EFFECTIVE DATE: March 21, 2015

PURPOSE

The purpose of this memo is to explain the impact of Phase II of the FoodShare Employment and Training (FSET) changes on the CARES Work Programs (WP) subsystem. There are no Wisconsin Works (W-2) policy changes associated with this memo.

BACKGROUND

Due to a provision in Wisconsin's 2013-15 biennial budget the Department of Health Services (DHS) anticipated that participation in FSET would increase significantly. To support the potential increase in the FSET caseload, DHS decided to make structural changes to the FSET

program, including moving the FSET functionality out of the CARES WP subsystem and into CARES Worker Web (CWW). DHS decided to use a phased-in approach.

Effective July 1, 2014, under Phase I, DHS implementation occurred in the Southeast FSET Region 1 (Kenosha, Racine, and Walworth Counties). Effective March 21, 2015, under Phase II, DHS is expanding these changes statewide.

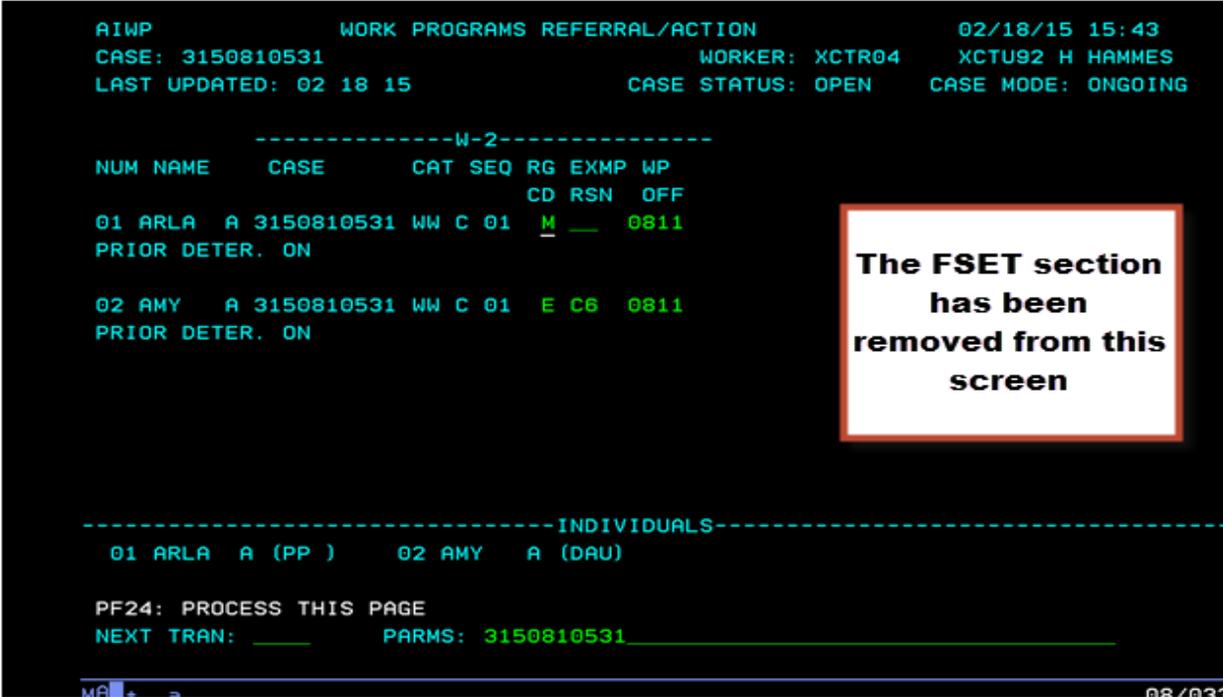

This memo describes the impacts of the Phase II statewide implementation on the WP subsystem.
