

YoungStar Analysis and Update Project

The Department of Children and Families (DCF) is seeking input from families, child care providers, and other early care and school-age education stakeholders to inform the YoungStar Analysis and Update Project.

Our goal is to make YoungStar a more effective tool for setting meaningful expectations for child care quality, supporting child care programs to meet quality expectations, and to provide information families and caregivers need to make child care decisions.

To achieve this goal, DCF is committed to learning from providers, educators, families, and other stakeholders. DCF will be hosting virtual and in-person listening sessions across the state to learn:

- What does quality mean to you?
- How can YoungStar support child care programs to provide quality?
- How can YoungStar support families to access quality?

We want to hear from YOU!

Scan the QR code with your smartphone to:

- Find a listening session near you
- Access the survey link
- Get involved with the project

Sign up for the YoungStar Analysis and Update Project listserv at <https://dcf.wisconsin.gov/youngstar/updates/email-signup>
