCF 250, Family Child Care Centers; DCF 251, Group Child Care Centers; and DCF 252, Day Camps for Children**

The proposed rules revise chs. DCF 250, 251, and 252 to do the following:

- Require unexpected center or day camp closures lasting longer than 2 weeks to be *reported* within 24 hours after the closure.

- *Change the name* of the professional development recognition system from “The Registry” to “Wisconsin Registry” to accurately reflect that agency’s name change and
update the definition to include the relationship between The Registry, Inc. and the Wisconsin Registry.

- Repeal the defined term “course for credit” which applied to a course of at least 2 credits and create the defined term “credit” to mean recognition for completing a course from an institute of higher education. This change allows individuals to complete a variety of courses with different credit values to meet staff qualifications.

- Repeal the requirement for an updated Registry Certificate upon a significant rule revision as determined by the department.

- Clarify language regarding water testing to be consistent with Department of Natural Resources language.

**DCF 250, Family Child Care Centers and DCF 251, Group Child Care Centers**

The proposed rules revise chs. DCF 250 and 251 to do the following:

- Clarify the requirement that child abuse and neglect training must be completed within one week after beginning to work with children in care and every two years thereafter, in accordance with 45 CFR 98.41 and 45 CFR 98.44.

- Require centers to be tested for radon. A center licensed prior to the effective date of the rule will be required to test for radon within 6 months after the effective date of rule. A center licensed after the effective date of the rule will be required to test for radon prior to caring for children. After the initial tests, residential settings will be required to test for radon every 2 years and commercial centers required to test for radon every 5 years.

- Require fences surrounding swimming pools to be 5 feet in height. This provision is consistent with the height requirement in ch. DCF 252.

- Require an electronic monitoring device be used for children under one year of age to maintain sight and sound supervision.

- Add a new position and qualifications for a program aide. A program aide shall be at least 16 years old and work under the direction and supervision of a qualified provider.

- Smoke detectors shall be installed according to manufacturer instructions.

- Clarify the ways all continuing education hours may be obtained and remove the previous maximum of 2.5 or 5 hours of training obtained through independent reading, viewing educational materials, and completion of a web-based training that does not result in a certificate.

**DCF 251, Group Child Care Centers and DCF 252, Day Camps for Children**

The proposed rules revise chs. DCF 251 and 252 to require group child care centers and day camps to report expected temporary closures lasting more than 2 weeks to the department, at least 5 days prior to the change. This provision is already in ch. DCF 250.
**DCF 250, Family Child Care Centers**

The proposed rules revise ch. DCF 250 to do the following:

- Require family child care center **insurance** information to include the number of children covered and the dates of coverage.
- Require family child care centers with a **private well** to test the water for lead contamination. Currently lead testing is only required in group child care centers and day camps for children with a private well; this revision will align all three licensed child care program chapters and ensure the health and safety of children in care.
- Clarify the requirements for **children and staff file** information, including the required child enrollment information, child health history information, and staff record information.
- Require children to be appropriately **clothed for the outdoors**. If the appropriate clothing is not provided by the child’s parents, the child shall be clothed from a selection provided by the center.

**DCF 251, Group Child Care Centers**

In addition to the changes affecting school-age programs, the proposed rules revise ch. DCF 251 to do the following:

- **Reduce the number of hours of continuing education** required for child care staff in group centers who work 20 or more hours per week from 25 hours annually to 15 hours annually. With this change, all child care staff in group child care centers and family child care centers will have the same continuing education requirements.
- Creates a provision requiring staff who **work fewer than 8 months** per year to obtain 2 hours of continuing education per month of work.
- **Rename the titles** of the credentials for staff qualifications from “Wisconsin Credential” to “Registry Credential” to be consistent with the Wisconsin Registry’s titles.
- Reduce the hours of experience required to qualify to be a **director of a center with 50 or fewer children** from 320 hours to 240 hours.
- Reduce the hours of experience required to qualify to be a **child care teacher** from 320 hours to 240 hours and include licensed family child care provider as approved experience.
- Change the staff-to-child **ratios** and maximum group size for children 5 years of age to 6 years of age to be the same as the ratios and maximum group size for children 6 years of age and older.
- Repeal the requirement for a **building inspection report** to indicate which rooms have been approved for children under 30 months.

**Chapter DCF 252, Day Camps for Children**

The proposed rules revise ch. DCF 252 to do the following:

- Revise the definition of a boat to include a **paddleboard**.
• Clarify the rule regarding *abusive head trauma* prevention training.

• Require *medication* to be administered by the camp as directed on the label and as authorized by the parent. This provision is already in chs. DCF 250 and 251.

• Clarify the rule about when camps shall *contact a child’s parent* regarding an emergency or minor injury.

**Summary of Data and Analytical Methodologies**

The school-age program rules are based on recommendations provided by a workgroup of school-age child care providers convened by the Wisconsin Afterschool Network. Other rules were revised based on review by the Bureau of Early Care Regulation, focusing on correcting unintended consequences of previous rule revisions, updating rules based on current industry standards, and clarifying provisions.

**Summary of Related Federal Law**

Under 45 CFR 98.44 (b) (1) i., a state plan for the Child Care Development Fund must include the state’s requirement for child care providers to complete training in specified health and safety standards prior to providing child care services or as part of an orientation that is completed within 3 months after hire or licensure. The topics that must be addressed are in 45 CFR 98.41 (a) (1) (i) to (xi), which includes prevention of shaken baby syndrome, abusive head trauma, and child maltreatment and recognition and reporting of child abuse and neglect.

**Comparison to Adjacent States**

**Illinois.** Radon testing is required every 3 years. Center staff are required to have up to 15 hours of continuing education annually.

**Michigan.** Radon testing in child care homes is required before licensure and every 4 years thereafter. Center staff are required to obtain 16 hours of continuing education annually.

**Minnesota.** Radon testing is not required. Continuing education requirements for child care center staff vary from 20 to 40 hours annually.

**Iowa.** Radon testing is required every 2 years.

**Effect on Small Businesses**

The proposed rules will affect small businesses that are family child care centers, group child care centers, and day camps. The rules will have minimal or no economic impact on these small businesses.

**Analysis Used to Determine Effect on Small Businesses**

The proposed rules affecting school-age programs remove unnecessary and inapplicable provisions for early childhood care. The broadening of the approved formats of continuing education and the reduction in required hours for child care staff in group child care centers may have a positive economic impact on child care programs.

**Comments on the Statement of Scope**

The Wisconsin Afterschool Network, Boys & Girls Clubs of Wisconsin, YMCA School Age Childcare Providers in Wisconsin, and La Crosse Area Family YMCA School-Age licensed
childcare programs commented in support of the proposed changes affecting licensed school-age programs.

The Boys & Girls Clubs of Wisconsin opposed a proposal in the statement of scope to prohibit the use of vans with more than a 10-passenger capacity. The provision is not included in the proposed rules.

The department’s form is available at [https://dcf.wisconsin.gov/cclicensing/ccformspubs](https://dcf.wisconsin.gov/cclicensing/ccformspubs).

**SECTION 24. DCF 250.055 (2) (d) is repealed and recreated to read:**

**DCF 250.055 (2) (d)** When care is provided on a level that is more than 6 feet above or below ground level, no more than 2 children under 2 years of age per provider may be in care.

**SECTION 25. DCF 250.06 (2) (n) and (Note) are created to read:**

**DCF 250.06 (2) (n)** 1. a. A center licensed prior to [“LRB inserts effective date of rule”] shall be tested for radon by [LRB inserts date that is 6 months after the effective date of rule”] and every two years thereafter.

   b. A center licensed on or after [“LRB inserts effective date of rule”] shall be tested for radon levels within 6 months prior to caring for children and every two years thereafter.

2. The licensee shall submit a copy of the radon results to the department within 5 days after receipt of the results.

3. If radon levels are higher than determined safe by the U.S. environmental protection agency, the licensee shall do all of the following:

   a. Post the results next to the child care license.

   b. Install and operate a remediation system according to manufacturer instructions within one year after the date of the test results.

4. After installation of the remediation system, the center shall conduct all follow-up testing or monitoring as instructed by the contractor.

**Note:** More information regarding radon testing can be found by contacting your local radon information center at [https://www.dhs.wisconsin.gov/radon/infocenters.htm](https://www.dhs.wisconsin.gov/radon/infocenters.htm).

**SECTION 26. DCF 250.06 (4) (a) is amended to read:**
DCF 250.06 (4) (a) Smoke detectors shall be installed according to the manufacturer’s instructions and maintained in operating condition on each level of the center and in all areas used for nap or rest periods. All smoke detectors shall be tested monthly and a record kept of the time, date and results of the test.

SECTION 27. DCF 250.06 (4) (am) is created to read:

DCF 250.06 (4) (am) All smoke detectors shall be tested monthly, and a record kept of the time, date, and results of the test.

SECTION 76. DCF 251.06 (4) (j) is amended to read:

   DCF 251.06 (4) (j) Fire detection and prevention systems, including smoke detectors, heat or flame detectors, pull stations, and sprinkler systems, shall be installed according to the manufacturer’s instructions and maintained in good working order. A signaling device, such as a smoke, heat, or flame detector shall be used to conduct monthly fire evacuation drills. The licensee shall either document that the fire detection and prevention systems are monitored by a fire prevention agency or that the detectors and alarms have been tested monthly.
SECTION 77. DCF 251.06 (4) (jm) is created to read:

DCF 251.06 (4) (jm) A signaling device, such as a smoke, heat, or flame detector shall be used to conduct monthly fire evacuation drills. The licensee shall either document that the fire detection and prevention systems are monitored by a fire prevention agency or that the detectors and alarms have been tested monthly.

SECTION 78. DCF 251.06 (6) (a), (b) 1. (Note), 2., 3., and (Note) are amended to read:

DCF 251.06 (6) (a) A safe supply of drinking water shall be available to children at all times from a drinking fountain of the angle jet type or by use of disposable or reusable cups or water bottles. Common use of drinking cups drinkware is prohibited.

(b) 1. (Note): Group child care centers with a non-transient, non-community served by a water system that is designated as transient or non-transient are notified by the Department of Natural Resources of the required testing time frames.

2. The center serving children under 6 months of age shall have the water tested annually for nitrate levels.

3. If water test results indicate the water contains high levels of lead or is bacteriologically unsafe positive, the water shall be appropriately treated and re-tested until it is determined to be safe negative. Bottled water shall be used until the water is determined to be safe negative. If the water tests above the maximum allowable level of nitrates, bottled water shall be used for infants under 6 months of age and any person who is or may become pregnant.

(Note): Centers using a private well should contact their regional Department of Natural Resources (DNR) office to determine whether they need to be in compliance with additional water test requirements. Child care centers that serve at least 25 of the same people over 6 months of the year are considered to have a non-transient non community water system (NTNC) served by a water system that is designated a transient or non-transient must be in compliance with Chapter NR 809, Safe Drinking Water Act Standards. Note: The Wisconsin Model Early Learning Standards are voluntary standards that were
designed to help centers develop programs and curriculum to help ensure that children are
exposed to activities and opportunities that will prepare them for success in school and into the
future. The Standards are primarily intended as guidance on developmentally appropriate
expectations and are not intended to be used as a checklist to gauge a child’s progress. The
Standards are based on scientific research. Copies of the Wisconsin Model Early Learning
Standards are available on the Wisconsin Early Childhood Collaborating Partners website at
http://www.collaboratingpartners.com/ or through the Child Care Information Center at 1-800-
362-7353.

The standards of quality for school-age programs are addressed in the School-Age Curricular
Framework course. More information on this course is available at

(2) (a) 1. A “Time-out” period” means an interruption of unacceptable behavior by
removing the child from the situation in a non-humiliating manner and placing the child in a
designated location in order to interrupt the child’s unacceptable behavior, not to isolate the
child, but to allow the child an opportunity to pause, and with support from the caregiver, reflect
on behavior and gain self-control.

(c) If a center uses time-out periods to deal with unacceptable behavior, time-out periods
may not exceed 3 minutes, and the procedure shall be included in the center’s child guidance
policy. For purposes of this paragraph, a “time-out” is an interruption of unacceptable behavior
by the removal of the child from the situation, not to isolate the child, but to allow the child an
opportunity to pause, and with support from the provider, reflect on behavior and gain self-
control.

2. At least 10 hours of training approved by the department in the care of school-age children.

3. A non-credit department-approved course in school-age care.

Note: *Introduction to the School-Age Care Profession* is the non-credit course approved by the department to meet the entry-level training requirements for a school-age program aide.

SECTION 89. DCF 251.095 is repealed and recreated to read:

**DCF 251.095 Additional requirements, modifications, and exceptions for school-age programs.** (1m) **APPLICABILITY.** (a) This section applies to group child care centers that serve only school-age children and group child care centers that serve school-age children in groups separate from children who are under 5 years of age. This section does not apply to group child care centers where school-age children are served in groups with children under 5 years of age.

(b) All requirements under ss. DCF 251.04 to 251.08 and 251.094 to 251.12 apply to school-age programs in addition to or except as specified in this section and s. DCF 251.094.

(2m) **SUPERVISION.** The following requirements modify or are in addition to the requirements in s. DCF 251.055 (1):

(a) A school-age program is responsible for the health, safety and well-being of a school-age child between the time the child arrives at the school-age program and the time the child is released to the child’s parent or to another activity that is specifically authorized in writing by the child’s parent.
(b) Notwithstanding s. DCF 251.055 (1) (a), each school-age child shall be supervised by a school-age program leader or child care teacher who is within sight or sound of the child to guide the child’s behavior and activities, prevent harm, and ensure safety, except as provided in pars. (d) to (f).

**Note:** DCF 251.055 (1) (a) requires sight and sound supervision.

(c) Notwithstanding s. DCF 251.055 (1) (b), at least one school-age program leader or child care teacher shall supervise each group of school-age children, except as provided in par. (d) and (e).

(d) Notwithstanding s. DCF 251.055 (1) (c), a school-age group leader who has completed the training required under s. DCF 251.094 (5) (c) 3. or an assistant child care teacher who has completed the training required under s. DCF 251.05 (3) (g) 2. and is age 18 or over may provide sole supervision for a group of school-age children for no more than 45 minutes if there is a qualified school-age program leader or child care teacher on the premises.

(e) A child 8 years of age or older may be authorized by the child care worker supervising the child to participate in program-sponsored activities in a school-age program away from the direct supervision of the assigned child care worker.

(f) A child 8 years of age and older may move between groups of children if a tracking method is implemented to ensure that the assigned child care worker knows the whereabouts of the child.

(g) When 9 or more children are on a field trip, there shall be at least 2 child care workers accompanying the children and the staff-to-child ratios in Table DCF 251.055 shall be maintained. Notwithstanding s. DCF 251.05 (2) (j), at least one of the child care workers shall be a school-age program leader or a child care teacher.
(h) A school-age program shall have on file an agreement, signed by the parent, that specifies
the attendance schedule to be followed and authorizes the child’s release to activities away from
the school-age program.

**Note:** The licensee may use either the department’s form, *Alternate Arrival/Release
Agreement — Child Care Centers*, or the licensee’s own form for securing the parent’s signed
agreement. Information on how to obtain the department’s form is available on the department’s
website, http://dcf.wisconsin.gov, or from any regional licensing office in Appendix A.

**(3m) ADDITIONAL REQUIREMENTS FOR MEALS AND SNACKS.** In addition to the requirements
on meals, snacks, and food service in s. DCF 251.07 (5), the following provisions apply to
school-age programs:

(a) All children attending a school-age program when a meal or snack is served shall be
offered the meal or snack.

(b) School-age children present after school shall be served a snack.

**(4m) EXCEPTIONS FOR SCHOOL-AGE PROGRAMS.** The following provisions do not apply to
school-age programs:

(a) Section DCF 251.06 (2) (b), only regarding protection of electrical outlets. All other
protective measures in s. DCF 251.06 (2) (b) apply.

(b) Section DCF 251.06 (11) (b) 7., regarding a permanent enclosure of outdoor play space.
If hazards exist, such as traffic or bodies of water, the boundaries of outdoor play space shall be
made known to the children.

(c) Section DCF 251.07 (3) (e) and (h), regarding shelves and storage space for clothing and
personal belongings.

**(5m) EXCEPTIONS AND MODIFICATIONS FOR SCHOOL-AGE PROGRAMS IN SCHOOL BUILDINGS.**

(a) *Exceptions.* The following requirements do not apply to school-age programs in school
buildings that are currently in use as school buildings:
1. Section DCF 251.04 (6) (a) 6m., relating to documentation of a school-age child’s immunization records, only if the school-age program has approved access to the school’s vaccination records.

2. Section DCF 251.06 (1) (a), relating to maintaining a building inspection report.

3. Section DCF 251.06 (2) (n), relating only to the requirement that garbage containers be covered. All other requirements of s. DCF 251.06 (2) (n) shall be met.

4. Section DCF 251.06 (2) (o), relating to the requirement that windows and doors used for ventilation be screened.

5. Section 251.06 (2) (p), relating to radon testing.

6. Section DCF 251.06 (4) (a), relating to fire extinguishers.

7. Section DCF 251.06 (4) (j), relating to testing smoke detectors and fire alarms.

8. Section DCF 251.06 (6) (b), relating to testing well water.

9. Section DCF 251.06 (11) (b) 5., relating to the requirement for an energy absorbing surface on playgrounds to a depth of at least 9 inches.

(b) Modifications. Notwithstanding ss. DCF 251.04 (3) (h) and (L) and 251.05 (2) (a) (intro.), the following modified versions of the specified provisions apply to school-age programs in school buildings that are currently in use as school buildings:

1. Section DCF 251.04 (3) (h) Any change in room usage, such as changing the way rooms are primarily used by children or using rooms not previously approved for use at least 10 working days prior to the change. Changes in room usage shall be approved by the department prior to the change.
2. Section 251.04 (3) (L) Any construction or remodeling on the premises that has the potential to affect an area accessible to children or a condition of the license. Notification shall be provided in writing at least 10 working days before the construction or remodeling begins.

3. Section 251.05 (2) (a) (intro.) The licensee shall maintain a file on each employee or contracted employee. The file shall be available for examination by the licensing representative at the location of the school-age program within 2 hours after the request and shall include all of the following:

SECTION 90. DCF 251.11 (2) (c) 2. is repealed and recreated to read:
