## Unlicensed Provider Records

DCF has authority to investigate unlicensed facilities when the complaint allegation indicates that the provider is violating 48.60(1) or 48.65(1).

This user guide explains how to create an unlicensed facility record in WISCCRS. Because WISCCRS has an Application concept, the unlicensed provider records will have application type called ‘Unregulated’.

### Searching for an Unlicensed Provider Record

When a complaint is received on an unlicensed provider, **conduct a thorough search** in the WISCCRS system. You must conduct a search, **using the main search tab**, including a search of the name and the address. See the [Basics User Guide](#) for further information on WISCCRS search functionality.

### Various Unlicensed Provider Scenarios

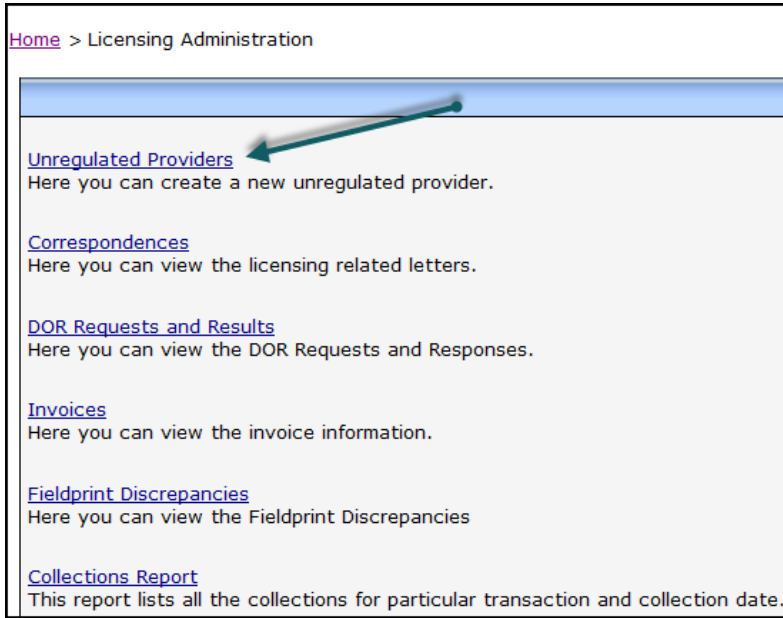

The table below illustrates various scenarios with unlicensed provider records/complaints.

Scenario	WISCCRS procedure		
	New applicant/provider number	New facility/location	New complaint record in <b>existing</b> location/facility
No previous unlicensed history	Yes	Yes	N/A
Previous unlicensed complaint history	No	No	Yes
Unlic complaint received - cert/lic history exists in WISCCRS	No	Yes	N/A
Unlicensed history, new lic application (FCC or GCC)	No	No	Start new application under same location/facility.
*Unlicensed history, new camp application	No	Yes	Start a new location.

\*Camps were enrolled in the YS about a year after FCC and GCC. At that time, WISCCRS was programmed so that camp applications could not be entered if any other type of application exists for the facility.

## Unlicensed Providers without Prior History

1. In order to start an unlicensed provider record, click on the **Licensing Administration link** on the WISCCRS Home page. **Then click on the Unregulated Providers link**. See print below.

2. Complete the Unregulated Applicant Basic Details as best you can. Many of the fields on this screen are not mandatory because often the information received about an unlicensed provider is limited. See print below.

Unregulated Applicant Basic Details

After processing the above page, the driver flow will take you to the Applicant screen. Complete the screen with available information about the unlicensed provider. **If not, the system allows you to process the page even if the bolded fields are left blank** (bolded fields for licensed/certified provider records are mandatory).

The unlicensed provider record is now complete and the complaint can be entered into WISCCRS. The Applications screen will now display the following:

<b>Provider/Loc Number</b> Not established <b>Facility Number</b> 1122638 <b>Facility Address</b> 654 Side St Anytown, WI 45454		<b>Name</b> Ulla Unlicensed <b>Applicant/Loc Number</b> 1800078118 / 001 <b>Facility Name</b>	
There is no current license or certificate for this location.

Licensed Applications For This Location 001			
Application Sequence #	Application Begin Date	Application Status	Option
001	10/26/12	Unregulated	<input type="button" value="Initial"/>

If the unlicensed provider submits an application for licensing, the Initial button can be clicked to start a licensed application (see screen print above). In the scenario below, an unlicensed complaint was received on 6/1/12. On 10/26/12, a license application was started in WISCCRS. The 'Licensed Applications for this Location' now displays the 'unregulated' record but also has a license application pending.

<a href="#">002</a>	10/26/12	Application Pending		
<a href="#">001</a>	06/01/12	Unregulated		

The system automatically issues a facility number to an unregulated provider location. This enables the provider to be assigned to the licensing specialist. See [Facility/Location Assignment](#) User Guide for more details on the assignment functionality.

### Entering an Unlicensed Complaint Record

After the unregulated provider record has been established, the complaint intake and investigation details can be entered by clicking on the Complaint/Incident link in the left-side navigation menu. Choose Unregulated as the Complaint Type. The process is identical to the licensing/certification complaint data entry. See [Complaints/Incidents](#) User Guide for further information on how to enter complaints into WISCCRS.

### Unlicensed Providers with Certification/Licensing History

When an unlicensed complaint is filed against a provider who has previous certification or licensing history, WISCCRS allows the region to enter the complaint, however, the system does not allow the

facility to be assigned to a licensing specialist. Also, if the provider’s address has changed since the provider was licensed or certified, the system does not allow the address to be changed.

In these cases, a new facility/location must be created. To start a new unregulated facility, click on the New Location link on the Locations page. See print below:

[New Location](#)

In the future, if additional complaints are received for this provider, use location 002 to record the complaints. If the provider’s address would change in the future, the system allows the regional staff to change the address for an unregulated location. The system keeps the history of the address changes.

***Previous Unlicensed Complaint History – Licensing Application Received***

When a provider with previous unlicensed complaint record applies for a license, continue with the unlicensed facility/location. **This only applies to family and group applications. If the new application is for a camp, create a new facility record.**
