**Importance:** High

Good Morning:

This email is to share information about the U.S. Department of Health and Human Services' (HHS) Centers for Disease Control and Prevention (CDC) [eviction protection declaration](#). CDC Director Dr. Rochelle Walensky signed a declaration determining that the evictions of tenants could be detrimental to public health control measures to slow the spread of SARS-Cov-2, the virus that causes COVID-19. The temporary halt in residential evictions to prevent the further spread of COVID-19 order can be found [here](#).

Please view the below link to a new video produced by the Consumer Financial Protection Bureau (CFPB) that outlines steps for eviction prevention for renters. We are hopeful that you will share this excellent consumer resource with residents in Wisconsin. We would also be grateful if you considered posting the link on your agency's website:
