5. EA Status Indicator Discussion <i>We're considering an update to the EA status of "In Progress" to make it more specific. We'd like to know if a more specific status or other flag or indicator would be helpful to separate out different stages of "In Progress". For example, two different stages of "In Progress – Pending Interview" and "In Progress – Pending Verification". Or some other indicator to quickly identify when different aspects have been completed. Any thoughts on what would be helpful to you would be wonderful!</i>	20 mins	Audrey Proaño, Ginger Seery and W-2 Agencies
6. System Updates	10 mins	TANF Automation Section
7. Supportive Services Page Discussion <i>As a group, we'll discuss what the implementation of the new Supportive Services page has been like. We'd like to hear W-2 agency feedback, whole family use cases, implementation status updates, or anything else related to collecting supportive services data.</i>	20 mins	W-2 Agencies
8. Closing	10 mins	Anna Sainsbury
