Who Is Eligible

Direct Deposit is available to anyone receiving W-2 benefits who has an account or is willing to open an account at a financial institution.

Instead of a paper W-2 payment delivered to your home each month, your monthly W-2 benefits are deposited directly into your financial institution account.

How Do I Apply?

Contact your financial institution and complete the form for Direct Deposit authorization. Return the completed form to the W-2 agency in the county/tribal lands where you live.

If I Enroll, How Long Will It Take Before My Check Is Direct Deposited?

Your W-2 benefits should be electronically deposited to your account within 60 days of your application.

What Are The Advantages Of Direct Deposit

It’s Safe. You will no longer have to worry about mail theft or losing your check.

It’s Reliable. Your money will be automatically available on the first business day of each month. Your check won’t get held up in the mail. No more waiting for the mail delivery person!

It’s Sensible. Just take out the cash you need. Keep the rest safe and secure! We do the deposit for you.

It’s Convenient. No more walking to the financial institution & standing in long lines!

Will I Have Reporting Responsibilities?

It is your responsibility to notify your local W-2 agency whenever you change financial institutions. The state is not automatically notified when you move your account(s).
