Background

The Child Care Provider Portal (CCPP or Provider Portal) replaces the CCPI system which was retired on January 15, 2020.

The Portal enables child care programs to:
- Submit background checks on individuals affiliated with the child care program
- View background check eligibility status and notices
- View Wisconsin Shares authorizations and payment details
- Update child care prices (required for licensed centers participating in the Wisconsin Shares program) for the center
- Send a request to end a Wisconsin Shares authorization for a child who is no longer attending or has never attended the program
- Report days (or weeks) the child care program will be closed so a parent can request an authorization to an alternate provider during the closure
- View YoungStar quality rating information and documents
- View certain Licensing, Certification, and Wisconsin Registry details/documents
- Pay licensing and certification fees using the E-Payment module
- View certain information brought over from your local CCR&R agency
- Apply for COVID-19 Payments

Technical Information

The Child Care Provider Portal can be accessed using all common browsers (Internet Explorer, Google Chrome, Safari, etc.) and is mobile-friendly.

When entering new individuals into the Child Care Provider Portal, it is recommended that you use a desktop, laptop, or a tablet because of the amount of data entry needed for those pages.

To protect the information from unauthorized users, the Child Care Provider Portal is designed so that the user is automatically logged out after 30 minutes of inactivity.

Gaining Access to the CCPP

How to gain access to CCPP is explained on the Accessing the Child Care Provider Portal webpage.

Gaining Access to the Child Care Provider Portal (CCPP)

Please follow the instructions provided to obtain access to the Child Care Provider Portal (CCPP). Watch the training video that explains the functionality of the Provider Portal.

- Instructions for Child Care Providers and Center Staff
- Instructions for Tribal/County/State Staff
Confidentiality and Passwords

The child care subsidy authorization and background check information contained in the Child Care Portal is confidential and users must be aware of this when using the system.

- **Log out of the Portal and close the browser when you are not using it.** This will prevent unauthorized people from entering or viewing information in the Portal.
- **Do not share your user ID with anyone.** Each staff member who needs access to the Provider Portal must create his or her own account, request access and log in using his or her own credentials.

Troubleshooting User ID and Password

If you enter an incorrect user ID and/or password, the login page shows an error message stating that the “or password” entered was incorrect. Note that your password is case sensitive and must be entered exactly as you entered it when you created your account.

You can take the following steps, when you are unable to log in to CCPP because of a wrong or forgotten user ID and/or password:

- If you have entered an incorrect user ID and/or password, a warning message will display alerting you that the user ID or password entered were incorrect. Remember that passwords are case sensitive and must be entered exactly as you entered them when you created your account.

- If you have forgotten your password but remember your user ID and the answer to your password reminder question, you will have to change your Password. To do this:
  1. Log on to the [DWD / Wisconsin Login Account Management screen](#).
  2. Under the Username/Password Recovery section, choose “What should I do if I forget my password or username?”
  3. On the following screen, choose either “Logon Recovery” or “Recover using your email address or phone number” function.
  4. Go to your email inbox to access the email. Follow the instructions.

- If you are not able to access the system after taking the steps above, please contact the [DCF Service Desk](#) at 608-264-6323.

Changing Your Password

To change your password, follow these steps:

1. Log in to the [DWD / Wisconsin Login Management System page](#)
2. Under *Profile Management* heading, click on “How do I change my password?”. Follow the instructions.

Changing Account Information (change of name, email address, etc.)

If you would like to update or view any of your account information, follow these steps:

1. Log in to [DWD / Wisconsin Login Management System page](#)
2. Under *Profile Management* header, click on the “How do I change my email or phone number?” link.
3. Enter your current Login ID and password.
4. Then choose the link of your choice.
Adding a New Facility/Location to an Existing CCPP User ID:
See Provider Portal Security Module user guide for further information at the Child Care Provider Portal Information webpage.

Ending Access to the Portal
See Provider Portal Security Module user guide for further information on the Accessing the Child Care Provider Portal (CCPP) webpage.
Training

A training video explaining the Child Care Provider Portal is available on the Child Care Provider Portal Information webpage, under the Training and Resources section.
Login

After you have received an e-mail from DCF Security informing you that your security has been granted, access the Child Care Provider Portal login screen.

On the Login screen, enter the user ID and password you created. Then click the Login button.

Home Screen

After you log in, the default home screen displays if you only have access to one facility/location. If you have access to multiple sites, a list of facilities displays:

If you have access to one facility/location or if you choose one of the facilities on your facility list (users with access to multiple child care locations/sites), you will be taken to the Home page. The top portion of this screen includes basic information about the facility/location such as address, contact (usually the Director for group centers) and phone number.
Facility Home page

The facility home page has multiple buttons (explained below).

1. **Sandwich menu**: A new menu has been added on the top right corner. This menu allows you to quickly access any page within the facility/location. The menu is available on all pages within the Child Care Provider Portal.

2. **Financial**: This button takes you to financial related pages, such as Wisconsin Shares authorizations to your program, payments, and YoungStar Adjustments (if applicable) and Regulatory Fee Payments. Here you can pay regulation related fees such as background check and licensing fees.

3. **Facility Details**: This button takes you to screens that pertain to your facility such as YoungStar and Wisconsin Registry Details.

4. **Communications**: This button takes you to various documents such as authorization notices and subsidy and licensing/certification documents. You can also access the Contacts page using this button.

5. **Manage Facility**: This button takes you to the Regulations (licensing, certification, and public school) screen, Closure Schedules, and Prices pages. This page also has the link to the Mailing Options where you can request certain notices be generated electronically instead of paper format.

6. **Individuals**: This button takes you to the list of individuals associated with your program.

7. **COVID-19 Payments**: This button takes you to the COVID-19 applications and payment pages. Information about these payments can be found on the DCF COVID-19 webpage.
Functionalities Common to Multiple Screens

Below is a list of screen functionality that appears on multiple screens in the Child Care Provider Portal:

...More: Select this link to view additional information on the screen.

...Less: This link is displayed on screens that have been expanded. Select the link to collapse the information.

Download to Excel/CSV icon: Screens with multiple records have an option to download the information into Excel (CSV).

History: You can search historical information on almost every screen in the Child Care Provider Portal. Select “...More” to access the history screen.
Additional details/edit icon: If there is more detail for the record, select the “arrow” to view details.

Sorting icon: If the screen has multiple records, the information can be filtered by selecting the “funnel” icon on the header.

“I” Informational Icons: Some fields have an “I” icon next to the field. By clicking this icon, additional text displays that explains the field in more detail.

Screens with multiple screens: If the screen has more than 15 rows, the screen is divided into multiple sections. Use the bar on the bottom of the screen to move to other sections.

Users with Access to Multiple Sites

If you have access to multiple sites/provider locations, the Child Care Provider Portal allows you to ‘jump’ from a page in one location to the same page under another location. Example below:

Randy wants to download payment information for multiple locations under his user ID.

In the screenshot below, Randy is accessing payment details for location 001. He wants to download payment information for the additional locations that he has access to.
By selecting the *Other Facilities* button, he can access other facilities/locations he has access to.

By selecting Nordic Wonderland, he is taken directly to the *Payment Details* page for that site.

This functionality works on all CCPP pages.

**My Facilities**

Select the *My Facilities* link to access regulatory, authorization and payment information for your facility.

If you have access to multiple facilities, you will be taken to a screen that lists all facilities that you have been given access to. If you only have one facility, you will be taken directly to the *Facility Details* screen.

In the example, Randy has access to multiple sites. He has to select the facility he wants to proceed to.
Financial

The Financial screen shows buttons that link to all pertinent information about financial topics for the location.

The screens are explained in the sections below.

Authorizations

The Authorizations screen displays all Wisconsin Shares authorizations that span current date and into the future.

The list of authorized children can be exported into Excel/CSV.

The screen displays the child’s name, date of birth, authorization period and the date when the authorization was last updated. The columns can be sorted by clicking on the header.

If an authorization is created that has an end date in the past, you can only view that authorization on the Authorization History screen.
On the desktop computer view, you can filter children by using the filter functionality on the header. If you have multiple screens of authorizations, you can quickly find a child’s authorization by using the filter and enter the child’s name.

Authorization Termination Request

If a child no longer attends your center, never attended, or will no longer attend in the future, you can send a request to the subsidy agency to have the authorization ended. Do not request to end an authorization on the date it is already ending. **Note that if you request the authorization to be terminated in the current month, the system will end it as of last day of the current month.**

To submit a request to end an authorization, select the *Modify* icon next to the authorization.

On the *Authorization Termination* screen, select the ‘No’ radio button for the child(ren) whose authorizations should be ended. Note that you can also do this for future authorizations (when the authorization start date is in the future).

When the No is selected, the following options appear:
Choose the reason that most closely reflects the reason for termination. After the reason is chosen, Last day of Attendance appears. Enter the last date the child attended or will be attending.

Select Save to send the request to the subsidy agency.

The Authorization screen shows an asterisk next to the child whose authorization has a termination request.

The subsidy agency will review the request and reach out to the parent. Once the request is verified and processed, the authorization screen will show the modified authorization and the asterisk will no longer appear next to the child’s name.

Note that authorization termination requests with an end date in the past or within the current month cannot be ended earlier than the last day of the current month. **Example:** A child has an authorization spanning January 31, 2021. On August 26, 2020, the parent notifies the provider that the child will not be attending after August 28, 2020. The provider submits an authorization termination request with an August 28, 2020 end date. After the worker processes the request, the authorization will end on August 31, 2020 (last day of the month).

**Reversing an Authorization Termination Request**

If you make a mistake on the Authorization Termination Request, you can withdraw it if the local agency has not processed the request and ended the authorization. To withdraw the request, simply access the screen above and switch the radio button back to Yes and save the changes.
Payments

This screen shows payments transferred by parents who have a MyWIChildCare EBT card and whose children are enrolled in your program. The screen shows payments for the current month by transaction date. The transaction date on this screen indicates the date the parent authorized the transaction. It takes a couple of business days for the funds to appear in your bank account.

Select the arrow icon to view the list of children included in the transaction. Click "...More" to view transactions for previous months.

The Payments Details screen lists children included in the transaction.

Payment Summary by Quarter

This screen shows monthly, quarterly, and annual transactions for the provider location/facility. The screen does not include transactions that are done today. Those are in the following day.

To access the Payment Summary by Quarter screen, select "...More" from the Payments screen and then Payment Summary by Quarter button. The following screen displays:
On top of the page, you can choose the payment year.

The arrows on the left side of the table allow you to expand the quarter to display monthly payment information for the quarter. The screen has the following columns:

- **Card Payments**: These are payments authorized by the parent.
- **YoungStar Adjustments**: These are the monthly YoungStar amounts issued to 4 and 5 Star providers. These amounts are transferred directly to the provider’s bank account.
- **Other Payments**: These are usually transactions resulting from Voluntary Repayment Agreement. Note that the COVID-19 Payments are also posted on this column.

### Monthly Details

The screen below shows the third quarter of 2017 expanded.

![Quarterly Payments Summary](image)

To view details on the monthly amounts for the above columns, access the following buttons from the **Facility Details** screen:

- **Card Payments (for a month)**: Select the **Payments** button, then **Payments History** and choose the month of your choice.
- **YoungStar Payments (for a month)**: Select the **Adjustments (YoungStar)** button, then “…More”, and finally **Adjustments (YoungStar) Transfer History**. Choose the month you want to see the details for.
- **Other Payments (for a month)**: Select the **Adjustments (YoungStar)** button, then “…More”, and finally **Adjustments (YoungStar) Transfer History**. Choose the month you want to see the details for.

### Adjustments (YoungStar)

This screen shows the following adjustments:

- a) **YoungStar**: Monthly adjustments issued to 4 and 5 Star providers. **Temporarily removed starting January 2022**.
- b) **Other**: Transactions debited from provider’s account after a Voluntary Repayment Agreement was received. **Child Care Counts awards are also posted in this section.**
**YoungStar Adjustments – Temporarily removed**

Starting January 2022, the YS adjustment has been removed from the Wisconsin Shares authorization calculation. Instead, a quality adjustment has been added to the COVID-19 Payments, Funding Workforce Recruitment and Retention award for 2-5 star providers. See the [child care payments webpage](#) for further information. Additional information can be found on the [YoungStar Quality Adjustment Information webpage](#).

The quality incentive amount for the COVID-payments is posted in the award letter found under the **Document** section of the Portal.

The YoungStar Adjustments are calculated the last business day of the month and deposited directly in your bank account during the first week of the month. The end-of-the-month calculation includes adjustments for any retro authorizations spanning the current or past month(s) and adjustments for the following month.

The monthly YoungStar amount can also have negative amounts if a parent’s benefits have been cancelled and YoungStar adjustments associated with the cancellation are pulled back. The negative amounts are deducted up to 25% of the monthly deposit amount.

The screen has two sections:
Transaction: This section includes both retroactive and future adjustments paid at a certain date. In some rare scenarios, there can be negative amounts if YoungStar Adjustments were recouped. The screen also displays the total amount. Select the Details (arrow) icon right next to the amount to view details on the children who are included in the total.

The following screen lists details on the children included in the payment total. In the example below, the payment was issued the last day in November. The payment included were mostly for December authorizations, but also some retro authorizations that were backdated to September and October 2017.

![Transaction Screen]

Calculation: This section includes payments issued for a specific month. The screenshot below shows YoungStar adjustments for October authorizations. The transaction date can be another month.

![Calculation Screen]

Funds Debited from Provider’s Bank Account with Voluntary Repayment Agreement (VRA)

If an authorization has been issued to an incorrect provider and the parent transferred the funds to the provider’s account, the incorrectly paid amounts are debited from the provider’s account after a VRA has been received. These debits are shown on the Adjustment (YoungStar) Transfer History – Other Adjustments screen. To view these transactions, take the following steps:
1. On the Adjustments (YoungStar) screen, under the Transaction section, select “...More”.

2. Choose the Adjustment (YoungStar) Transfer History.

3. On the following screen, choose the month when the transaction was completed and then access the details.

4. The details show the names of the children, month and amounts that the debit was done for.

My Child Care Prices

Licensed providers and programs operated by a Public School Board must report their private pay prices to the local subsidy agency. These prices are used to calculate the Wisconsin Shares Child Care Subsidy for the children the center serves.
The subsidy system uses part-time and full-time weekly prices. If you charge using another payment mode (hourly, daily, or monthly), you can still report these prices by uploading your price sheet into the Portal. Once the subsidy agency receives the price sheet, the agency will convert your reported prices into weekly full-time and part-time prices.

Below are steps for providers on how to enter the prices.

**New Providers Who Have Never Reported Prices to the Subsidy Agency**

Because no prices are in the subsidy system, the My Child Care Prices screen is blank. Complete the steps below to enter prices:

1. Select “...More” on the bottom of the screen.

2. Then select *Update Price*.

3. To use the calendar to enter the date, choose the calendar icon on the right.

4. To enter the date, tap on the Effective From field. Then choose the *Create Request* button.

5. After selecting the effective date, select *Create Request* button.
Select the Add New Price button to proceed.

Choose Price Type on the top of this screen:

- **Full-Time Weekly** reflects price for 21 hours or more of care per week.
- **Part-Time Weekly** reflects price for 20 hours or less of care per week.

The prices are entered by age groups. The screen shows a full-time weekly price for children between newborn and the first birthday.

If your program serves infants under age three months, always enter 0 Years and 0 Months in the From Age field.

The prices are entered as follows:

**From Age:** 0 years and 0 Month

**To Age:** 0 Years through 11 Months

This price is in effect until the child turns one year old.

**Effective From Date:** This date is carried over to all price entries from the very first screen. The date can be modified if necessary.

**Price:** Enter the weekly full-time price for the age group. Note that hourly prices should not be entered. Select Modify when the screen is complete.

After the price for the age group has been saved, you are taken back to the Update Prices screen.
To add prices to other age groups, select **Add New Price** button. If you need to make changes or delete the previously entered price, select the **Modify** icon next to the price.

**Example:**

Below is a sample of all prices for a licensed child care center. The center has daily and weekly prices. The weekly full-time prices that need to be reported to the subsidy agency are marked with a red border, and the weekly part-time prices are marked with a blue border.

If the center has multiple prices for the same age group, enter the higher rate because the system will not accept two prices for the same age group. For example, here the center has a 2.5 – 5 years old group and a Pre-K, 4 – 5 years old group. Enter the 2.5 – 5 prices for the 2 years 5 months – 3 years 11 months group, and then enter the Pre-K prices for the 4 years 0 months – 4 years 11 months group.

When the full- and part-time weekly prices from the sheet are all entered in the Portal by age group, they would look as follows:

Uploading Price Sheets

After you have updated your prices, you can also upload the price sheets into the Child Care Provider Portal so the subsidy worker can verify the entry. To upload the sheet, tap on the *Take Picture* button on the *Update Prices* screen.

Note: If you are using a desktop computer, the button is called *Upload Document*.

Tap on *Take Picture* if you have not yet taken a picture of your price sheet. If a previously taken photo is in your device, choose *Photo Library*. Note that the buttons might be called something different depending on the mobile device being used.

If you chose *Take Photo*, your camera will activate. Take the picture and then select *Use Photo*.

Once the photo (or document if using a desktop) has been attached, you can enter comments. You can also delete the photo/document by selecting the “X” on the right. Click *Save Document* to upload the picture.

After you saved the photo and the comment, you are taken back to *Update Price* screen. The photo (or document if desktop is used) is displayed on the bottom of the screen. Click *View* if you want to view the uploaded document. If your price sheet has multiple pages, you can upload additional documents.

After the price sheet has been uploaded, select *Review Changes* on the bottom of the screen.

Review Changes

Review the changes for accuracy and when done, select *Submit Request* to send the data to the subsidy agency.
The newly submitted prices are displayed under the *Reported Prices* section on the *My Child Care Prices* screen until the subsidy agency has processed them.

Until the agency processes the price update request, the prices are in pending status and are displayed under the *Reported Prices*.

**Providers with Current Prices in the Subsidy System**

The *My Child Care Prices* screen displays the prices you previously reported and that are currently in the subsidy system.

**Update Prices**

To report an update in your prices, select the “...More” link on the *My Child Care Prices* to access the Update Prices button.
On the following screen, select the *Calendar* icon or type the effective date of the new price.

Choose the effective date in the calendar. Note that programs that have current authorizations in place, can report prices with effective date as of the first day of the next month. Programs that do not have authorization, may report a past or current date as the effective date.

After selecting the effective date, you are taken to the *Update Prices* screen.

Select the arrow next to the price you wish to update. You will be taken to the *Modify Price* screen.

On this screen, the Price Type is defaulted to the one chosen on the previous screen. Update the price on the bottom of the screen.
Repeat the steps above if the part-time price needs to be updated.

After submitting the updates, the *Update Prices* screen displays. Now the screen has two sections:

- **Reported Prices**: These are the new prices you entered on the previous screen. These prices are not in effect until the subsidy agency processes them.
- **Prices**: These are the prices that are in effect until the reported prices are processed by the agency.

### Uploading Updated Price Sheets

After you have updated your prices, you can also upload the updated price sheets into the Child Care Provider Portal so the subsidy worker can verify the entry.

To upload the sheet, tap on the *Take Picture* button on the *Update Prices* screen. Note that if you are using a desktop computer, the button is called *Upload Document*.

Tap on *Take Picture*, if you have not yet taken a picture of your price sheet. If a previously taken photo is in your device, choose *Photo Library*. Note that there may be differences between mobile devices on what the buttons are called.

If you chose *Take Photo*, your camera will activate. Take the picture and then select *Use Photo*. 
Once the photo (or document if using a desktop) has been attached, you can enter comments. You can also delete the photo/document by selecting the X on the right.

Select **Save Document** button to upload the picture.

After you saved the photo and the comment, you are taken back to **Update Price** screen. The photo (or document if desktop is used) is displayed on the bottom of the screen. Click **View** if you want to view the uploaded document. If your price sheet has multiple pages, you can upload additional documents.

After the price sheet has been uploaded, select **Review Changes** button on the bottom of the screen. Once the price update is complete, select **Submit Request** to send the request to the subsidy agency.

Once the prices have been accepted by the subsidy agency, the **My Child Care Prices** shows the changes.
Updating Prices – Age Range Change

This section explains how to change price age ranges. Below is an example:

Currently the center has one price for all children from newborn to age 13 years.

The center wants to correct the price age ranges as follows:

- 6 weeks (one month) to 2 years of age: $220
- 2 years to 5 years of age: $190
- 5 years and older: $150

The easiest way to change the age ranges is to first delete the current prices and then re-enter them.

Below are the steps for the scenario above:

1. On the My Child Care Prices screen, scroll down to “...More” link to access the Update Prices button.
2. On the Update Reported Prices page, enter the Effective Date of the price change.
3. Select the Edit button to access the Modify Prices screen.
4. On the **Modify Price** screen, check the Delete checkbox.

![Modify Price Screen]

5. After you select Modify, the **Update Prices** screen shows a red asterisk next to the price that was deleted. Select Add New Price to proceed.

![Update Prices Screen]

6. To add the new prices and age ranges, proceed as explained earlier in this chapter.

![Reported Prices]

After you have completed all prices, select Review Changes on the **Update Prices** screen and finally Submit Request.
Manage Fees – e-Payments

Starting February 2020, providers can pay certain outstanding licensing/certification-related fees using this Portal.

There are two options for the e-payments:
1. **Electronic Funds Transfer from your checking or savings account.** There is no extra fee when choosing this option.
2. **Credit or debit card payment:** You will be charged an additional 2% convenience fee.

**Licensed Providers:**
The following fees can be paid using this Portal:
- Automated Background Check Fee (Annual Name-based Checks and Initial DOJ-Checks for minor employees)
- Forfeiture fees
- License fees (continuation)
- Other fees such as late fees, etc.

**Milwaukee Certified Providers:**
The following fees can be paid using this Portal:
- Certification fees (renewals)
- Automated Background Check Fees (Annual Name-based Checks)
- Other fees such as late fees, etc.

**Certified provider (excluding Milwaukee):**
The following fees can be paid using this Portal:
- Automated Background Check Fees (Annual Name-based Checks)

All other certification-related fees must be submitted to the certifying agency.

**Higher Education (Training) and Contracting Services Entities**
The following fees can be paid using this Portal:
- Automated Background Check Fees (Annual Name-based Checks)

**E-payment Steps:**
The E-Payment system works in conjunction with U.S. Bank, a vendor of the State of Wisconsin for E-Payment solutions. The Provider Portal gives you the ability to see amounts in the licensing/certification database that are due and to choose which ones and how much to pay. After you identify the fees that you want to submit a payment for, you are taken to the U.S. Bank site that allows you to enter payment information to initiate the payment process.

The payments submitted **before 8 p.m.** are posted the following day. Payment submitted **after 8 p.m.** will show in the Provider Portal the second day after submittal.

The payment process is explained below.
Step 1: Access the Manage Fee page in the Portal (you can access this page from any page using the Sandwich menu on the right).

Step 2: The Manage Fees page has two buttons:
- Regulatory Fees Due (all unpaid fees in the licensing database)
- Regulatory Fees Paid (payments collected within last three years)

Choose the Regulatory Fees Due button.

Step 3: Regulatory Fees Due page lists all unpaid fees for your program. Make sure you have your credit/debit or bank account information available to avoid a risk for the pages timing out.
This page gives you two options:

- **Pay Total Due**: This link takes you to the U.S. Bank portal to complete the payment for the entire amount due. Note that choosing this button will start the payment process. *If you do not complete the payment process today (during one session), you cannot make another payment until the following day.* Go to Step 5 to proceed.

- **Pay Other Amount**: If you are paying a partial fee, this link takes you to a page where you can specify the payment amount. Note that choosing this button will start the payment process. *If you do not complete the payment process today (during one session), you cannot make another payment until the following day.* Go to Step 4 to proceed.

**Step 4:** On the *Regulatory Fee – Pay Other Amount* page, you can delete fees that you do not want to submit a payment for. Note that this does not delete the actual fee in the licensing database, but only adjusts the balance for the e-payment. In the example below, the provider will submit a payment for the forfeiture. She chooses the Delete links for the two first amounts.

After deleting the two fees above, the payment amount is adjusted to only cover the forfeiture.

After the payment amount is chosen, choose the *Pay Selected Amount* button.
Step 5: After choosing either the total amount or the partial amount, you will be taken to the U.S. Bank portal where the actual payment is made.

Choose the ‘Register’ link if you want to create an account to be used with future payments and show payment history. If you create an account, your payment methods (credit/debit card or bank account information) can be stored for future payments.

If you want to pay without creating a user account or if you can’t remember your user ID, choose the Pay Without Registering link to bypass log in.

Step 6: Enter your contact information on the Make a Payment screen. Note: Security measure—only on e-payment attempt can be made per day. If the payment times out or is incomplete you must wait until the next business day to try again.

On the bottom of the above screen, choose the payment method.
The following screens differ based on the method you chose.

a. If you chose Checking or Savings, you can enter your bank account’s Routing and Account numbers.

b. If Credit/Debit card is chosen, you can enter the card number and other details. Note that there is a 2% fee charged for these payments.

Once the above screen is complete, choose “Continue.”

**Step 7:** Carefully review the payment information and then chose “Confirm.”
Step 8: The Confirmation page displays the Confirmation Number and all details on the payment.

As soon as the payment has been authorized, an email is sent to the email address you entered when completing the payments. The email includes details on the payment such as the payment amount, any convenience fees (if debit/credit card used), etc. See screenshot below.
Step 9: The Payment Due page in the Provider Portal shows that the payment is pending. **You cannot submit another payment until the following day.** The payment will also be shown on the Regulatory Fees Paid page the following day once the transaction has been successfully completed.

Continuation Fees – Licensed Centers

The system now generates the licensing fee when the continuation application materials are generated. The fee can be paid at any time once it is available at the Provider Portal. However, you must return the application to your regional licensing office to start the continuation application process.

Regulatory Fees Paid

This page shows any payments made during the last three years for your program.

The e-payments are displayed on this page one day after you have authorized the payment. The fee includes the confirmation number associated with the payment.
To view detail on a specific payment, choose the *Details* link.

**Regulatory Fee Payment Details**

This page show details on the payment submitted such as date, type of e-payment and amount. In addition, the page shows regulatory fees the payment covered.

**Payment Failures**

If the credit/debit card information entered in the U.S. Bank portal is incorrect or invalid, the payment authorization is immediately refused by the U.S. Bank system. Electronic Funds Transfer failures from a checking/savings account usually take about two days to post.

The process is explained below:

**Day 1:** (payment authorized before 8 p.m.): Payment authorized using checking/savings account.

**Day 2:** The payment is posted on the *Regulatory Fees Paid* page as collected.

**Day 3:** Payment failure information is received from the U.S. Bank. The collection listed on Day 2 is reversed and the *Regulatory Fees Paid* page deletes the amount posted. The fee is reposted on the *Payments Due* page and unpaid.

**Refunds – Payment made in Excess**

In some rare scenarios, the provider may accidentally submit a payment that exceeds the balance due creating a positive balance. This amount shows on the *Regulatory Fee Payment Details* page as a positive amount. The licensing region will decide if the refund can be applied to a future fee or issue a check for the refund.
Facility Details

This screen includes buttons for details for the facility/location.

YoungStar Details

The *YoungStar Details* screen shows the YoungStar details for your program such as the participation status, future anniversary date and current Star level.

If your program is accredited, the name of the Accreditation agency is displayed. The *Effective Period* field displays the begin date of the current accreditation period. If the accreditation is time limited, the end date is also displayed. The link to YoungStar history for the provider location is available by choosing “…More.”

Wisconsin Registry Details

If your center has training information in the Child Care Registry that applies to your YoungStar rating, those details are also available in the Child Care Provider Portal. Also, your Wisconsin Registry Level is displayed.

This screen shows information for a group center with multiple classrooms. The top section shows information on the director. To view more details on training and credentials on the director, select “…More.”
Copy Staff Member from the Registry to the Individuals Module

If the director or staff member with a Wisconsin Registry profile has not been added to the Individuals module, the staff member can be copied to the module. Choose “...More” to view complete details on the person.

If the Copy to Individuals button appears on the bottom of the page, choose this button to pull the person into the Individuals module so a background check can be conducted on the person. Enter additional details such as the individual’s home address, employment/residency details, etc. This screen is explained in the Individuals section below.

Note that if the person has been added into the Individuals module already, this button will not be available.

Wisconsin Registry Classroom Details

This screen displays Wisconsin Registry details for the classrooms in your center. The screen has the age range, number of children enrolled and number of hours the room is open.

The lower section shows staff information such as the name, position, the date the staff person started working in the classroom, number of hours the staff person works in the classroom, Registry Level, credentials, and training information. Choose “...More” to copy the staff member into the Individuals module for background check purposes.
Individuals

On October 1, 2018, the department started conducting background checks on prospective/new employees and new certified providers. This new Individuals module has been added to the portal to allow child care providers to enter current and prospective employees and household members for background check purposes.

When the Individuals button is chosen either from the Home or Facility Details page, the page shows all individuals who have already been entered into the licensing/certification database WISCCRS. For all regulated facilities, the Applicant/Licensee and any household members display.

A few things to mention on this page:

1. If there is a question mark icon next to the individual, please review the Modify Individual Details, Alias and Background Check Request pages to make sure they are complete. The Fingerprint Code is not triggered for these individuals until the record is complete.

2. If there is a red exclamation icon next to the individual, the individual is in Prospective status. Once the person has been hired or has started to reside at the center, make sure to change the status to Current. If the person was not hired or is not residing, change the status to Not Hired/Did not Reside and enter the corresponding date.

3. If your center has staff who have a Wisconsin Registry profile, those individuals can be copied from the Wisconsin Registry into the Individuals module so the background checks can be conducted. Click on the arrow in the section header to expand the list.

4. The Classroom column that listed the classroom the individual was associated with was eliminated as of September 27, 2019, to speed up downloading the list of individuals attached to a center.
5. The Classroom column has been replaced by Background Check Status for the individual. To view details on the Background Check, proceed to the individual’s Background Check screen. The statuses are explained in the Background Check section later in this user guide.

6. Once the list is expanded, choose the person from the list to be copied over to the Individuals. The “I” icon has instructions on how to copy the individual’s record.

**NOTE:** If an individual works at one center and moves to a different center (for a provider that owns multiple centers), the provider must inactivate the individual at the first center and enter them into the new center profile. Because the individual already exists in Child Care Provider Portal, the provider will not need to completely reenter the individual but can search for their record and add them.

**Finding Individuals/Employees on the Individual Screen**

The *Individual List* page has been enhanced to help center staff find individuals/employees quicker when the list has multiple pages. To search for an individual at your center, click/tap the arrow in the name column header.
To search for an individual whose first name is Tammy, first choose ‘Contains’ in the upper drop-down menu. Then type ‘Tammy’ in the second field. The choose Filter.

Tammy Toss’ record will display. If the center has multiple individuals with a first name of Tammy, all individuals are listed on the search results.

Add an Individual

Choose “…More” on the above screen so the Add Individual button displays.

Complete the basic demographics on the individual. Make sure the Social Security Number (SSN) is correctly entered because it cannot be modified later. If a person does not have a valid SSN, do not try to submit the record using a fake SSN such as 111-11-111, etc. Fax or email a request to the Child Care Background Unit to have these individuals added.
Choose Next to proceed. On the following page under the Individual Section, enter the **home/mailing** address of the staff member. The background check decision letters are mailed to the staff member using his or her home address. The facility will also receive an eligibility notice.

The fields on this section are explained below.

2. If the individual’s role in any of the facilities is Applicant/Licensee, that location will be invoiced (even if the individual has had a non-licensee role at another site longer).

If the fee should be applied to another site that does not follow the above rules, contact the CBU to have the fee changed to another site.

Has this individual used other Names or Aliases in the Past?
Check Yes if the person has used other first/last names in the past. You will be taken to the Alias screen.

Comments
Enter any comments that might be useful when conducting a background check review.

After the page is saved, you are taken to the Background Check Request (BCR) page.

**Alias Names**

If you checked Yes on the New Individual or Modify Individual screen, you are taken to the Add Individual Alias screen. If the individual has other known names, enter these on the Alias Names section. The alias information is important for accuracy of background check results.

Enter the name(s) used in the past. Below is an example of a hyphenated name and how it should be entered into the Portal to get best possible match and accurate background check results. The current name of the individual is Mary Mattson-Smith. This name should be entered as follows:
If the person has had multiple Alias names, add a new record for each name by choosing *Add Another Individual Alias* button. Once all aliases have been entered, choose *Next*.

When adding a new individual, the question mark icon continues to display next to the person’s name until all details are complete, including the *Background Check Request* page.

**Background Check Request (BCR) Form**

The Background Check Request (BCR) form replaces the Background Information Disclosure (BID) form. The information (either by filling out the form or entering it into CCPP) is mandatory for individuals aged 10 years or older. The request form is utilized when requesting a fingerprint background check for licensure, certification, employment, or non-client residency at a child care center. DCF CBU staff uses this information to help determine what kinds of background checks are needed. **Example:** If the person indicates that he or she has been discharged from the military, the CBU may require the person to submit the discharge papers.

**Attention:**

1. Make sure that the form has answers to every question and that the form is signed. If the form is incomplete, the Fingerprint Instruction Letter is not mailed until the details are completed.

2. When entering information for a person who has an incomplete record (including new individuals), each page on this screen shows the question mark icon. Keep entering the details and once everything is competed, you will see a confirmation page.
Individuals that are exempt from the background check law (governmental agencies and foster children), do not need to complete this form.

The Background Check Request Form is required for the initial entry of an individual added to the Provider Portal and any future requests for fingerprint background checks. This occurs when there is a new employee to a group child care setting, a new household member for a family child care setting age 10 years or older, or for existing providers going through the new background check process.

If you are completing the form for yourself, click Self in the “Form completed by” field. If you are entering the information for another person using a paper BCR form or an interview, click Proxy. The signature date is defaulted to today’s date. Type the name of the person who is entering the information in the system.

After the Background Check Request Form is completed, the system initiates the background check process.

Note: If a person had an initial or five-year fingerprint check through DCF and the person has not been unassociated from a child care facility for more than 180 days, a new BCR is not required. Example: Mary has been working for Facility A. Her initial FBI was done by DCF on January 1, 2019. She resigns her employment from Facility A on March 31, 2019. On June 1, 2019, she accepts a position at Facility B. When Facility B adds Mary as an employee to their child care program in the portal, no BCR is needed because there is only a one-month gap between Mary’s employment. The background checks previously conducted while under Facility A can be viewed on the Background Checks Results page for Facility B.

After the individual details have been added, the system automatically takes you to the BCR form. The screens are explained below.

Carefully read and select a Yes or No answer for each question. Make sure you provide an answer to every question. If the form is incomplete, the background check request is not submitted.

If Yes is chosen, additional fields are displayed where more details can be added. Also, documents can be uploaded.
When uploading a document using a desk or laptop, scan the document into a folder of your choice. Then click the Upload Document link and navigate to the folder the document was saved in. Choose the document and click Open.

When the document is successfully uploaded, it will display on the bottom of the screen. It can be deleted if the wrong document is accidentally uploaded.

When using a mobile device, the camera can be used to take a picture of a document that can be uploaded.

Click Next to proceed to the next question.

If the person has lived outside Wisconsin within last five years or is currently residing outside Wisconsin, click Yes and then the Add button to add details.
Then choose the state from the menu. Once the state is identified, a list of counties displays in the County column. Add the date the person started residing in the state and the end date. If the individual currently lives outside Wisconsin, leave the End Date blank.

<table>
<thead>
<tr>
<th>State</th>
<th>County</th>
<th>Begin Date</th>
<th>End Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Illinois</td>
<td>Alexander</td>
<td>1/1/2014</td>
<td>9/15/2015</td>
</tr>
</tbody>
</table>

Then continue with the rest of the questions. The last page requires a signature.

If you are completing the form for yourself, click Self in the “Form completed by” field. If you are entering the information for another person using a paper BCR form or an interview, click on Proxy. The signature date is defaulted to today’s date. Type the name of the person who is completing the screen.

Once the form has been successfully submitted, a confirmation page will display.
Note that once the background check has been started or is complete, the BCR details are no longer viewable in the Provider Portal for confidentiality reasons. However, changes can be made by submitting a new BCR form by choosing the *Modify Background Check Form* link.

**Confirmation of Individual Information**

Once the Individual Details, Alias (if applicable) and the Background Check Request form have been entered, you will get a confirmation that the information is complete.

**Generating the Fingerprint Code**

The Provider Portal has been enhanced to allow the provider to generate the fingerprint code for an individual associated with the center. After entering a new individual, select Generate/View Fingerprint Code button to generate the code.
The Fingerprint Code page shows the unique code that the individual must use when scheduling the Fieldprint appointment.

This page is also printable. To avoid delays in background checks or lost fingerprints, each individual needs their own unique reference code that starts with the first 2 letters of their last name. Do not reuse codes.

**Scenarios when a Fingerprint Code is NOT generated**

There are a few scenarios when the system does not generate the fingerprint code:

1. **Discrepancy:** If the individual entered into CCPP closely matches an individual in the DCF child care regulatory system, the record must be cleared by the CBU staff before the code can be generated.

2. **Individual Details Missing:** If all mandatory fields on the Individual Details page have not been completed, no code can be generated.

3. **Background Check Request (BCR) form missing/incomplete:** If the Background Check Request form has not been completed for an individual or if there is missing information, the system will not generate the code.

4. **The individual already has a complete background check done and is not due for a new fingerprint at this time.**

5. **Minors:** A fingerprint background check is not required for individuals under the age of 18.

6. **The individual already has a code that was created by their details being entered into iChildCare or by CBU staff. You can see the code by selecting the Fingerprint Code button on the Individual Details page.**
There are some rare scenarios where the Fingerprint Code is generated overnight because the individual was previously submitted to the licensing database with incomplete details (BCR or home address missing). Even though the new center completes all details for the individual, the system will not immediately generate the code. However, the overnight batch will do it. Call CBU 608-422-7400 if you have questions about generating codes or need a code triggered earlier for some reason.

Modify Individuals

It is important that the individual’s details are kept current. Below are examples of scenarios that require the individual details in CCPP to be updated:

1. Staff leaves the center (employment ended). Enter Employment/Residency End Date and change the status to Inactive. Note that inactivating an employee in Child Care Provider Portal does not automatically remove them from your Wisconsin Registry profile. You must access the Wisconsin Registry system to detach the employee from your Wisconsin Registry profile.
2. Staff changes from one role to another (promotion, etc.). Change the Role.
3. A resident moves out of the home. Enter Employment/Residency End Date and change the status to Inactive.
4. A prospective employee is not hired, or prospective resident will not reside at the program. Update Employment/Residency Status to Not Hired/Did Not Reside.
5. Prospective Employee is hired. Change the Employment/Residency Status to Current and enter Employment/Residency Begin date.
6. Prospective Resident starts residing at the center. Change Employment/Residency Status to Current and enter Employment/Residency Begin date.
7. Individual’s home/mailing address or email address changes.

A new pop-up alert has been programmed that alerts the provider if there are individuals at the facility/provider location whose status has been Prospective for more than 60 days.
If you get this message, select Continue and then modify the status of the individual to either ‘Current’, ‘Inactive’ or ‘Not Hired/Did Not Reside’.

To access the Modify Individuals page, choose the “…More” link on the Individual Details page.

The fields on the Modify Individuals page are identical to those under Add Individual.

Individuals Affiliated with the Program prior to October 1, 2018

Prior to October 1, 2018, both the department and certification agencies have conducted background checks on the Applicant/Licensee, Certified Operator, Household Members and Employees/Volunteers in regulated programs. In order to ensure compliance with new background check requirements, providers must review the individuals affiliated with their program and complete the following for each individual:

1. Review the Modify Individual page and complete any missing information. For these individuals, make sure that the Employment/Residency Begin Date reflects the actual date when the person started residing in the program or became the applicant/licensee. The date should be prior to October 1, 2018.
2. Complete the Background Check Request (BCR) forms for each person age 10 or older.
3. Generate the Fingerprint Code.

Inactivating an Individual

When a person is no longer affiliated with your program, access the Modify Individuals page, and enter the date the individual left the program in the Employment/Residency End Date field. Change the Status to Inactive.

Caution: Once the Employment/Residency End Date has been entered in the Portal, it cannot be modified. If an error is made, please contact the Child Care Background Check Unit.

Note that converted individual records (applicant/licensees, household members and certain employees in certified programs) who were added into the WISCCRS database prior to October 1, 2018, will have certain mandatory fields missing such as home address, language indicator, Employment/Residency Begin Date, etc. In order to enter the Employment/Residency End Date for these individuals, all mandatory fields must be completed before the page can be saved.

When inactivating staff that has a Wisconsin Registry profile, the individual must be removed from the center’s profile at the Wisconsin Registry portal. Inactivating the person in CCPP does not automatically inactivate the staff member in the Wisconsin Registry system.
Changing Roles for an Individual

If a background check is in pending status, the primary and secondary roles cannot be changed until the check is complete.

When the background check is complete, most roles can be changed, except Applicant/Licensee and Applicant/Licensee-Exempt (governmental agencies). If the Applicant/Licensee for a center has changed, contact the regulatory agency in your region/county/tribe.

When submitting changes to individual roles, a new review by the CBU may be necessary since the background check law has different criteria for applicant/licensee, caregivers, and non-caregivers.

The individuals associated with child care programs have four levels:

1. Applicant/Licensee
2. Caregiver
3. Non-caregivers
4. CBC Exempt: Individuals who are not required to have a background check done

Below is a list of roles and which type they fall under. Note that the roles under CBC Exempt are not included in the background check automation. No check is conducted on these individuals.

Role Change Scenarios when a Review of a Background Check is Needed

The caregiver law has different criteria for each level, so sometimes an additional review is needed if a person’s role is changed. Below are the levels.

- Applicant/Licensee
- Caregiver
- Non-caregivers

When a role change is submitted via the Child Care Provider Portal for an individual who has a non-expired background check, the system sends an alert to the CBU in the following scenarios:

1. The person’s role level is changed from lower to a higher level. **Example:** A Driver (Non-caregiver) is changed to a Substitute Teacher (Caregiver).
2. An individual was found ineligible on any level and the role is changed to any role. **Example:** An individual was denied eligibility to be a Substitute Teacher (caregiver). The person’s role is changed to Kitchen Staff (non-caregiver).

The CBU staff conducts a review of the background check result that is still current. Once done, the system retriggers the Final Decision letter.

If an individual is associated with multiple facilities with different caregiver levels, the Background Check screen in CCPP now shows the level pertaining to the facility.

**Example:** Hans was a household member (caregiver level) at Penny’s Third Location facility.
Hans became the Applicant/Licensee for Happy Day facility. After the Child Care Background Unit reviewed the role change, they approved Hans as the licensee. His Background Check Level at this facility displays Applicant/Licensee.

**Background Checks – COVID-19**

During the COVID-19 state of emergency, the fingerprint requirement was *temporarily* waived. The Department of Children and Families (DCF) conducted a name-based background check, at no charge to providers, during this emergency period.

**Effective March 15, 2021**, the department stopped conducting initial name-based background checks on adults associated with regulated programs. Individuals must submit a fingerprint check to become eligible to work/reside/operate a regulated program.

If an individual associated with a regulated facility had an initial DOJ name-based check during the health emergency, a fingerprint check should be completed as soon as possible.

The COVID-19 language has been removed from the Fingerprint Instructional and eligibility letters.

**On March 26, 2021**, DCF resent the Fingerprint Instructional letter to those who received an initial DOJ name-based check and have not completed the initial fingerprint check.

**On June 1, 2021**, individuals who had the Initial DOJ name-based checks done, but have not completed the finger-print check, had their eligibility changed to ‘expired.’ These individuals will not be eligible for any of the COVID-19 Payments until a Fingerprint checks is conducted.
Fingerprint Checks

The background check information displays the status of the check as soon as the fingerprints have been received from Fieldprint into the DCF WISCCRS database. To view the status and results of a background check, choose the individual from the Individual List by clicking the Details button.

Then choose the Background Check button.

The status and results can be viewed on the individual.

**Preliminary Decision Date**

The date the Preliminary Decision was made. This is auto-populated for individuals whose FBI/DOJ results came back as "No Record Found".

**Final Decision**

Options:

1. **Conversion**: When the Background Check Type is DOJ/FBI Prior to October 1, 2018, the Preliminary Decision displayed as conversion.
2. **Canceled**: Used if a person withdraws his or her background check request.
3. **Eligible**: The person is eligible for the role. The system sends an automated letter to the provider and the individual.
4. **Incomplete**: Used when the review could not be completed.
5. **Ineligible**: Used if the person is not eligible. The system triggers a notice to the provider location.
6. **Ineligible – Appealed**: If the person is found Ineligible, he or she has the right to appeal. When the appeal is received, the status is switched to Ineligible-Appealed.
7. **Pending**: The Final Decision has not been issued. Note that if a role is changed for an individual after a completed episode and the DCF CBU staff has started a review for the new role, the system changes the status back to Pending.
8. **Eligible with Stipulation**: Used when an individual is made eligible with stipulation. Stipulation must be met to maintain the eligibility. The individual receives a manual notice in these scenarios.
9. **Expired Eligibility**: If an individual had the Initial FBI or the 5-Year FBI conducted, but the individual was unaffiliated with a child care center more than 180 days, the eligibility expires. When the individual is pulled into a new center, a new FBI is required.

10. **On Hold**: The status of a background check can be put on hold because the CBU has not received all necessary information to conduct the background check. The common reasons for a hold are but not limited to pending charges, pending court case, pending out-of-state check, pending release form, etc.

### Eligibility Expiry Date
A date the background check expired is displayed for checks that have ‘Expired Eligibility’ status.

### FBI Check Due Date
The date the next FBI background check is due for this individual.

### Name Check Due Date
The date the next name-based background check is due for this individual.

**Expired Eligibility**

If an individual had the Initial FBI or the 5-Year FBI conducted, but the individual was unaffiliated with a child care center in CCPP for more than 180 days, the eligibility expires. When the individual is pulled into a new center, a new fingerprint FBI check is required. The system does not recognize backdated start dates in determining the 180 days. It uses the date the individual is added to CCPP, so if an individual is not added timely their background check may expire and require a new fingerprint.
**Background Check History**

To view past background checks on an individual, choose the “...More” link on the bottom of the Background Check page.

Then enter a date that you want to view the background check information for. The fingerprint FBI requirement was implemented in 2014 for programs caring for Wisconsin Shares subsidy children so using January 1, 2014, will bring potential FBI check(s) for the individual.

The *History* screen will display all checks done after the date entered in the *From* field.
The Details screen will show the date.

Note that there are no Preliminary and Final Decision letters for these individuals.

**Individuals Who Had Background Checks Completed by DCF in the Past**

Background check history for applicants/licensees, household members, and certified operators or employees/volunteers in certified programs who had automated FBI/DOJ background checks completed by DCF in the past will be brought into the Provider Portal. Only the latest check is displayed.

The Background Check Type is DOJ or FBI Prior to October 1, 2018. The Primary and Final Decisions are set at Conversion and the Decision Dates are blank because the old system did not have this information.
iChildCare

A new iChildCare Portal is available for individuals who are working/residing in a child care facility or who want to have a child care background check conducted for eligibility to work/reside in a child care facility.

An employee/resident can create an iChildCare account and once done, you can attach that individual into your center and assign the role and employment/residency dates for the employee in Child Care Provider Portal.

Visit the Wisconsin iChildCare Portal Information webpage for further information on the Portal.

iChildCare Access – Providers who have CCPP access

If a provider has already access to CCPP, the same user ID can be used in the new iChildCare.

Steps to access the new system:

1. Login to iChildcare using your CCPP user ID.
2. Enter details in the Add Personal Details page. If your record matches with an individual in the DCF child care system, you will be sent a PIN letter that will grant you access to the iChildCare. If there is no record that matches your demographics, you will be granted access immediately.

Note that if there has been other users who have used the CCPP user ID for your center in the past, make sure that you change the password on the DWD/Wisconsin Logon Management webpage so no one else can view your personal background check results.

iChildCare – Electronic Notices

Effective March 1, 2021, iChildCare users can opt out from receiving paper notices. The notices that can be received in electronic format only are:

1. Fingerprint Instruction Letter
2. Individual eligibility letters

Individual ineligibility letters will be mailed by USPS.
Higher Education (Training) and Contracting Services Entities

Agencies that place practicum students/contractors into child care programs can submit background check requests for individuals. The system has been modified so that these entities can submit the requests using the Provider Portal. The Individual and Background Check related sections explained in this user guide identify a similar workflow for these agencies to access individual information and request background checks. However, most of the other buttons in the Provider Portal have no information on these facilities. The Manage Facility page has the contact information for the entity. If changes are needed, please contact the DCF CBU staff.

Effective February 22, 2019, the system was modified to have the facility decision notices sent to these agencies instead of just sending them to the individual's home address. The Fingerprint Instruction Letters that were previously sent to the individual, will be sent to the facility only.
Manage Facility

This section has functionality pertaining to a facility/location.

The sections below explain functionality for the buttons above.

Regulations

The Provider Portal displays regulatory information for your site/facility.

The Regulation Details screen includes the following information:

- **Category**: This field shows the type of regulatory approval granted for your facility. **Types are**: Licensed Group, Licensed Family, Regular Certified, Provisionally Certified, Public School Program, etc.
- **Status**: Approved is the most common status for programs that are licensed or certified. If the program is temporarily closed, the status will reflect it. Some programs operated by a Public School Board might have Converted listed as the status until a new application is submitted to the licensing region.
- **Effective From**: This is the begin date of the current licensing/certification period.
- **Continuation Date**: This is the next continuation/renewal date of the current license/certificate.
Ages Served

This section displays the age range of children a licensed/certified program is approved to care for. In the example below, the program is approved to care for children from newborn to age 14 years.

<table>
<thead>
<tr>
<th>Age</th>
<th>Effective Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 Year(0) 0 Month(0)</td>
<td>02/09/16</td>
</tr>
<tr>
<td>13 Year(0) 11 Month(0)</td>
<td></td>
</tr>
</tbody>
</table>

The age is displayed as years and months and the upper age as “through” 13 years and 11 months (to the 14th birthday).

Hours of Operation

This section displays the days, times, and months the program is licensed/certified.

- **Effective From**: Usually this is the begin date of the current licensing/certification period.
- **Months Open**: For year-round programs, the months are usually January-December.
- **Hours Open**: Lists days of the week with open and closed times. Weekend hours are displayed in a separate row.
- **Day Capacity**: The number of children the program is approved to serve. For certified providers, this field displays the number of children under the age of 7 years that the provider may care for.
- **Night Capacity**: The number of children the program is approved to care for between 9 p.m. and 5 a.m. For certified providers, this field displays the group size.
Accreditation

If your program is accredited by one of the following agencies, the name of the agency and the effective period is displayed:

By selecting “…More,” you can access history for the information.

- Advanced, American Montessori Society Accreditation (AMS)
- City of Madison Accredited
- Council on Accreditation (COA)
- Head Start Performance Standards
- National Accreditation Commission (NAC)
- National Association for the Education of Young Children (NAEYC)
- National Early Childhood Program Accreditation (NECPA)
- National Association for Family Child Care (NAFCC)
- American Camp Association (ACA)
- AdvanceED

Although not considered an accreditation, Head Starts that qualify for an automated 5 Star rating in YoungStar will be displayed as “Head Start Performance Standards” in this area.

Closure Schedules - Facility Temporary Closure

Providers can now use the Provider Portal to report a temporary closure to the regulatory agency.

CCPP automatically notifies licensing/certification agency in the following scenarios:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

**Official vs. Reported Temporary Closure**

When the provider enters a temporary closure record in the Portal, the information is brought over to the licensing/certification system. If the closure is more than 14 days in length, the provider is required by licensing rules to report the closure to the licensing agency. When a notice of a 14-day closure is received by the licensing agency, the closure is marked ‘Official.’

**Facility Temporary Closure**

Child care providers may use this page to report temporary closures. Licensing, Certification and Wisconsin Shares Subsidy staff are notified of temporary closures entered on this page. Providers do not need to enter national holidays, single days of pre-planned closures, and days outside of the normal hours of operation listed on their license or certificate.

To access the *Closure Schedules* page, click on the link on the sandwich menu.
The *Facility Temporary Closure* page shows any closures for the current calendar year.

When More is selected, *Add Facility Closure and Facility Closure History* buttons will appear.

### Add Temporary Closure:

Choose the *Add Facility Closure* button to access the *Add Facility Temporary Closure* page.

---

On the *Add Facility Temporary Closure* page, enter the date the closure starts. If the closure end date is known, enter it. If the reopening date is not known, leave it blank. Choose a reason from the Primary Closure Reason drop down menu that closest describes the reason for the closure. Finally, in the Comments field enter more details on the closure.

---
Modify/Delete Closure Record

To modify/delete a closure record, choose the Edit button next to the closure record that needs to be modified/deleted.

If the closure is Official, the record cannot be deleted. Only the To Date and Comments can be added/modified. From Date and Delete check box are locked.

If the closure is in Reported status, all fields on the page can be modified and the record deleted.
Facility Closure History

To view closure history for past years, select the *Facility Closure History* button.

On the following page, you can change the year you wish to view the temporary closures for.

Facility Closures – Effects on Wisconsin Shares Authorizations

The temporary closure record is brought into the DCF Subsidy system when creating authorizations for a child eligible for Wisconsin Shares, the authorization worker sees a warning that the program is temporarily closed. If the closure is Official, no authorization is allowed to span the closure period. If the Official closure is more than 4 weeks, the subsidy system automatically ends current authorizations in certain scenarios.

Facility Closures – Effects on YoungStar

If the facility closure is Official, the YoungStar service window is automatically extended for the length of the closure.

Facility Closures – Child Care Finder – Public Site

When the facility is temporarily closed, the information is brought to the Child Care Finder system to alert parents that the program is not currently open.

The temporarily closed programs have a yellow banner informing the public that the program is currently closed.
The facility details page shows the dates the program is closed. Reason for the closure and comments entered in WISCCRS or CCPP are not brought over to the Child Care Finder. Once the closure period is in the past, the alert automatically disappears.

Prices

See My Child Care Prices section under Financial.

Mailing Options – Electronic Notices

To save mailing costs and the environment, the department is going to add electronic options to some automated provider notices triggered by the system effective September 26, 2020. The following provider notices are available in electronic format. When there is a checkbox checked next to the notice, no paper copy is sent by the U.S. Mail. Electronic copies are immediately available in the Documents section in the Portal for both paperless and paper notices.

Note that the Background Check Eligibility Decision Letters includes both Preliminary and Final Eligibility and Ineligibility letters to the facility.
Modifying the Mailing Options

If your center wants to modify the mailing options, do the following:

1. **Opt-in for receiving copies by U.S. Mail**
2. If your center is defaulted to electronic notices but you want all or some notices to be mailed to you, uncheck the checkbox next to the notice.
3. In the example below, the center wants to receive paper copies of the Background Check Invoices but wants to continue receiving all other notices electronically.

   ![Checkbox Options](image)

   - Background Check Eligibility Decision Letters
   - Background Check Invoices
   - Background Check Quarterly Notices
   - Fingerprint Instruction Letters
   - Provider EBT Authorization Letter

4. **Opt-in to receive electronic notices**
5. If you are a new CCPP user and your center has been defaulted to receive paper copies of the notices, you are encouraged to change the mailing option to paperless. Access the *Mailing Options* page and put a checkbox next to the notices you want to change to electronic. In the example below, the user wants the Background Check Eligibility Decision Letters, Fingerprint Instruction Letters and Provider EBT Authorization Letter to be electronic, but the provider wants to continue receiving the Background Check Invoices and Background Check Quarterly Notices by U.S. Mail.

   ![Checkbox Options](image)

   - Background Check Eligibility Decision Letters
   - Background Check Invoices
   - Background Check Quarterly Notices
   - Fingerprint Instruction Letters
   - Provider EBT Authorization Letter

Providers who have opted-in to receive paperless notices, will receive a message every time there is a new notice generated for their facility.

The *Documents* link takes the user to the *Facility Documents* page where the new documents can be viewed.
Mailing Options History

You can view historical information on the mailing options for your facility by clicking on the ...More link on the bottom of the Mailing Options page. Then choose the Mailing Option History button.

The following page shows the date the mailing option was changed. The From Date is defaulted to six months in the past but can be changed to any date.

Users with Access to Multiple Provider Locations

The mailing options are location/facility specific. If you have access to multiple sites and need to modify the settings, you must do this separately for each site.

Users who have Owner/Director or Security Administration user profiles to the Portal can update the mailing options. All users can view the pages below. Security User Guide can be found at https://dcf.wisconsin.gov/files/publications/pdf/5400.pdf

Background Check Non Compliance

Available in CCPP beginning 6/20/22. The purpose of this module is to track fingerprint non compliance through an automated process. This process will begin when individuals have not submitted their fingerprints at the time the Quarterly Notice is generated and are populated in the “Past Due Fingerprint Background Checks” section. *See Documents – Background Check Quarterly Notice section for more details.
If there are individuals who are not in compliance with the fingerprint requirement at the time the Quarterly Notice is sent, the Fingerprint Non Compliance Module will automatically begin the first step in the process.

### Progression of Non-Compliance Steps

1. **Past Due Fingerprint Checks** – A batch process will identify the individuals who are past due for fingerprint checks and those individuals will populate in the “Past Due Fingerprint Background Checks” section of the Quarterly Notice. When this row is added, the status is typically Non-Compliance since it wouldn’t populate unless there are individuals listed as past due.

2. **Overdue Fingerprint Checks** – The system will generate an Overdue Fingerprint Notice 30 days after the Quarterly Notice is sent for the individuals who still have not submitted their fingerprints at the time the Overdue Notice is generated. When this row is added, the status can be either Non-Compliance or Compliance. If all individuals listed as past due have come into compliance in the previous 30 days, this will show as Compliance and progression ends.

3. **294 Process – Non-compliance issued** – The system will create a task, visit labeled as Desk Review – CBU with the appropriate rule violation and attaches the individuals to the violation 30 days after the Overdue Notice is generated. This will only run for those individuals who are still not in compliance at the time the 294 Process runs. When this row is added, the status can be either Non-Compliance or Compliance. If all individuals listed on the Overdue Notice have come into compliance in the previous 30 days, this will show as Compliance and the progression ends.

### Individual Details

To populate the list of individuals who are non-compliant with the fingerprint requirements, click on “Individuals” for the related “Compliance Step”. The individuals attached to that compliance step are listed along with a “Details” button. To see the details of any of the individuals, click on the corresponding “Details” button. *See Individuals – Fingerprint Checks section for more details.*
Documents

You can view subsidy, licensing/certification and YoungStar documents in the Provider Portal. There are two levels of documents.

Facility Level Documents

This section includes documents such as authorization notices, YoungStar contract renewals, Fingerprint Instructional letters, and various documents submitted to Licensing/Certification agency.

To access the facility documents, choose the Documents link in the side sandwich menu or choose the Communication button from the main facility page.

Then choose the Documents button.

The documents are displayed in chronological order, with the latest document on top. The history allows you to view licensing/certification and YoungStar documents back to 2011.
Background Check Quarterly Notice

In 2020 the department resumed conducting annual name-based background checks on licensees, certified operators and adult household members and began conducting annual name-based background checks on caregiver and non-caregiver employees. Starting December 20, 2019, the department began sending Quarterly Notices to child care programs informing them which individuals are due for an annual name-based background check. The notices will be sent to child care programs around the 20th of December, March, June, and September.

Licensees/operators will need to review these notices carefully to ensure the department has the most up-to-date list of individuals associated with their child care program. Annual name-based checks will be conducted on the following individuals:

- Age 18 or older
- Has an employment/residency status of “current” or “prospective”
- Has completed a DCF-conducted fingerprint-based background check (or DOJ Initial on minor employees) within 12 months or earlier.

If the list of individuals included in the notice or employment/residency status is not up-to-date, the licensee/operator needs to update the information in the CCPP as soon as possible. The cost of the annual name-based check is $10 per individual. The system generates invoices every four months for the cost of any annual name-based checks conducted during the previous four months. The invoices are sent in January, May, and September if there are billable Annual checks for the center.

A copy of the notice is available in the CCPP facility documents.

The notice may have multiple sections depending on if any individuals associated with your program fall under the criteria for the section. The sections are explained below.

List of individuals who have a 5-Year fingerprint FBI check due within the next four months

In addition to individuals who are due to have the 5-year fingerprint check done, this section also includes the following individuals:

- Minor employees who have had an Initial DOJ conducted but the minor is turning 18 during the next four months.
- Individuals who reside outside WI must have the Fingerprint check done on an annual basis.

Individuals who are associated with multiple facilities, are listed in the notice to the center where the Apply CBC Fee is set at “Yes.” This indicator is found on the Individual Details screen.
The 5-year FBI due date (1-year for individuals residing outside WI) is calculated from the Determination Start Date of the latest background check. The date is found on the Individual’s Background Check screen.

Note that there can be scenarios when the FBI Check Due is in the past. This may happen with facilities that were licensed prior to the new background check rollout on October 1, 2018, but the center was scheduled to receive the Fingerprint reminders during the later stages of the rollout. If the individual has never had an FBI check done in the past, the system uses the date the first Fingerprint rollout notice was mailed to the facility.

**List of individuals who are past due for a fingerprint check:**

This section lists individuals associated with the program that are past due on their fingerprint submissions. The system will generate an Overdue Fingerprint Notice 30 days after the Quarterly Notice for the individuals listed here who have still not submitted their fingerprints at the time the Overdue Notice is generated.

**List of individuals who are due for an annual name-based check**

This section lists individuals associated with your program that are due to have an annual name-based background check done within the next four months.

The system schedules the name-based DOJ annual check 12 months after the last FBI fingerprint-based check Determination Start date and annually thereafter. The annual name-based check is skipped during the year the 5-year FBI is done. No individual will have both the DOJ and FBI due within the same calendar year.
List of individuals who have had the annual name-based check conducted within last three months

This section lists all individuals associated with your program who have had an annual DOJ name-based check conducted. The initial mailing in December will mostly have minor employees listed.

The program will be invoiced for these checks. Note that there are scenarios with newly licensed/certified programs when the $10 fee has been already paid by the provider/operator. The system will not include these in the invoicing.

List of Individuals in Prospective status associated with the program.

This section lists all individuals associated with your program who have prospective status whether their background check is due or not. Please make sure that their status is updated once the employment/residency status has been made.

Overdue Fingerprint Letter

This letter will be sent to the facility 30 days after the Quarterly Notice has been mailed. This notice will include the individuals who were listed in the “Past Due Fingerprint Background Checks” section of the Quarterly Notice if they have not submitted their fingerprints at this time. If all individuals, who were listed on the Quarterly Notice as past due, are now in compliance, this notice will not be sent.

Individual Level Documents

This section includes Preliminary and Final Decision letters on individuals whose background checks have been completed. To access the eligibility letters for an individual, choose the individual from the Individuals List.

Then choose the Individual Documents button.

The Individual Documents page lists the eligibility letters sent to the facility on the individual’s eligibility.

Invoicing for Annual Name-Based Background Checks

Every four months (January, May, and September), the system sends an invoice to the provider location if there are pending fees for annual name-based checks conducted on individuals attached to the provider location since the last billing cycle. The invoice may include individuals who are no longer associated with the center if the individual was active at the time when the annual check was done.
Example: Joe was working at Center A starting January 2, 2020. The Annual was conducted on Joe on January 10, 2020. Joe ended employment at Center A on April 30, 2020, and started a new job in Center B. The May invoice will include Joe in Center A’s invoice because he was employed by that facility when the annual was done.

You can pay the invoice by either using the e-payment system (Financial screen) in Provider Portal or by sending a check or money order to the address listed on the Remittance slip attached to the invoice.

30/60 Day Invoice Reminders
The payment for the invoice is due within 30 days from the invoice date. If no payment has been received, a 30-day Past Due Notice is sent when 60 days has passed from the invoice date. The 60-day Past Due notice is sent when 90 days has passed from the invoice date. The balance must be paid before a license can be renewed. If payment has not been received and a provider closes, the balance is referred to Department of Revenue for collection.

Child Care Finder Listing – Provider’s Website
Providers who have their own websites can now submit a request to have that website address be brought over to the Child Care Finder. When parents are looking for child care, they can now easily access your website to find more information on your program.

To add the address for your website, select the Child Care Finder Listing button on the Manage Facility page.

On the following page, click …More link.
The Add Provider Website button appears.

On the following page, add your program’s URL (website address).

The newly entered website is displayed on the lower section of the Provider Website page until it is validated by DCF staff.

After DCF staff has validated the web address, the address is displayed on the upper Approved Provider Website section. **Note that only one website can be entered for a facility.**
The website is displayed on the Child Care Finder the following day after DCF staff has validated it. The *Visit Provider Website* link takes the parent to your website.

**Security**

The system security for facility/provider location is explained in the [CCPP Security Module Guide](#).
**CCR&R Provider Reported Information**

**Effective 9/24/21,** information from the provider’s local Child Care Resource and Referral (CCR&R) agency is brought over to the DCF Provider Portal. When the provider/center reports information using the Business Information Form (BIF) to the local CCR&R, certain information is brought over to CCPP overnight. This section explains the screens and information in detail.

**Note that any information in this module cannot be updated using the CCPP portal.** If changes are needed, contact your local CCR&R agency.

To access the CCR&R Provider Reported Info module, select the button below from the *Facility Details* screen or the navigation menu.
