

**COVID-19  
UPDATES**

COVID-19 continues to impact many families throughout Wisconsin, including those served by the Department of Children and Families through our programs. These impacts come in the form of illness, missed work caused by illness and economic disruptions, lack of childcare due to center closures, K-12 school and early learning closures, and reduced activity opportunities due to worksite closures. During this uncertain and challenging time, we view the COVID-19 pandemic as an event outside of the control of our participants and therefore access to our programs is critical to the COVID-19 emergency response. For that reason, BWF is making temporary adjustments listed below to encourage social distancing and mitigate the spread of the virus while supporting those we serve. Agencies must inform staff of adjustments and alter case management procedures accordingly.

Policy Adjustments with automation changes	Application & Case Processing	<p><b>Requesting Verification from Applicants and Participants</b></p> <p>Due to COVID-19 and many businesses and external entities closing or operating under reduced capacity, individuals may be unable to furnish needed verification documents and W-2 agency staff may not have the ability to assist.</p> <p>BWF, along with its partners in the Division of Early Care and Education and Department of Health Services, have instituted a temporary policy and supporting CWW automation allowing for the use of best available information as verification for certain eligibility items during COVID-19. 		<p>19 exposure. W-2 agencies are to use the Contact Center Anywhere (CCA) software currently in use for CMF, CMF+, and CMU W-2 Eligibility Reviews to collect all required signatures from W-2 applicants and participants.</p> <p>CWW will provide an option for collecting a telephonic signature for eligibility reviews for all placement types. It will not provide the option for collecting a telephonic signature for any other type of meeting, however. Therefore, for telephonic signatures for anything other than an eligibility review, FEPs will have to read whatever document is being telephonically signed, e.g., W-2 application, W-2 Participation Agreement, Employability Plan, etc., in order to record the agreement being made between the FEP and the participant, the FEP will need to read the language that is in the telephonic signature display in CCA. CCA will then provide the FEP with the interaction id number that the FEP should record in case comments.</p> <p>Updated 5/4/2020: BWF created three scripts agencies can use when utilizing CCA for telephonic signatures. The scripts are for Emergency Assistance and W-2 application signatures and W-2 requests for assistance.</p> <p>Information on how to navigate the CCA software is available on the Partner Training Team (PTT) Learning Center in the Contact Center Anywhere Reference Guide for W-2 desk aid. Additional information on use of CCA can be found in Operations Memo <a href="#">18-09: Telephonic Signatures for CMF, CMF+, and CMU W-2 Eligibility Reviews</a>. Information on requesting CCA is included in this Operations Memo. BWF will also be setting up CCA access for supervisors to oversee work remotely. Information is forthcoming.</p> <p>Update 3/3/20: For refugees and other ORR-eligible populations applying for W-2 or RCA, FEPs may accept <a href="#">Authorized Representative</a> forms from resettlement agency staff without applicant/participant signatures.</p>

Policy Adjustments without automation changes	Nonfinancial Eligibility	<p><b>Extension of Eligibility Period for Refugee Cash Assistance (RCA) and Refugee Medical Assistance (RMA)</b></p> <p>By policy, RCA and RMA eligibility periods are eight months.</p> <p>Under authority from the federal Office of Refugee Resettlement (ORR), the eligibility periods for RCA and RMA are extended up to eighteen months.</p> <p>For RCA, this includes individuals who are about to terminate from the program or who have successfully exited the program and then subsequently either lost employment or sustained a reduction in hours that would requalify them for RCA.</p> <p>For both RCA and RMA, this extension applies for those who became eligible after April 1, 2019, with the additional months not extending beyond September 30, 2020. For those who became eligible on or after February 1, 2020, the eligibility period will remain at eight months.</p> <p>For more detailed information, refer to the email issued by the BWF Work Programs Help Desk on April 29, 2020.</p>			X (RCA and RMA)	4/29/20	<p>Partially reverted to original policy, partially extended.</p> <p>See <a href="#">BRP OM 21-05</a> from October 1, 2021.</p>

In addition, individuals are considered eligible for a full W-2 payment in the interim.</li> <li>4. Once the public health emergency is no longer in effect and vendors have resumed the drug testing service, W-2 workers must revisit drug felon testing with individuals who previously reported a drug felony conviction at the next W-2 eligibility review.</li> <li>5. This will allow the participant's case to stay open without sending a Notice of Action Needed to the participant.</li> <li>3. Add a case comment identifying the reason code was chosen due to COVID-19 and the participant's case will remain open until Good Cause can be determined once the public health emergency is over.</li> </ol> <p>Once the COVID emergency is over, cases in this special status will be identified using a Webl report and workers will make a good cause determination following existing policy.</p>

Policy Adjustments without automation changes	Assessment	<p><b>Career and Educational Assessment 30-day Timeframe</b></p> <p>Currently, when completion of a standardized educational needs assessment tool is necessary to determine or confirm the applicant or participant’s current educational levels, the tool must be scheduled and documented in CARES within 30 days of placement. Career assessment must be offered to all applicants and assigned as an activity on the initial EP. If an applicant is new to W-2 or is re-applying and does not have a career assessment documented, a career assessment must be scheduled within 30 days of application and completed within 30 days of placement.</p> <p>BWF is suspending the 30-day timeframe for scheduling and documenting career assessments and standardized educational needs assessment tools in CARES to support social distancing efforts and reduce risk of COVID-19 exposure.</p> <p>This timeframe suspension includes the RCA requirement to work with recipients to manually develop individual Employability Plans.</p>	X		X	3/25/2020	Reverted to original policy. 		BWF is suspending the required 30-day timeframe for scheduling and documenting formal assessments to accommodate anticipated delays in scheduling and completing formal assessments due to COVID-19. Because formal assessments are necessary to ensure full participation and reasonable accommodations, the formal assessment is to be scheduled and completed as soon as it is safe to do so and the appropriate qualified assessor is accepting appointments.					
Policy Adjustments without automation changes	W-2 Placements	<p><b>Use of the Unemployed Individuals Capable of Obtaining Employment (CMJ) Case Management Placement</b></p> <p>BWF has provided W-2 agencies with significant flexibility to accommodate challenges likely to be experienced during the public health emergency. Agencies have been encouraged to make discretionary decisions favorably for applicants and participants due to the impact of the pandemic on low-income parents and their families.</p> <p>W-2 agencies must carefully consider who they place in CMJ during a time where jobs and people’s ability to work is very limited.</p> <p>In addition, the W-2 agency must carefully assess individuals in CMJ placements and other case management placements to determine if there are barriers that make it difficult for the individual to obtain or maintain employment, particularly during the pandemic, e.g., unavailability of jobs, needed to care for children due to school or daycare closures, etc. If the FEP determines that there are barriers, the FEP may place the individual in the appropriate paid placement if the individual meets financial and nonfinancial eligibility criteria.</p>	X			5/4/2020	Policy guidance not adjustment.

Policy Adjustments with automation changes	Activity Assignment	<p><b>New Social Distancing Activity Code</b></p> <p>A new Activity Code has been created to report hours previously assigned to activities affected by the COVID-19 outbreak and community sequester. Use CX – Social Distancing Activities for individuals who are unable to participate in activities that entail face-to-face contact or group activity due to the COVID-19 Pandemic. The activity code will be available in CARES on Tuesday, March 24, 2020.</p> <p>Agencies must evaluate activity assignments, determine which activities cannot be done in compliance with COVID-19 Social Distancing requirements, close out those activities using component Completion Code B - Unsuccessfully Completed/Interrupted, and report the aggregate hours using the CX Activity Code. The social distancing activity can be closed using component Completion Code A - Successfully Completed, when a new EP is created after the public health emergency is over.</p> <p>Agencies are encouraged to continue activities that could be done from home, for example:  CD – Caring for Disabled Child  CE – Career Planning &amp; Counseling  CF – Caring for Other Family Member  LF – Life Skills  MO – Job Readiness/Motivation  MP – Ongoing Medical/Personal Care  PA – Parenting Skills  PD – Personal Development  PR – Physical Rehabilitation</p> <p>The following forms are required for CD, CF, MP, and PR. Policy Adjustments without automation changes	Activity Assignment	<p><b>Job Skills Training Activity Assignment</b></p> <p>Currently, short-term job skills trainings assigned under the JS – Job Skills Training activity code must include a minimum of 40 hours of classroom instruction. BWF is waiving this 40-hour classroom time requirement for the duration of the public health emergency. W-2 agencies may assign the JS – Job Skills Training activity code when a participant enrolls in a training that meets all other criteria as outlined in the JS activity definition. For example, at one agency, CBRF training is 40 hours, but due to the current COVID - 19 situation and removal of in-person classroom hours, students are now certified after approximately 28 training hours. Coding a CBRF training shortened from 40 hours to 28 hours of classroom time due to COVID-19 is an appropriate application of this policy adjustment. Policy Adjustments without automation changes	Activity Assignment	<p><b>Technical College Activity – Related Activity Assignment</b></p> <p>Currently, individuals participating in a program under the TC – Technical College Activities activity code must also be employed or assigned 25 hours of work activities per week. The 25 hours of work activities must include study time required for the TC program as well as other work activities that relate to the participant’s training. BWF is waiving the requirement for the additional 25 hours of work activities to be directly related to the training for the duration of the public health emergency. W-2 agencies may temporarily assign individuals the CX activity as part of the 25-hour work activity requirement if no remote options for activities related to their training are available.</p>	X		X	TBD	Reverted to original policy, See OM <a href="#">22-10</a> from May 26, 2022
Policy Adjustments without automation changes	Time Limits	<p><b>State 60-Month Time Limit Extension Criteria</b></p> <p>Current state 60-month lifetime limit extension criteria accommodate many challenges that applicants and participants may have experienced prior to the COVID-19 pandemic; however, it is important to highlight that W-2 agencies may interpret the “family problems” extension criterion to include the unique challenges that applicants and participants may be experiencing during the COVID-19 pandemic. Examples of family problems that may be prevalent during the public health emergency include the need to remain at home to provide childcare due to school/day care closures or adhere to social distancing practices. The “family problems” extension reason may also be used in situations where an individual is unable to obtain a valid formal assessment for criteria 2, 3, and 4 due to the COVID-19 outbreak and community sequester.</p> <p>In making extension approval vs. denial decisions, W-2 agencies are encouraged to review and interpret time limit extension requests favorably for the applicant or participant due to the</p>	X			3/25/2020	Policy guidance not adjustment.

Policy Adjustments with automation changes	Eligibility Reviews	<p><b>Three-month Extension for Eligibility Reviews</b></p> <p>W-2 agencies are required to conduct a W-2 eligibility review at east every six (6) months. The due dates for W-2 eligibility reviews originally scheduled for months March through August have been extended for a period of 3 months.</p> <p><b>March Eligibility Reviews:</b> As noted above, March eligibility review due dates were extended to June 30, 2020. However, when the date was changed in CWW, there were some cases that were already in "Pending" status. BWF is asking that the W-2 agencies review these cases to ensure that they are not incorrectly closed for failing to provide verification related to a review, since reviews have been extended. A list of pending cases by agency has been attached to this email.</p> <p><b>April Eligibility Reviews:</b> BWF is issuing a one-time letter the week of March 23, 2020, notifying 778 W-2 participants who have received a 45-day notice that they had eligibility reviews in April that their review date has been extended three months. BWF will work with Wisconsin's Department of Health Services determine future communications for May and June.</p> <p>Update 3/25/2020: The W-2 eligibility due review dates for April through August were changed in CWW and ACCESS.
