Who can earn a YoungStar rating? All Wisconsin child care providers who serve children from birth through their school years can participate in YoungStar, as long as they’re in good standing with state regulations. In fact, providers that receive a Wisconsin Shares Child Care Subsidy must participate. When they do, they gain access to training opportunities, technical assistance, even micro-grants to fund books and learning materials. In that way, YoungStar doesn’t just rate the quality of Wisconsin’s child care. It improves it.
Before you choose, YoungStar.

The care your child gets at home and away from home can make a big difference in your little one’s life. Making healthy child care choices can set the stage for lifelong success. That includes finding a safe and secure place for your child to learn and develop social skills. It’s not easy. But YoungStar is here to help.

YoungStar is packed with helpful resources for parents, whether you’re choosing playtime activities to help your child grow or a child care provider that’s right for you.

Look for the stars.

YoungStar child care ratings give parents an easy way to weigh their options. We evaluate thousands of Wisconsin child care providers each year, in every corner of the state. Child care programs, preschools, day camps and after-school programs. Each one receives a quality rating—up to five stars for the highest quality of care—based on the points they earn across four key categories:

- **The Provider’s Education & Training**
- **The Learning Environment & Curriculum**
- **The Program’s Professional & Business Practices**
- **The Children’s Health & Well-being**
