Introducing MyWICChildCare from Wisconsin Shares.

A better way to get paid for child care services.

Getting paid for providing child care services is now faster and easier for child care programs. Parents have the power to pay their child care provider directly. How does it work? Every month, parents will receive their state child care subsidy on an EBT card that's only good at Wisconsin child care programs participating in the YoungStar program. So providers can count on a state-secured payment from parents that can be accepted in person, online, or even over the phone. MyWICChildCare is that easy.

If your program serves families that participate in Wisconsin Shares, those families will use their MyWICChildCare EBT card to make child care payments to your business. For more details, call 1-877-201-7753 or visit mywchildcare.wi.gov.
