# Background

The Department of Children and Families (DCF) conducts background checks on Applicant/Licensees, household members, employees for regulated programs.

Most of the screens in this module are only updatable by the DCF Childcare Background Unit (CBU) and DCF Central Office staff. When taking screen prints for this guide, a CBU security user profile was used. Certifiers, Regional staff, and inquiry users cannot update most of the screens.

## Types of Background Checks

The department conducts the following checks on individuals associated with child care programs. The details for each check below are explained later in this guide.

1. FBI Finger Print Checks
  - a. Initial
  - b. 5-Year
  - c. Out-of-State Annual (Individuals residing outside Wisconsin)
2. Annual name-based checks (DOJ)
3. Ad Hoc
4. Monthly matches
5. Initial DOJ (Minor employees)
6. Minor Household Member (CCAP)

## Background Check Levels by Roles

The individuals associated with childcare programs have four levels:

1. Applicant/Licensee
2. Caregiver
3. Non-Caregiver Employees
4. CBC Exempt: Individuals who are not required to have a background check done.

Below is a list of roles and which type they fall under. The roles under CBC Exempt are not included in the background check automation.

Note that Applicant/Licensee value is not available in the role list in CCPP and can only be entered in WISCCRS by CBU or region/county/tribe. Applicant/ licensee is a role available in iCC.

| Role                             | Applicant / Licensee | Caregiver | Non - Caregiver | CBC Exempt |
|----------------------------------|----------------------|-----------|-----------------|------------|
| Administrative staff             |                      |           | Y               |            |
| Administrator                    |                      | Y         |                 |            |
| Applicant/Licensee               | Y                    |           |                 |            |

## Minor Employees

A DOJ name-based checks is automatically conducted on minor employees ages 10 to 17. The process is almost identical to the Initial FBI process (Episodes, Background Check Request, 180-day gap between employments as well as the background check notices). No SOR and CPS checks are completed on minors.

Once the minor has been entered into CCPP or WISCCRS with a complete Background Check Request (BCR) form, the nightly batch will request a DOJ name-based check on the minor. Once the minor turns 18, the system triggers the Fingerprint Instructional letter.

## Minor Household Members – CCAP Check

The system checks the CCAP files for minor household members between 10 and 17 years of age. When the minor is added into WISCCRS, the nightly batch checks the current CCAP file for childcare related offenses. Minor Household Member Episode Type is created. If no childcare related offenses are found, the Preliminary and Final Decisions are set at Eligible. Once the minor turns 18, the system triggers the Fingerprint Instructional letter. The Minor Household Member episode is not shown in the CCPP.

### Notices:

No individual or facility decision letter is generated for this episode type for minor household members. If a denial is needed, CBU creates an Ad Hoc episode that triggers the letters.

## Common Details for all Background Check Types

This section explains common functionality for all background check types.

### Episode/Background Check Determination

A group of background checks is called an episode or background check determination. WISCCRS has the following types of episodes:

- Initial FBI:** All adult individuals must first have an FBI check completed. This check is also conducted on individuals who have not had an Initial or 5-Year FBI check done within the last 5 years, or the person has been detached from a childcare center for more than 180 days (from the last employment/residency end date).
- Annual Name-Based:** WISCCRS triggers the annual DOJ check 12 months after the Initial/5-Year FBI Episode Start Date and then every 12 months for individuals who reside in Wisconsin. See Annual Name-Based DOJ section for further details.
- Annual – Out-of-State:** WISCCRS triggers the Fingerprint Instruction letter after 12 months from the Initial FBI Episode Start Date to individuals whose home address is out-of-state. The checks are run 12 months from the previous annual check. The Annual Name-Based DOJ check is not run-on individuals whose home address is outside Wisconsin. See Annual FBI – Out-of-State section for further detail.
- Initial DOJ:** Applies to minor employees only. The system automatically triggers the DOJ name- based check once the minor employee has been entered into CCPP or WISCCRS.
- Ad hoc: Examples**
  - CPS checks for minor household members who have indicated a concern on their BCR form.
  - Ad hoc checks can be triggered for adults anytime, if a reason for an additional check exists, such as a record brought over by the monthly CCAP or eWISACWIS match.
- 5-Year FBI:** This check is triggered 5 years after the Initial FBI Episode Start Date. CBU staff can trigger this check earlier if warranted. See 5-Year FBI section for further detail.
- Monthly CPS/CCAP/WI SOR Match:** If a potential match is found during a monthly matching between WISCCRS individuals and the following systems, system creates this episode:
  - Maltreaters in the eWiSACWIS system.
  - Foster Parent denial record in the eWiSACWIS system.
  - CCAP interface brings an update to an existing record or there is a new charge.  
This episode type is not brought into CCPP and iCC.
  - Wisconsin Sex Offender Registry Match (by facility location address)
- Minor Household Member:** When a minor household member is added to WISCCRS, the system conducts a check in the latest CCAP file.

The background check episodes are explained below in more detail.

### Checks Required for each Episode Type

The following checks must be completed for each episode before the Final Decision can be switched to Eligible. The details on the checks below are explained later in this guide.

| Episode Type                  | FBI / DOJ                        | DOJ / DHS                        | NSOR  | CCAP | CPS (maltreater/foster care) | SOR | OOS  | Regulatory History |

### **Alias – A Record brought over from DOJ/FBI**

If the DOJ/FBI records brought over include an alias that is not listed on the Alias screen in WISCCRS, the system creates a new alias record. After the alias record is added into WISCCRS, the system conducts the remaining checks using the alias brought over from DOJ/FBI.

## Fingerprint Checks (Initial and 5-Year) Process

This section explains the process for fingerprint-based checks.

The Federal law requires the states to conduct fingerprint-based FBI checks on individuals 18 years and older who are associated with childcare programs. **Because the FBI database does not include records on minors.**

### Fingerprint Instruction Letter

The process starts with an automated Fingerprint Instruction Letter that is sent to the childcare provider location(s) for the individuals associated with the program. The system automatically triggers the letter to the childcare center if the following is true:

1. The request is for a new/prospective individual if the person has not had an automated FBI check done by DCF in WISCCRS in the last 5 years or they have been separated from childcare in the system for more than 180 days.
2. The Individual Details page (including home/mailing address for the individual) and the Background Check Request Form (BCR) page in WISCCRS are complete. Note that all questions on the BCR form must have an answer and the form signed. If questions have been skipped and/or signature is missing, the system does not send a Fingerprint Instruction Letter.
3. The Primary or Secondary role of the individual is not an exempt role (governmental agencies, foster children).
4. The provider location that the individual is attached to has one of the following application types. The individual must have active employment/residency status (Status: Prospective or Current. If Current, Employment/Residency Begin Date is after 9/30/18).
  - a. Licensed Camp
  - b. Licensed Group
  - c. Licensed Family
  - d. Certified Family
  - e. Public School Program (PSCH)
  - f. Training Facility
  - g. Contracted Service
  - h. Unaffiliated (Individuals who have submitted the request via iChildCare)
5. The individual record has not been inserted into the Discrepancy Module (records coming from the Childcare Provider Portal (CCPP)).

**The Fingerprint Code and Instruction Letter can be viewed immediately in the Provider Portal and iChildCare Portals if the individual meets the criteria under 1-5 above.**

The Fingerprint Instruction Letter batch runs every night at 10 p.m., except on Saturdays. The letters are mailed to the child care program's location address (Licensing/Certification Mailing address, if it exists) **if the provider has not opted-in for paperless option.** A PDF copy of the letter is available/viewable under the Batch Documents section in WISCCRS and under Communication Documents in CCPP. The maximum number of system-generated letters that are sent out each day is 1,000. If more than 1,000 background check requests are received in a day, those that exceed 1,000 are processed the following day.

Once the fingerprint letter is triggered, the Fingerprint Request Status for the individual is automatically changed to Fingerprint Materials Sent.

The letter also has a unique code for each individual who has requested a background check. All individuals associated with childcare programs use the same Fieldprint Code: FPWIDCFLicensee. The Reference code is unique for each individual and it should not be shared. This ensures the results automatically go to the correct individual in WISCCRS. Using an incorrect code sends the results to the Fieldprint discrepancy module and must be manually reviewed and resolved.

|   |   |
|---|---|
| Name: ASSISTANT, ADDIE<br><br><b>Fieldprint Code:</b> FPWIDCFLicensee | DOB: 10/09/1993<br><br><b>Reference Code:</b> AS2000661 |
|---|---|

Once the fingerprints are successfully taken, the Fieldprint/WISCCRS interface brings the TCN code (a unique identifier issued to the fingerprints) into WISCCRS during the nightly batch. Once the TCN number has been received from Fieldprint, the system creates a new Background Check Episode for the individual and puts it in Awaiting Results status. The Fingerprint Request status for the individual is changed to FBI Check Requested.

After the TCN has been received, the interface between WISCCRS and the Wisconsin Department of Justice (DOJ) sends the TCN to DOJ and retrieves the results, usually, overnight. Once the results have been received (if records were found) from DOJ, a task is generated to the CBU Dashboard that alerts the CBU staff to review the results and conduct additional checks needed before the individual can be approved.

**NOTE:** Individuals submitting requests using iChildCare or the Childcare Provider Portal can immediately generate the Fingerprint code and the fingerprint instruction letter. Requests entered in WISCCRS will generate a letter overnight.

**Note:** Certification workers and regional staff do not need to submit a special request for Fingerprint Instructional Letters to be sent. The letters are automatically triggered during the night batch after the individual details and Request Form responses have been entered into WISCCRS.

## Deleting Fingerprint Instruction Letter – CBU Staff Only

When the Fingerprint Instruction Letter is triggered in error, the system will not automate the annual background check. These letters can now be deleted by the CBU and DCF Central Office staff. The records that have Request status Fingerprint Materials Requested or Fingerprint Materials Sent can be deleted. If a record has been received (request pending or other status), those cannot be deleted.

To delete a request, access the Finger Print page for the individual:

## Initial FBI

This check must be completed first for a new individual (adults). This check is also needed for individuals who have had the Initial FBI check, but more than 180 days has passed from the time the individual was associated with a childcare program. After the FBI/DOJ/IBIS results have been received, the following checks are completed before a final background check determination can be made:

1. eWISACWIS: The CPS **Maltreater and Foster Care License Denial/Revocation** check has been automated. See Child Protective Services Matching section for details.
2. Sex Offender Registry (SOR): The SOR check has been automated. See SOR Matching section for details.
3. Out-of-State Criminal check if the person is currently living or has lived outside WI within the last 5 years.
4. Out-of-State CPS if the person is currently living or has lived outside WI within the last 5 years.
5. **Regulatory History: The system checks if the individual has been denied/revoked a childcare license/certification in the past.**

The initial FBI check process starts when an individual is added to WISCCRS provider location or in CCPP/iCC. Below are the automated and manual steps needed to approve the person for regulatory approval, employment, or residency:

1. Once the individual has been added and the Background Check Request Form has been completed for an individual, the night batch creates the Fingerprint Instruction Letter if the individual is age 18 or older. The letter is generated for and mailed to the provider location the individual is associated with. A soft copy is available in WISCCRS under Batch Documents and viewable in the Childcare Provider Portal. The letter includes steps the individual must complete to have the fingerprints taken. The letter also has a unique code for each individual who needs the fingerprints taken. If the individual is entered via CCPP or iCC, the fingerprint instruction letter is immediately available/viewable.
2. The individual has fingerprints taken at Fieldprint.
3. The Fieldprint/WISCCRS interface brings in the TCN code for the individual and matches it with the individual in WISCCRS using the unique code listed on the letter. **Note** that records may be inserted into the Fieldprint Discrepancy module in WISCCRS if the match is questionable. The discrepancies must be cleared before Step 4 below. Initial FBI episode is automatically created. Status will be Awaiting Results.
4. DOJ/WISCCRS interface sends the TCN code overnight to DOJ and retrieves the results.

5. If the results bring a concern from DOJ, CCAP, CPS, etc., system creates a task in the CBU Dashboard to alert CBU staff that the results have been received and should be reviewed. If no record is found in any of the sources, the system automatically approves the Preliminary and Final Eligibility Determination Decision.
6. The background check episode Preliminary Decision status is changed to Pending (or Eligible) once the results are brought in as follows:
  - a. **No Record Found/Automatic Approval:** If no concerns are brought in from any of the sources, the system automatically changes the Preliminary and Final Decision to Eligible and sends the eligibility letters to the individual and the center.
  - b. **Record Found:** If the results include a potentially concerning record (non-barred), the system automatically changes the Preliminary Decision to Eligible and sends the Preliminary eligibility letter to the center and individual. A task is generated to the CBU inbox alerting the CBU staff to review the results. After reviewing the results, they change the Preliminary Status to Ineligible or Eligible. In either scenario, the system generates a letter to the individual and the provider.
  - c. **Barred offense:** If the DOJ/FBI interface brings in an offense that potentially bars the person from being an applicant, caregiver or non-caregiver, the Preliminary and Final Decisions are set at Pending and a task is generated to the CBU inbox.
7. CBU reviews the rest of the checks required for the Initial FBI background check episode. Once complete, the Final Decision Date and Decision Status are entered. If the person is approved, the system sends separate approval letters to the individual and the provider the following day. If the decision is to deny, system generates the Preliminary and Final Decision letters in certain scenarios. See Individual Ineligibility Letters section for detail. The provider receives an automated denial letter.

## Initial/5-Year FBI – Episode Creation

Below are steps on how the fingerprint episodes are created:

1. When the TCN number is received from Fieldprint, the system creates an episode and sets the Preliminary status to Awaiting Results.

2. The following night, the FBI/DOJ/IBIS results are pulled from DOJ using the TCN. The episode is updated, and the Determination Start Date is generated.

If the FBI and DOJ results indicate No Record Found, or there is no record of a barred offense, the Preliminary Status is automatically changed to Eligible and a notice to the individual and the provider is sent automatically. If the individual is associated with a certified program, a message is sent to the Dashboard. The center and individual notices are available in WISCCRS and in CCPP in PDF format. If the results include a potentially barred offense, the Preliminary Status is set to Pending. When the results are received from DOJ, the system also creates a task to the CBU Dashboard to alert the staff to review the remaining checks. See the [Dashboard User Guide](#) for further details.

## Child Protective Services (CPS) check:

Individuals associated with childcare programs must be clear of substantiated incidents in eWiSACWIS, the Child Protective Services (CPS) system. The CPS checks (maltreater and foster care license denial/revocation) have been automated.

### eWISACWIS Data Retrieval

The eWISACWIS data used for matching is received and potential matches inserted into WISCCRS as follows:

1. Weekly file: Friday nights (both Maltreater and Foster Parent License Denials/Revocation information)
2. Monthly file: Around the 20<sup>th</sup> of each month (maltreaters only)

After the FBI/DOJ results have been received from DOJ for an individual, the CPS batch matches the individuals with the latest eWISACWIS file (from previous Friday).

#### No match found:

If no match is found in the most recent eWISACWIS match file, the system automatically creates a CPS check in Complete status. The Record Found? field is set at No.

### False Positive:

If the match is marked False Positive, a check is created in Complete Status with Record Found set as No.

Individuals are excluded if the episode already has a CPS background check or if a Potential Match exists for the individual.

### Multiple potential matches:

An individual with a common name can have multiple potential matches. The status for each record must be changed to either a False Positive or a Match before the system creates the CPS check for the episode.

### Sex Offender Registry (SOR) check:

Before an individual associated with a childcare program can be approved, the individual must be checked in the Department of Corrections SOR system. If the automated interface finds potential matches, those are reviewed by the Childcare Background Unit (CBU) and confirmed.

The SOR data used for matching is received and potential matches inserted into WISCCRS as follows:

- Weekly file: Friday nights
- Monthly file: Around the 20<sup>th</sup> of each month (address check only)

After the FBI/DOJ results have been received from DOJ for an individual, the SOR batch matches the individuals with the latest SOR file (from the previous Friday).

If the role is Applicant/Licensee, the system also conducts a check using the facility address.

**No match found:**

If **no** match is found in the most recent SOR match file, the system automatically creates a SOR check in Complete status. The Record Found? field is set at No.

[Potential SOR Match](#)

If the match is marked False Positive, an SOR check is created in Complete Status with Record Found set as No.

Individuals are excluded in the daily matching if the episode already has an SOR check or if a Potential Match exists for the individual.

**Multiple potential matches:**

An individual with a common name can have multiple potential matches. The status for each record must be changed to either a False Positive or a Match before the system creates the SOR check for the episode.

**Address match**

When the system conducts an SOR check on the Applicant/Licensee, the system also runs a match using the facility address.

The results are posted on a new page under the Location Details header in WISCCRS. When screening the matches, the status field has the following values:

| Value            | Description  |
|------------------|--|
| Address Match    | Use this when a substantiated match has been established. A registered sex offender is currently residing in the address.  |
| Address Mismatch | Use this if the address is not identical. Example: A match is brought for 123 Main Street (apartment building). The childcare is located in Apartment A but there is an offender living in the same building but in a different residence. |
| Follow-up        | This value is a default value when the system discovers a potential match.   |

| Value        | Description  |
|--------------|--|
| Not Residing | Choose this value when an unsubstantial (false positive) match has been established. Example: An offender lived in the address prior to the applicant applying for regulation but has moved out. Typically, the offender failed to notify DOC on the address change. |

If there is an address match, a task is created to alert the CBU.

## Consolidated Court Automation Programs (CCAP) Check

Before an individual associated with a childcare program can be approved, the individual must be checked in the CCAP system. The CCAP check has been automated. If the individual has history of offenses that match the list of statutes (potential bar or substantially related), the interface brings the list of court cases into WISCCRS.

The first CCAP matching of an individual is triggered by the returned results of the fingerprint background check (sent from DOJ). This occurs in the initial background check process when an individual is new to the system (Initial FBI and Initial DOJ) and at the 5-year background check process. The second CCAP matching of an individual occurs during the monthly batch process (active individuals).

The matching logic is the same for both processes. The matching of individuals is done by using WISCCRS individuals' first names, last names, dates of birth, and any aliases we have recorded. This information is passed to a CCAP web service, which in turn passes back any matched cases. For returned cases, our system queries the web service further to find out about criminal cases: any charges associated with those cases, and any judgments for those charges. The system then flags the matching individuals if the statutes are in our barred or substantiated list and the case is either closed or pending (that is, the court has yet to decide or is reconsidering the case).

The data received is stored in WISCCRS so the system compares future searches with the data the system has already evaluated. This means that only updates for a previously received court case or new charges are brought in for an individual. When evaluating if the data has been previously received, the automation also considers data received from DOJ during annual checks.

The CCAP data is received and inserted into WISCCRS as follows:

- Daily: CCAP results are brought in for an individual after the FBI/DOJ results are brought in.
- Monthly file: Around the 20<sup>th</sup> of each month

For an individual whose Initial FBI/DOJ or 5-Year FBI is in pending status, the system brings in the CCAP results and creates a new CCAP row.

The check has the following statuses:

1. No court case found: Status is marked Complete and Record Found check box is marked No.
2. Barred offense: If a potentially barred match is found in CCAP system, the system sets the CCAP status in Follow-up Required. Record found check box is set at Yes.

3. Substantially related: If an offense is found that is potentially substantially related, the status is set at Follow-up Required. Record found check box is set at Yes.

## Automated Eligibility Decision

The background check is fully automated in the following scenarios:

1. Episode type is Initial/5-Year FBI or Annual DOJ.
2. 5-Year FBI: No change from the previous record.
3. No NSOR record
4. CPS: No potential match found in the Maltreater or Foster Care file.
5. CCAP: No record found (new individual), no new record found (ongoing checks)
6. Regulatory History: No record found.
7. County Reference Letter (CRL):
  - a. If the individual's Date of Birth is after 12/31/1994 the CRL is automatically marked Completed.
  - b. If the person's DOB is prior to 1/1/1995 and the County/Tribe is listed as not needing a manual check in the CRL table in the end of this manual, the background check is automated.
8. Person does not live outside WI or has not indicated on his/her BCR that s/he has lived outside WI within the last five years.

When no record or match is found, the system automatically creates a new background check episode in Complete status for the sources checked. The Preliminary and Final Status are set at Eligible. Only the Final Decision letter is sent to the individual and the facility.

## Eligibility Decisions that are not automated

If the episode has one or more 'hits', the Final Decision is not automated. In those scenarios, the system creates a Background Check Type in Pending or Follow-Up Required status.

If the individual answered Yes to any of the questions on the Background Check Request form but all other checks came back without records/matches, the episode page shows the following alert.

## Annual Name-Based (DOJ)

The annual name-based DOJ check automatically runs for all individuals who are associated with an active provider location and who do not have an Employment/Residency End Date in WISCCRS. The annual check is not conducted on minor household members, but minor employees are included.

The system schedules the DOJ annual name-based check 12 months after the Initial FBI check. Episode Start Date and annually thereafter. The annual DOJ check is skipped during the calendar year the 5-year FBI is done. No individual will have both the DOJ and FBI due within the same calendar year. **The annual check does not trigger if there is a current Fieldprint letter issued but no fingerprint record received for the individual.**

If the Final Decision on an individual is ineligible, the annual check is skipped (no Fingerprint Instructional letter is sent) and a task is generated to the CBU inbox.

### Individuals Residing in Wisconsin:

As mentioned above, the system automatically conducts the Annual DOJ name-based check 12 months after the Initial FBI check (or after an annual check).

In certain scenarios, a break in the individual's association with a center may delay the Annual check due date. See example below.

#### Example:

The Initial FBI check was conducted on an employee in Center A on 1/29/19. The first Annual check is due on 1/29/20. The employee resigns from Center A effective 12/31/19 but starts a new job in Center B on 3/1/20. As soon as the employee is added to Center B, the batch will conduct the Annual background check.

If the break is more than 6 months, a new Initial FBI check is required. A new fingerprint instruction letter is sent to adults or the Initial DOJ is automatically scheduled for minor employees.

## Results – Annual Checks:

Once the results have been received, the system creates a new Annual background check episode. The results can be viewed on the background check page by clicking the Modify icon.

If there is no criminal record found in DOJ (or there has not been an update in results received in the previous checks), the system automatically sets the Preliminary and Final Status to Eligible, and the DOJ/DHS status is set at Complete. No notices are sent for these annual background checks. Providers can view the episode details on the Background Check page in CCPP.

If a criminal record is found (or there is a change to a previously received record), a task is created in the CBU inbox, and the system sets the DOJ/DHS check in Follow-up Required status and the Preliminary and Final Status are set as Pending. If the Final Status is changed to Ineligible, an Ineligibility letter is triggered and sent to the center and to the individual.

## Transactions – Annual Checks

Once the Annual background check has been conducted for an individual, the system inserts the \$10 Background Check Fee into the WISCCRS Transactions module. If the individual is associated with multiple sites, the fee is inserted to the site that has the 'Apply ongoing background check fee to this location' set to Yes.

Note that the program is liable to pay for the CBC fee even if the individual's employment/residency end date was back-dated to a date prior to the annual check.

## One Background Check per Calendar Year

The system has been programmed so that only one of the above Annual DOJ (Annual Out-of-State) or FBI checks are conducted during a calendar year.

**Example:**

The Annual check is due for a minor employee on March 15<sup>th</sup>, 2020. The minor turns 18 on October 10<sup>th</sup>. The system skips the March annual check in this scenario and will send the Fingerprint Instructional letter on October 10<sup>th</sup>.

Also, if the time-period between the Annual DOJ (Annual Out-of-State) check and FBI due is less than two months, the annual check is skipped.

**Example:**

The Annual check is due on a minor employee on 12/12/20. The minor turns 18 on 1/20/21 (less than two months from 12/12/20), the 12/12/20 check is skipped, and the Fingerprint Instruction letter is sent to the provider on 1/20/21 instead.

Note that there can be scenarios where the **Initial DOJ** (minors) and the **Initial FBI** can be done the same calendar year.

**Example:**

A minor employee is added to a center on June 10<sup>th</sup>. At that time, system conducts the Initial DOJ. The minor turns 18 years old on September 5<sup>th</sup>. The system triggers the Fingerprint Instruction letter on that date.

### **Initial FBI – 5-Year FBI:**

The 5-Year FBI due date is calculated five years from the Initial FBI check. As mentioned above, the annual checks are conducted 12 months after the Initial FBI and then every 12 months until the next FBI check is due (5-Year FBI). There are scenarios when the annual checks are delayed, such as gap in employment/residency, etc. This means that the time period between the 4<sup>th</sup> Annual due date and the 5-Year FBI due date might be less than 12 months.

For example, if the Annual check is due the same calendar year as the 5-Year FBI, the 4<sup>th</sup> annual check is skipped. Or if the 4<sup>th</sup> Annual check is due in the end of the calendar year and the 5-year FBI is due the following year, the 4<sup>th</sup> Annual is skipped if the time-period between the 4<sup>th</sup> Annual check due date and 5-Year FBI is less than two months.

### **Annual FBI – Out-of-State (OOS):**

Individuals who live outside Wisconsin, are sent the Fingerprint instruction letters 12 months after the previous FBI check.

Frequency for the Annual FBI – OOS mirrors the Annual DOJ name-based checks.

### **WI Resident moves out of state**

If an individual associated with a childcare center moves out-of-state, the system will trigger the next Annual FBI – OOS 12 months after the last Annual background check.

## Out-of-State Resident Moves to WI

### Example:

An employee residing in WI has Initial FBI done on 10/20/18. First Annual is done on 1/10/20. Individual moves outside WI on 2/3/20. A Fingerprint Instruction letter is triggered 12 months after the Annual check. In this example, the Fingerprint letter will be triggered on 1/10/21.

When an out-of-state individual associated with a childcare center (center located in Wisconsin) moves to Wisconsin, the system conducts the Annual DOJ check 12 months after the latest Annual FBI – OOS check.

### 5-Year FBI:

When **4 years and 11 months** has passed from the Episode Start Date of the Initial FBI check (or prior 5-Year FBI check), the system triggers a **Fingerprint Instruction** Letter to start a new check on all individuals associated with an active childcare program. The details are identical to Initial FBI check.

**If the Final Decision on an individual is ineligible, the system will not send the Fingerprint Instructional Letter. Instead, a task is generated to the CBU inbox.**

# Summary of Background Check Types

## Ad hoc

If an individual requires an additional check, certifiers and licensing regional staff can submit a request to the CBU on the Request Background Check page for the individual. Below is a list of ad hoc types:

- CCAP
- CPS
- CPS – Out-of-state
- Local agency enforcement
- Military
- Other
- Out-of-State (Name-based)
- SOR
- SOR – Out-of-State

If an ad hoc fingerprint or DOJ name-based check is needed, those are triggered by CBU staff and the interface will create the episode.

## Automation of FBI/DOJ Results into BCAS

The system has been enhanced with a batch that automatically creates a BCAS page in WISCCRS if concerns are found in the FBI/DOJ results. The following episode types are included:

- Initial DOJ
- Initial FBI
- Conversion DOJ
- Conversion FBI
- Initial FBI for Existing Employee
- Annual OOS FBI
- Five Year FBI
- Annual DOJ

After the results have been received, the batch analyses the results using the DOJ results first, then FBI and NSOR. An incident is automatically created for the BCAS.

The CBU staff continue to be able to add new incidents and modify/delete incidents created by the system.

When reviewing the system generated incidents, it is important that all system created incidents are compared to the actual results, even the blank ones. There can be scenarios when the system cannot find the arrest/charge information because the format the data is brought over from DOJ or the information is incomplete.

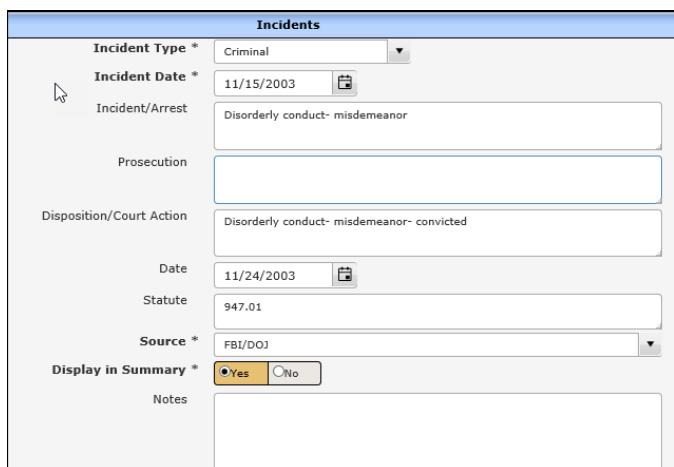

| Incidents              |                 |             |   |         |   |   |

### Add Incident

If a record is found under one of the checks above, investigation details can be entered under the Incidents section by clicking on the Add Incident link. If the incident is criminal, one incident is entered for each charge in the cycle.

On the Add Incident page, complete the fields under the Incident section.

The screenshot shows the 'Incidents' add form with the following fields and their values:

- Incident Type \***: Criminal
- Incident Date \***: 11/15/2003
- Incident/Arrest**: Disorderly conduct- misdemeanor
- Prosecution**: (empty field)
- Disposition/Court Action**: Disorderly conduct- misdemeanor- convicted
- Date**: 11/24/2003
- Statute**: 947.01
- Source \***: FBI/DOJ
- Display in Summary \***:  Yes  No
- Notes**: (empty field)

The fields on this section are explained below.

| Field                    | Description  |
|--------------------------|--|
| Incident Type            | <p>The options are:</p> <ul style="list-style-type: none"> <li>• Civil</li> <li>• Criminal: Automated BCAS will use this type when the results contain felony, misdemeanor arrest/charge record. Any results under NSOR fall under this type.</li> <li>• CPS</li> <li>• Municipal/Non-criminal: Automated BCAS will use this type if the results don't include felony/misdemeanor arrest/charge records.</li> <li>• Restraining order</li> </ul> |
| Incident Date            | Enter the date of the incident. Automated BCAS populates the Arrest Date in the FBI/DOJ results. For FBI results, the system leaves this blank. NSOR results populates the Registration Date.  |
| Incident/Arrest          | Explain the type of the incident/arrest. Automated BCAS populates the Arrest data (charge, statute number, literal. If multiple records, they are separated with a comma. For FBI/NSOR results, this field is left blank. The text will be truncated to 397 characters and appended with three dots if text length is more than 400 characters.)   |
| Prosecution              | Enter information on the prosecution. Automated BCAS populates the charge, statute and literal (comma separated if multiple records). For FBI/NSOR results, this field is left blank. The text will be truncated to 397 characters and appended with three dots if text length is more than 400 characters.  |
| Disposition/Court Action | Enter results of the disposition/court action. Automated BCAS populates the court action, charge and statute number (comma separated if multiple records). For FBI/NSOR results, this field is left blank. The text will be truncated to 397 characters and appended with three dots if text length is more than 400 characters.   |
| Disposition Date         | Enter the date for the disposition/court action. Automated BCAS populates the Disposition Date. If there are multiple court actions, the process will use the latest date. If not court action, this date is left blank. For FBI results, the date is left blank. For NSOR, the system populates the Conviction Date.  |
| Statute                  | Enter the statute violated if applicable. Automated BCAS finds all statutes (charges/arrests) in the results and compares the statutes to the list of offenses in WISCCRS (barred, etc.). For FBI/NSOR results, this field is left blank   |
| Source                   | This drop down includes the checks entered for the episode. Choose the source of the incident. Automated BCAS will have FBI, DOJ and NSOR.   |
| Display in Summary       | Licensing and certification staff can view the BCAS summary. If the information is of confidential nature, check No. Incidents created by the automated BCAS will always have this checked No.   |
| Notes                    | Enter additional notes pertinent to the case. These notes are displayed on the BCAS page. Automated BCAS enters the agency and case numbers for NSOR results. DOJ/FBI are left blank.  |

Once the incident(s) has been entered, they are displayed on the BCAS page. Ones with a 'book' icon are displayed on the Summary page (explained later in this guide).

## Analysis Section

Once all incidents on the background check have been investigated, the CBU Analyst summarizes the results on this section. To complete an analysis, click on the Add Analysis Details link. Complete the fields on this page.

| Analysis                             |  |
|--------------------------------------|--|
| <a href="#">Add Analysis Details</a> |  |
| No record/s found.                   |  |

If Yes is chosen for a question, notes are mandatory.

| Analysis   |   |

| 4. Is the individual currently on probation, parole or extended supervision? What is the supervision end date? | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Notes:   | <input type="text"/>  |

Item 10: The CBU Analyst enters Yes if additional review of the case is needed.

|  |   |
|--|---|
| 10. Does the background check history warrant further department review? | <input type="radio"/> Yes <input checked="" type="radio"/> No |

11. When automating the individual Preliminary Decision ineligibility letter, the Reason for ineligibility field was added to this question. If the Decision is ineligible, enter the text to be inserted into the letter in this field. If Ineligible is chosen, a task is created to the Supervisor Dashboard alerting the supervisor to review the decision.

## 14. Finally, enter analysis summary.

|  |                      |
|--|----------------------|
| <b>14. Analysis summary and other information:</b> |                      |

| <b>15. CBU Staff Name</b>                          | <input type="text"/> |
| <b>16. CBU Supervisor Name</b>                     | <input type="text"/> |

The CBU Analyst enters either Eligible or Ineligible as the decision. Note that the value here must match the Final Decision on the Episode page. Example: If 'Ineligible' is chosen here, the Final Decision must be Ineligible and vice versa.

Eligible/Ineligible – Overridden: If a Supervisor overrides the decision of the Analyst, the Supervisor chooses the Overridden value.

**15. CBU Staff Name:** Choose the name of the analyst who completed the analysis. This name is inserted into the individual ineligibility letter if the Decision is Ineligible.

**16. Choose the CBU Supervisor.** This name is inserted into the individual ineligibility letter if the Decision is Ineligible.

See Preliminary Decision (PD) and Final Decision (FD) Individual Ineligibility Letter section for further details on the automated notice.

The fields on this screen are explained below. **Note** that the description below covers the Initial and 5-Year FBI check process. The system does not trigger preliminary notices for annual and ad hoc checks.

| Field                    | Description  |
|--------------------------|--|
| Background Check Level   | This field is auto-filled based on the role of the person at the time of the background check. The options are: <ol style="list-style-type: none"> <li>1. Applicant/Licensee</li> <li>2. Caregiver</li> <li>3. Non-caregiver</li> </ol>        |
| Determination Start Date | This is the date when the results were brought in from DOJ. The date is reset after the results are brought in from DOJ. If the individual's role was changed and required a new review, this date could be the date the review was initiated. |
| Episode Begin Date       | This is the date the system created the episode.   |
| Episode Type             | Options are: <ol style="list-style-type: none"> <li>1. Initial FBI</li> <li>2. Annual FBI – OOS</li> <li>3. Annual Name-Based (DOJ)</li> <li>4. Initial DOJ</li> <li>5. 5-Year FBI</li> <li>6. Ad hoc</li> <li>7. Monthly CPS/CCAP</li> </ol>  |
| Out-of-State             | Yes is displayed if the person resided outside WI (Initial check) within the last 5 years or currently has a home address outside WI.  |
| Preliminary Decision     | <b>Options:</b> <ol style="list-style-type: none"> <li>1. <b>Awaiting Results:</b> The request for a background check has been sent to DOJ but results have not been brought in by the interface.</li> </ol>                                   |

| Field                     | Description   |
|---------------------------|---|
|                           | <p>2. <b>Eligible:</b> This is auto-populated for individuals whose FBI and DOJ results come back as 'No Record Found'. If a record is brought over, CBU staff review the record and manually switch the status to Eligible. When the status is changed to Eligible, the following actions happen:</p> <ol style="list-style-type: none"> <li>A notice is triggered to both the individual and the provider location(s) the person is associated with.</li> <li>If certified location, a message is sent to the Certifier in the Dashboard.</li> </ol> <p>3. <b>Ineligible:</b> If the person is found ineligible, CBU staff switch the status. When the status is changed to Ineligible, the following actions happen:</p> <ol style="list-style-type: none"> <li>A notice is only sent to the provider location(s) the individual is associated with. The preliminary ineligibility letter is not automated and manually sent to the individual. The manual letter is uploaded into the Confidential Documents section.</li> <li>If certified location, a message is sent to the Certifier.</li> </ol> <p>4. <b>Pending:</b> The system sets the status to Pending if an offense is brought over from DOJ. No notice/message generated.</p> <p>5. <b>Eligibility Expired:</b> If a person has been detached from a facility for more than 180 days, the system automatically changes the Final Decision and Preliminary Decision to Expired for all checks for that individual. The PD is only changed when the FD is changed.</p>  |
| Preliminary Decision Date | The date the Preliminary Decision was made. This is auto-populated for individuals whose FBI/DOJ have 'No Record Found'.  |
| Final Decision            | <p><b>Options:</b></p> <ol style="list-style-type: none"> <li><b>Canceled:</b> Choose Canceled if a person withdraws his/her background check request. If certified location, a message is sent to the Certifier.</li> <li><b>Conversion:</b> When the Background Check Type is DOJ/FBI Prior to 10/1/18, the Preliminary Decision displayed as conversion.</li> <li><b>Eligible:</b> Choose this if the person is eligible. When the status is changed to Eligible, the following actions happen:           <ol style="list-style-type: none"> <li>A notice is triggered to both the individual and the provider location(s) the individual is associated with.</li> <li>If certified location, a message is sent to the Certifier in the Dashboard.</li> <li>If licensed and role is Household Member or Applicant/Licensee, a message is sent to BECR Licensing Region Inbox.</li> </ol> </li> <li><b>Eligible with Stipulation:</b> Used when an individual is made eligible with stipulation. Stipulation must be met to maintain the eligibility. A manual notice is sent in these scenarios.</li> <li><b>Incomplete:</b> Used for 'failure to cooperate' scenarios. A letter can be triggered in the system, by CBU staff. If certified location, a message is sent to the Certifier.</li> <li><b>Ineligible:</b> Used if the person is not eligible.</li> </ol> <p>When the status is changed to Ineligible, the following actions happen:</p> <ol style="list-style-type: none"> <li>A notice is triggered to both the individual and the provider location(s) the individual is associated with.</li> <li>If certified location, a message is sent to the Certifier in the Dashboard.</li> <li>If licensed and the designated role is anything except Applicant/Licensee, a message is sent to BECR Licensing Region Inbox.</li> </ol> <ol style="list-style-type: none"> <li><b>Ineligible –Appealed:</b> If the person is found Ineligible, s/he has the right to appeal. Change the status to Ineligible-Appealed when the appeal has been received.</li> <li><b>Pending:</b> If a role is changed for an individual after a completed episode and the CBU staff has started a review for the new role, the system changes the status back to Pending. No notice/message generated.</li> <li><b>Eligibility Expired:</b> If a person has been detached from a facility for more than 180 days, or if the annual FBI for OOS residence is past due, the system automatically changes the Final Decision and Preliminary Decision to Expired.</li> </ol> |

| Field    | Description   |
|----------|---|
|          | <p>10. <b>On Hold:</b> The status of a background check can be put on hold because the CBU has not received all necessary information to conduct the background check. When changing the status to On Hold, one of the tags must be chosen as a reason for the hold.</p> <p>11. <b>Redetermination:</b> This is used when a re-evaluation is needed. This value creates a new sequence for the episode.</p> |

Eligible For:

- Applicant/Licensee
- Caregiver
- Non-Caregiver

When the final decision is entered, the Eligible For tag can be added to the Tags field. Note that the decision letter will only include the role that the person applied for.

If the final decision for the check is ineligible, an additional set of tags display. In the scenario below, the person applied for a caregiver role, but was denied due to substantially related reason (red tag). However, the person does not have an offense that prevents him/her from being a non-caregiver (green tag).

## Redetermination/Evaluation in a New Role – Episode Sequencing

Redetermination must be done in the following scenarios:

1. CBU may overturn an eligibility decision to ineligible (or ineligible to eligible). This usually happens when additional information is received after the initial review has been done.
2. The individual's role has been changed from lower level to a higher level that requires a review.
3. Change of Final Decision Status from Eligible, Ineligible, Eligible with Stipulation, Ineligible Appealed, Cancelled and On Hold to another status.

The redetermination can be done in all episode types. The Final Decision notices for the new sequence are triggered as explained in the Notices section below. Preliminary Decision letters are not sent.

### Redetermination – Change in Final Status

1. Access the Modify Episode page and change the Final Status to Redetermination.

The screenshot shows a form with the following fields:

- Background Check Level: Caregiver
- Determination Start Date: 10/9/2020
- Episode Begin Date: 10/9/2020
- Episode Type: Initial FBI
- Out Of State: No
- Preliminary Decision: Eligible
- Preliminary Decision Date: 8/2/2021
- Final Decision: Redetermination (highlighted with a red box)
- Final Decision Date: 8/2/2021
- Eligibility Expiry Date

The page will show the following warning:

The warning message contains the following text:

- Error - The Following Problems Have Occurred**
- Final Decision:** You are about to create a new Sequence for this episode. Please click on the 'Modify' button to continue

Choose Modify. The system creates a new episode sequence with both decisions in Pending status. All incidents attached to the initial episode and BCAS summary items 1-10 and 14 (summary) are copied to the new episode.

If sequence 001 has an appeal attached, that record is not copied over to the new sequence.

| Episode Start Date                | Episode Type | Determination Start Date | Preliminary Decision Date | Preliminary Status | Final Decision Date | Final Status | Analysis | Print | + |
|-----------------------------------|--------------|--------------------------|---------------------------|--------------------|---------------------|--------------|----------|-------|---|
| 10/9/2020                         | Initial FBI  | 8/2/2021                 |                           | Pending            |                     | Pending      | Analysis |       |   |

| 10/9/2020                         |              |                          | 10/9/2020                 |                    | Eligible            | Analysis     |          |       |   |

The provider portal shows the new status on the Background Check page.

2. Next, modify the BCAS pages with the new information and reverse the Preliminary and Final Decisions to reflect the new status.

The screenshot shows a form with the following fields:

- Background Check Level: Caregiver
- Determination Start Date: 8/2/2021
- Episode Begin Date: 10/9/2020
- Episode Type: Initial FBI
- Out Of State: No
- Preliminary Decision: Ineligible
- Preliminary Decision Date: 8/2/2021
- Final Decision: Ineligible (highlighted with a red box)
- Final Decision Date: 8/2/2021
- Eligibility Expiry Date
- Comments

3. Then add the reason(s) for the change in decision.

The Automated Facility and Individual letters are mailed the following day if the episode type is Fingerprint based. See Notices section for further detail.

**Warning:** If the Preliminary and Final Decision is first changed to Pending, no new sequence is created.

## Evaluate in Different Role

If the latest background check status for an individual is complete, CCPP allows the user to change the role for the individual. The change can also be done in WISCCRS by certifier, licensor or CBU staff. In certain scenarios, a new review must be done.

Below is a table when a review is necessary and when the role change is allowed (when the background check is not in Pending status). When a provider (or regulatory agency) submits a role change request using CCPP, a task is generated in the WISCCRS dashboard.

| From Role              | To Role     | Review Required | Example  |
|------------------------|-------------|-----------------|--|
| Higher Role – Approved | Lower Role  | No              | Individual approved to be an Applicant/Licensee changes role to be in a role under Caregiver or Non-caregiver. |
| Higher Role – Denied   | Lower Role  | Yes             | Individual denied as a Caregiver applies to be a Non-caregiver.  |
| Lower Role – Approved  | Higher Role | Yes             | Individual who is a caregiver applies to be an Applicant/Licensee.   |
| Lower Role - Denied    | Higher Role | N/A             | The person is not eligible for any other role.   |

If the review is required, the 'Evaluate for Different Role' button appears on the Modify Episode page.

The print below demonstrates a scenario where a caregiver (Director) applies for eligibility as an Applicant/Licensee.

The screenshot shows the 'Modify Individual Background Check Episode' page. At the top, there are individual details: Name (Mellow Yellow), Address (123 Yellow Brick Road, Liverpool, WI 12121), Individual ID (022140000), Date of Birth (1/1/1985), and Primary Phone# (212) 121-2121 (Home). Below this is the 'Employment/Residency Period' (08/19/2020). The main section is 'Modify Individual Background Check Episode', containing fields for Background Check Level (Caregiver), Determination Start Date (8/20/2020), Episode Begin Date (8/20/2020), Episode Type (Initial FBI), Out Of State (No), Preliminary Decision (Eligible), Preliminary Decision Date (8/20/2020), Final Decision (Eligible), Final Decision Date (10/23/2020), and Eligibility Expiry Date. A 'Comments' text area is also present. The 'Evaluate for Different Role' button is highlighted with a red box.

When the Evaluate for Different Role is selected, the page displays a warning stating that a new sequence will be created.

| Episode Start Date                | Episode Type | Determination Start Date | Preliminary Decision Date | Preliminary Status | Final Decision Date | Final Status | Analysis | Print | Update |

The Modify Episode page shows the Background Check Level as Caregiver. The new sequence shows Applicant/Licensee level.

**CCPP Changes:**

The provider portal shows the information real time. The most current screen shows that the Applicant/Licensee level check is pending. The due dates for FP and name-based checks have been added.

# Appeal

If the final decision for an individual is ineligible, the person has the right to appeal the decision. There are four appeal levels:

1. DECE Desk Review (reviewed by a DECE designee)
2. DCF Desk Review (reviewed by a DCF OLC designee)
3. DHA Hearing (formal hearing with DOA Division of Hearings and Appeals)
4. Judicial Hearing (any court, circuit or supreme, hearing)

The system allows the user to enter only one record of each type (1-3), except Judicial.

Note that this module is only updatable by Childcare Background Unit and Central Office Staff. Licensing and Certification staff can view the pages but cannot update.

## Accessing the Appeal Module

The appeal information can be accessed on the Modify Episode page. If appeal information exists for an individual/episode, a new icon has been added to the Final Status field indicating that an appeal record exists. Click on the pencil/magnifying glass icon to view details.

## Add an Appeal

DCF Childcare Background Unit and Central Office Staff can add appeal information for an individual. Below are the steps:

1. The Final Decision Status must be Ineligible – Appealed before an appeal record can be entered.

| Episode Start Date | Episode Type | Determination Start Date | Preliminary Decision Date | Preliminary Status | Final Decision Date | Final Status   |   |   |
|--------------------|--------------|--------------------------|---------------------------|--------------------|---------------------|--|---|---|
| ▼ 1/24/2019        | Initial FBI  | 1/24/2019                | 1/24/2019                 | Eligible           | 1/24/2019           |  Ineligible -Appealed |  |  |

2. Click on the pencil icon to access the Modify Episode page. Scroll down to the Add Appeal section of the page.

The page has the following fields:

| Field         | Description  |
|---------------|--|
| Appeal Type   | Values are: <ul style="list-style-type: none"> <li>• DECE Desk Review</li> <li>• DCF Desk Review</li> <li>• DHA Hearing</li> <li>• Judicial Hearing</li> </ul> The values in this field are auto-populated.  |
| Status        | Values are: <ul style="list-style-type: none"> <li>• Decided</li> <li>• Received</li> <li>• Under Review</li> </ul>  |
| Received Date | Enter the date the appeal was received.  |
| Hearing Date  | If applicable, enter the hearing date.   |
| Decision      | Values are: <ul style="list-style-type: none"> <li>• Dismissed – Other</li> <li>• Dismissed – Settled</li> <li>• Dismissed – Withdrawn by Agency/DCF</li> <li>• Dismissed – Withdrawn by Individual</li> <li>• Not Upheld</li> <li>• Stipulation</li> <li>• Upheld</li> <li>• Withdrawn</li> </ul> |
| Decision Date | Enter the date the decision was made.  |
| Comments      | Comments for the appeal can be entered here.   |

3. After the appeal record has been entered into the Modify Episode page, the Background Checks page has an icon that indicates that an appeal record exists.

## Modify an Appeal

To modify an appeal record, access the Modify Episode page to access the List of Appeal section. Click on the pencil icon to access the Modify Appeal page.

## Delete an Appeal Record

If a previous appeal type must be deleted, you must delete the records starting the latest appeal type first. After the latest appeal type has been deleted, the system will open the previous level. For example, a DCF Desk Review (level 2) record must be deleted before you can delete the DECE Desk Review (level 1).

Note that if the latest one has a decision, the system does not allow deletion. To open the record for deletion, delete the Decision date, change the Decision to a blank value and finally, change the Status to Received or In Progress. After that, the deletion button appears.

## Appeal Documents

Documents related to the appeal can be uploaded using the Document link by each appeal level.

# Notices

## Fingerprint Instruction Letter

See Fingerprint Letter section earlier in this guide on scenarios when the letter is triggered. These letters are usually sent to the provider, except if the individual submits the request from iChildcare. Those letters are sent to the individual's home address. If the person is attached to multiple facilities, each facility receives the instructional letter. If multiple individuals are added to a center during a day, all individuals will be listed on the instruction letter. This letter is immediately available in printable format in both CCPP and iCC.

These letters are found in the WISCCRS Batch Documents section for the provider location. The letters are also available in the Provider Portal under the Documents section.

## Decision Letters

The system triggers decision notices as explained in the table below.

| Monthly CPS  | No                             | No                               | No   | No                                 |

\* There are some exceptions to the Individual letter. See Preliminary and Final Decision Individual Ineligibility Letters section for a list of scenarios when a manual letter is needed.

Note that the center decision letters are not sent to family providers if the role is Applicant/Licensee.

\*\*If the Preliminary and Final Decisions are done the same day, both the Preliminary and Final decision letters are sent out the same day.

When an individual who has had a complete FBI check done under Facility A and is later attached to Facility B, the Final Decision letter is retriggered to Facility B. Note that if the individual was detached from Facility A, in CCPP, more than 180 days ago, a new fingerprint check is required.

The decision letters sent to the provider are stored in the Batch Documents section in WISCCRS and in the Documents section in the Provider Portal. The individual approval letters are stored in the Documents section for the individual. The manual denial letter is uploaded into the Confidential Documents section.

## Preliminary (PD) and Final Decision (FD) Individual Ineligibility Letters

The system has been changed so that the PD individual ineligibility letter is automatically triggered and sent to the individual once the review is done by the CBU staff.

Below are the changes made to automate these letters.

1. The Background Check Analysis Summary has been modified as follows:
  - a. Item 11: A comment field has been added where the reason for the denial is entered when the PD is Ineligible.
  - b. Item 12: A tag and a comment field has been added where reasons for the denial(s) are entered.
  - c. Name of the Analyst making the decision and Supervisor has been added. Both names are inserted into the ineligibility letter.
2. Episode Changes:
  - a. Only Supervisor can change the PD to Ineligible.
  - b. At least one tag is required when the decision is ineligible.
3. An immediate summary of the Ineligibility letter is available after Items 1 and 2 are completed when the PD/FD is Ineligible.

| <p>This letter notifies you that the Department of Children and Families has determined you are preliminarily ineligible to <b>be a caregiver at</b> a regulated child care center. Section 48.686 of the Wisconsin Statutes, Criminal History and Child Abuse Record Search, identifies certain crimes, acts or offenses that prohibit individuals from holding a license or certification issued by the Department of Children and Families, being a caregiver or non-caregiver employee, or residing at a regulated entity. The Department received a background check request, for which you were listed as <b>a caregiver</b>. In reviewing the request, the Department began conducting a background check on you and determined that you have an offense that bars you from <b>being a caregiver at</b> a regulated entity. <b>On August 16, 2017 the Department of Health Services substantiated a finding of Misappropriation against you.</b> This offense qualifies as a <b>Bar - With Rehabilitation</b> under Wis. Stat. 48.686.</p> <p>The Department is finishing the review of your background check information and will notify you in writing of the final eligibility decision by mail to the address you provided. The final eligibility notice will have information on your appeal rights and information about applying for rehabilitation review, if applicable.</p> <p>If you have questions regarding this notice, please contact Background Analyst [REDACTED] at 608-422-7400.</p> <p>Sincerely,</p> <p>Child Care Background Unit Supervisor<br/>Bureau of Early Care Regulation<br/>Division of Early Care and Education</p> <p>cc: Bureau of Early Care Regulation<br/>Office of Legal Counsel</p> |  |

If the following tags are used, the system creates the ineligibility letter:

- Bar - With Rehabilitation
- Bar - 5-year with Rehabilitation
- Permanent Bar
- Substantially Related
- CBC Fit and Qualified
- Failure to Respond
- Redetermination

The following denials do NOT have a template. A manual letter must be sent.

- Bar - Pending Charge
- Substantially Related - Pending Charge
- CBC Fit and Qualified - Pending Charge
- Bar - 5-year
- 5-Year Bar with Stipulation
- Rehab Review Approval

The text highlighted in yellow is inserted as follows:

First section:

- If applicant licensee and licensed, then 'be licensed to operate'
- If applicant licensee and certified, then 'be certified to operate'
- If caregiver role, then 'be a caregiver'
- If non-caregiver role, then 'be a non-caregiver employee at'
- If household member, then 'reside at'

Third Section:

- First sentence: Based on highest role
- Second sentence: Based on highest role
- Third sentence: Details of barred offense should come from BCAS

CBU Staff and Supervisor comes from BCAS

The system generates the letter overnight and mails it to the individual. The letter is available in the Individual Confidential Documents. Individual Ineligibility letters are not displayed in the Provider Portal, but are available in iCC.

## Re-triggering the Eligibility Letters

If an individual moves from one facility to another, the CBU staff can retrigger the final decision letter (eligible or ineligible) to be sent to the new facility. This only applies when the Final Decision status is Eligible to Ineligible.

To re-trigger the final decision letter, access the location the letter should be sent to. Then navigate to the latest fingerprint check.

## Background Check Quarterly Notice

The department sends out Quarterly Notices to childcare programs informing them which individuals are due for an annual name-based background check. The notices are sent to childcare programs around the 20th of December, March, June and September each calendar year.

Licensees/operators will need to review these notices carefully to ensure the department has the most up-to-date list of individuals associated with their childcare program. Annual name-based checks will be conducted on the following individuals:

- Age 18 or older
- Has an employment/residency status of Current or Prospective
- Has completed a DCF-conducted fingerprint-based background check (or DOJ Initial on minor employees) within 12 months or earlier

If the list of individuals included in the Notice or employment/residency status is not up-to-date, the licensee/operator needs to update the information in the CCPP as soon as possible and before the automated DOJ is run. The cost of the annual name-based check is \$10 per individual. The department will mail invoices every four months for the cost of any annual name-based checks conducted.

A copy of the Notice is available in the CCPP Facility documents and in the Batch Documents in WISCCRS.

The notice may have multiple sections depending on whether any individuals associated with the program fall under the criteria for the section. The sections are explained below.

#### List of individuals who have a 5-Year FBI due within the next four months:

| Upcoming Fingerprint Background Checks  |                    |               |
|---|--------------------|---------------|
| Individual(s) scheduled for a five-year FBI background check within the next four months: |                    |               |
| Name  | Role/Position      | FBI Check Due |
| RANDY RANDALL   | Applicant/Licensee | 08/29/2019    |

In addition to individuals who are due to have the 5-year check done, this section also includes the following individuals:

- Minor employees who have had an Initial DOJ conducted but the minor is turning 18 during the next four months.
- Individuals who reside outside WI must have the fingerprint check done on an annual basis.

Individuals who are associated with multiple facilities, are listed in the notice to the center where the Apply CBC Fee is set at Yes. This indicator is found on the Individual Details screen in WISCCRS.

The 5-year FBI due date (1-year for individuals residing outside WI) is calculated from the Determination Start Date of the latest background check. The date is found on the Individual's Background Checks screen.

Note that there can be scenarios when the FBI Check Due is in the past. This may have happened with facilities that were licensed prior to the new background check roll-out, on 10/1/18, but the center was scheduled to receive the Fingerprint reminders during the later stages of the roll-out. If the individual has never had an FBI check done in the past, the system uses the date the first Fingerprint roll-out notice was mailed to the facility.

**List of individuals who are past due for a fingerprint check:**

This section lists individuals associated with the program that are past due on their fingerprint submissions. The system will generate an Overdue Fingerprint Notice 30 days after the Quarterly Notice for the individuals listed here who have still not submitted their fingerprints at the time the Overdue Notice is generated.

**Past Due Fingerprint Background Checks**

The following employee(s)/resident(s) associated with your program are past due for submitting fingerprints. Please have these individuals schedule a fingerprint appointment immediately to avoid a noncompliance.

| Name         | Role/Position             | FBI Check Due |
|--------------|---------------------------|---------------|
| JOHN JANUARY | Household Member          | 04/01/2020    |
| SHELLY REED  | Contracted teaching staff | 10/16/2020    |
| JAN JANUARY  | Applicant/Licensee        | 01/24/2021    |
| EL CAPITANO  | Facilities staff          | 02/24/2021    |
| GLORIA BELT  | Contracted teaching staff | 03/17/2021    |

This is generated based on the date the FP letter is sent and starts the compliance clock

**List of individuals who are due for an annual name-based check:**

This section lists individuals associated with the program that are due to have an annual name-based background check done within the next four months.

**Upcoming Annual Name-Based Background Checks**

Individual(s) scheduled for an annual name-based background check within the next four months:

| Name           | Role/Position      | DOJ Check Due |
|----------------|--------------------|---------------|
| LENA LANNI     | Applicant/Licensee | 08/15/2019    |
| SANSA STARK    | Teacher - Lead     | 08/15/2019    |
| DANI TARGARYEN | Teacher - Lead     | 09/05/2019    |

The system schedules the DOJ annual checks 12 months after the last FBI check Determination Start Date. Then annually thereafter. The annual is skipped during the year the 5-year FBI is done. No individual will have both the DOJ and FBI due within the same calendar year.

**List of Individuals who have had the annual name-based check conducted within last three months:**

This section lists all individuals associated with the program who have had an annual DOJ name-based check conducted.

**Completed Background Checks**

Annual name-based background check(s) have been conducted on the following individual(s) associated with your facility within the last three months. You will receive an invoice for any of these checks you are yet responsible to pay for.

| Name          | Role/Position  | Latest DOJ Check |
|---------------|----------------|------------------|
| CAROM CASITTA | Student Intern | 12/17/2019       |

The program will be invoiced for these checks. Note that there are scenarios with newly licensed/certified programs when the \$10 fee has been already paid by the provider/operator. The system will not include these in the invoicing.

**List of Individuals in Prospective status associated with the program:**

This section lists all individuals associated with the program who have prospective status whether their background check is due or not.

**Prospective Employees**

The following employee(s)/resident(s) associated with your program have prospective status. Please update the status once the employment/residency decision has been made. Note that annual name based checks are automatically conducted on these individuals and your center may be invoiced for the checks.

| Name      | Role/Position | Prospective As Of |
|-----------|---------------|-------------------|
| BHA RATHI | Administrator | 10/26/2018        |

Prospective employees FP expires after 180 days and they will need to be fingerprinted again.

**Overdue Fingerprint Notice**

This letter is triggered automatically and sent to the facility 30 days after the Quarterly Notice has been mailed. This notice includes the individuals who were listed in the Past Due Fingerprint Background Checks section of the Quarterly Notice if they have not submitted their fingerprints at this time.

**Overdue Fingerprint Background Checks**

The following employee(s)/resident(s) associated with your program are overdue for submitting fingerprints. Please have these individuals schedule a fingerprint appointment immediately to avoid a noncompliance.

| Name         | Role/Position      | FBI Check Due |
|--------------|--------------------|---------------|
| CDA PROVIDER | APPLICANT/LICENSEE | 08/28/2014    |

The system generates the letter overnight and mails it to the facility. A copy of the Notice is available in the CCPP under Communications Documents and in Batch Documents in WISCCRS.

## Fingerprint Compliance Module

The purpose of this module is to track fingerprint non-compliance through an automated process. This process will begin when individuals have not submitted their fingerprints at the time the Quarterly Notice is generated (plus at least 30 days after the FP Letter was sent) and are populated in the Past Due Fingerprint Background Checks section.

### Accessing the FP Compliance Module/CBC Compliance Details

From the Administration page in WISCCRS select Fingerprint Non Compliance.

[Fieldprint Discrepancies](#)  
Here you can view the Fieldprint Discrepancies

[Fingerprint Non Compliance](#)    
Here you can view the Non Compliance

From there you can generate a list of facilities using a general (open-ended To Date) or a specific timeframe. The From Date is a required field, the To Date is optional. The default From Date is set for 7 months prior to the last Quarterly Notice done. The rows are sorted in descending order of the Action Date. Your list will include any facility that has had a FP Non Compliance or Compliance action during the timeframe entered in the search parameters.

The Individuals link shows the individuals attached to the facility who were not in compliance with the law at the time of the batch run. This page shows the FP Non Compliance history for that particular facility.

## Non-compliance Process

The Fingerprint Check Non Compliance Details page displays the details for the FP Non Compliance history for the facility. The system will automatically generate each step of the process as long as at least one of the non-compliant individuals has not come into compliance. The process restarts if a new individual is inserted in the Past Due section of the Quarterly Notice.

Below the entire process is explained in more detail.

Note that the process can end after any of the step below if the facility has corrected the non-compliance. If the facility has become compliant, a Background Check Compliance task is generated into the CBU inbox.

1. **Past Due Fingerprint Checks** – A quarterly batch process identifies the individuals who are past due for fingerprint checks and those individuals populated in the Past Due Fingerprint Background Checks section of the Quarterly Notice. The status of this step is Non Compliance.
2. **Overdue Fingerprint Checks** – Thirty (30) days after the Quarterly Notice, an Overdue Fingerprint Notice is sent to the facility listing individuals who still have not submitted their fingerprints at the time the Overdue Notice batch run. The status can be either Non Compliance or Compliance. If all individuals listed as past due have come into compliance in the previous 30 days, the notice will show as Compliance and the process ends.
3. **294 Process** – If the individual(s) missing the FP check listed on the Overdue Fingerprint Notice previous month, the system generates a rule violation 30 days after the Overdue Notice batch and attaches the non-compliant individuals to it. The system also creates a visit where the 294 is attached to. The 294 is only run for those individuals who are still non-compliant at the time of the batch run. The status can be either Non Compliance or Compliance. If all individuals listed on the Overdue Notice have come into compliance in the previous 30 days, the 294 Process in facility CBC Compliance Details screen shows as Compliance and the progression ends.
  - a. **Licensing and MECA Certification:** CBU staff manually selects the Print Non Compliance With Cover Letter button and sends it to the provider by mail/email. **The Compliance/Non Compliance Issue Date on the Modify Site Visit screen must be entered so the violation is sent to the Public Search.** CBU Staff can modify/delete these system created violations if needed.
  - b. **BOS Certification:** A task is generated to the Certification Agency Dashboard. To issue the 294, the Certifier manually selects the Print Non Compliance button and sends it to the provider by mail/email. **The Compliance/Non Compliance Issue Date on the Modify Site Visit screen must be entered so the violation is sent to the Public Search.** Certifiers can modify/delete these system created violations if needed.

The CBC Non-Compliance Automated Violations section in the [Monitoring Results](#) user guide explains the 294 automation in more detail and how to send out the non compliance, cover letter and staff key.

The system also automatically generates the Description for the 294 as “Fingerprints not completed for the following individuals: Individual 001, Individual 002, Individual 003...” depending on how many individuals are non-compliant. The staff key identifies the individuals.

#### 4. Enforcement Process

##### Licensing:

1. **Order:** If the facility under steps 1-3 above continues to be non-compliant, a Background Check Non-Compliance – Order Letter task is generated to CBU inbox 15 days after the 294-process has run. CBU manually enters the enforcement into the enforcement module and sends the enforcement notice to the facility.
2. **Forfeiture:** If the facility above continues to be non-compliant after the order task, a Background Check Non-Compliance – Forfeiture task is generated to CBU inbox 15 days after the order task under item 1 above. CBU manually enters the enforcement into the enforcement module and sends the enforcement notice to the facility.
3. **Revocation:** If the facility above continues to be non-compliant after the order forfeiture task, the system generates Refer to Agency task to the CBU inbox 15 days after the Forfeiture task. The regional office may issue a 30-day notice of revocation or revocation against the facility if the violation has not been corrected.

##### Milwaukee County Certified Programs:

1. **Suspension:** If the program continues to be non-compliant, 30 days after the 294 was generated, the system generates a Background Check Non-Compliance – Suspension task to CBU. CBU may issue a suspension. The suspension is manually entered into WISCCRS. Provider's YoungStar status is changed to 1 Star.
2. **Revocation:** If the program continues to be non-compliant after suspension, 30 days after Suspension task, a Background Check Non-Compliance – Refer to agency task is generated. BECR regional staff may issue revocation to the facility due to non-compliance.

##### Balance of State Certified Programs:

- **Enforcement:** If the program continues to be non-compliant, 30 days after the 294 task was generated, a Background Check Non-Compliance – Refer to agency task is generated to CBU inbox. CBU contacts the agency for further action.

Below is an example that shows the various stages of non-compliance for a licensed program:

##### Managing individuals attached to a non-compliance record.

The Individuals link from either Fingerprint Non Compliance module on the Administration page or CBC Compliance Details on the facility page, points directly to the list of individual(s) who were not in compliance with the fingerprint background check process at the time of the batch run. This page is called Non Compliance Individuals and shows the Non Compliance Details along with the Background Check Non Compliance – Individuals. The  icon takes you to that individual on the Location Details – Individuals page.

If you determine the need to remove one of the individuals because they should not continue through the Non Compliance process at this time, you can detach them by selecting the Detach link.

Select Removed from the dropdown, click on Save. This changes the individual's status to Removed. This process can be reversed by clicking on Detach again and by changing the status to the blank option. Note: This Removed individual will not be considered for future runs of this quarter. However, at the beginning of the next quarter, the individual will be added back into the Past Due section of the Quarterly notice (if the individual has not completed the fingerprints). Example: If an individual is detached in March for related batch runs, in June the system will pick the individual up again, if the individual is still non compliant. If the letter was triggered in error, the individual is removed and the FP must be deleted.

## Processing/Mailing 294-Non Compliance

The 294-generation is explained in the [Monitoring Results](#) user guide under CBC Non-Compliance – Automated Violations section.

## Fingerprint Enforcements

The CBC related enforcements are manually entered into WISCCRS just like other enforcement types. Please refer to the [Enforcements User Guide](#) for more details.

## Monthly matches

Existing individuals are matched on a monthly basis with the maltreater file only. Individuals from WISCCRS are included if they:

- Have an Initial/5-year FBI or Initial DOJ episode with final decision
- Have active employment/residency (or potential employment/residency)
- Are associated with an active provider, a technical college, contracting service agency or the unaffiliated facility.

Any new matches or updated incident information on the individual will trigger a task to the CBU.

The task will link to the page where potential matches are displayed. If a potential match is marked as a Match, the page will create a CPS Background Check and Monthly CPS Episode. When no matches or new incidents are found, no episodes or background checks are created.

If a potential match is found during the monthly match, the Monthly CPS episode is not shown on CCPP or iCC. If the match results in an ineligibility determination, CBU staff create a new Ad Hoc episode and mark the Final Decision as Ineligible. This will trigger a letter to the facility and the Ad Hoc episode is displayed in CCPP and iCC.

## Matching Algorithm

Four different field combinations are used to consider a match. The table below shows how the system designates the matching score:

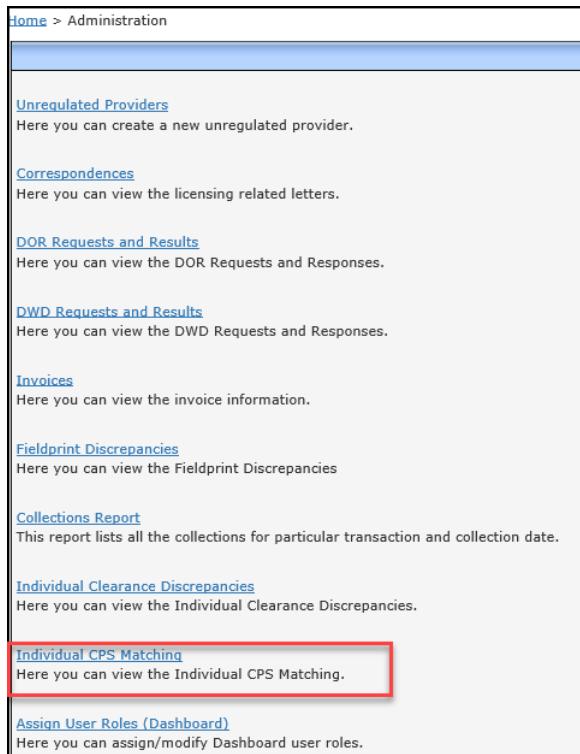

| Match Type            | SSN | DOB | Name | Soundex | Address | Score |
|-----------------------|-----|-----|------|---------|---------|-------|
| SSN + Other Field(s)  | Y   | Y   | Y    |         |         | 100   |
