RE: Wisconsin's Federal Fiscal Years 2019-20 TANF State Plan

PURPOSE

This memo is to provide information about the draft Temporary Assistance for Needy Families (TANF) State Plan for Federal Fiscal Years (FFYs) 2019-20 (October 1, 2018-September 30, 2020), and the opportunity for public review and comments.

BACKGROUND

In order to continue to receive funding under the federal TANF block grant, Wisconsin must submit a state plan for FFYs 2019-20 to the United States Department of Health and Human Services, Administration for Children and Families (ACF). The draft state plan is available for review and comments through **Thursday, October 18, 2018**. The Department of Children and Families (DCF) will consider all comments and, as appropriate, will incorporate any revisions into the draft plan. The final draft state plan will be submitted to ACF no later than December 31, 2018.

The draft state plan describes the state TANF program as framed by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), by subsequent federal TANF regulations, and by cumulative Wisconsin state legislation pertaining to Wisconsin Works (W-2) and related programs.

The plan provides a general overview of the W-2 program and Wisconsin's other TANF programs. However, local W-2 agencies must continue to use the Department's policies and

procedures, including the W-2 Manual and other official DCF informational releases, for all program guidance.

CONTENT OF THE PLAN

Under PRWORA, states must have a plan that outlines how they intend to conduct a TANF program that provides assistance to needy families and provides parents with job preparation, work, and support services to enable them to leave the program and become self-sufficient. Wisconsin will provide TANF-funded services to needy families with incomes at or under the various percents of the Federal Poverty Level, in addition to other financial and non-financial eligibility requirements, which are specified for the services in the plan. For the programs that provide the fourth purpose of the TANF program (i.e. encouraging the formation and maintenance of two-parent families), there are no required income limits.

The plan includes the required assurances in the United States Code at 42 U.S.C. 602(a)(2)-(7) related to conducting a program that, in addition to the fourth TANF purpose above: 1) provides parents with job preparation, work, and support services to enable them to leave the program and become self-sufficient; 2) establishes goals and takes action to prevent and reduce the incidence of non-marital pregnancies, with special emphasis on teenage pregnancies; and 3) provides education and training on the problem of statutory rape so that teenage pregnancy prevention programs may be expanded in scope to include men. DCF consulted with the Departments of Health Services, Public Instruction, Justice, Administration, and Revenue in developing the portions of the plan assurances related to their Department's programs in the draft plan.

DCF has organized the information in this plan by the federal provisions, and categorized the descriptions of programs and services into: 1) TANF programs and services, including the W-2 program and Wisconsin's other TANF programs/services; and 2) Wisconsin's other programs/services for needy families.

PLAN AVAILABILITY

The draft TANF Plan is available:
