

Benefit Recovery Investigation Tracking System (BRITS) Updates ~ 02/15/18

BRITS Web Reports 1-8: W-2 Geographical Area Filter:

A modification to BRITS Web Reports 1-8 is now available.

Web Report folder path: DCF/BRITS/6. DCF W2

BRITS Web Reports 1-8 have an additional input field called: **W-2 Geographical Area**, which allows a user to select the W-2 Contract Agency name. A user will need to apply the input field when moving from one tab to another within the report.

Note: BRITS Web reports update daily, the data displayed in the report will be current as of the previous business day. For example, if you run the report on February 1, 2018, the report will capture all data entered up until the close of business on January 31, 2018.

Highlights of BRITS Overpayment Claims Development:

- The BRITS team is currently developing the W-2 Overpayment Claims where the result of the overpayment amount will be entered and the W-2 Overpayment Notice will be uploaded into the BRITS application. When the development is available, a future demo will be scheduled.
- Job Access Loans (JALs) will all move over into BRITS. This includes the entry, calculation, and maintenance such as re-payment and /or collections.
- Emergency Assistance (EA) Overpayment Claims will also be available for collections in BRITS. This process will be similar to W-2 Overpayment Claims where the result of the overpayment amount will be entered and the EA Overpayment Notice will be uploaded into the BRITS application.

****REMINDERS******BRITS Time Out Issue:**

Users are reporting getting timed out of BRITS after being idle for 15 minutes. BRITS developers have been unable to replicate the issue. In an effort to understand why some users are experiencing this, an email was sent to W-2 Agency CARES Coordinators and Fraud Coordinators on 12/13/17 to complete a brief [survey](https://brits-research.typeform.com/to/rNpALV) (<https://brits-research.typeform.com/to/rNpALV>).

If you are experiencing this issue, please immediately contact the [DCF Service Desk](mailto:dcfservicedesk@wisconsin.gov) (dcfservicedesk@wisconsin.gov) and copy the [DCF W-2 Helpdesk](mailto:dcfw2careshd@wisconsin.gov) (dcfw2careshd@wisconsin.gov) for tracking.

Incorrectly linked Overpayment Claims on BRITS referrals:

Agencies must correctly link CARES Screens BVRF Overpayment Claims and BRITS Referral numbers. BRITS referrals must be in Post Investigation In Progress status. A quarterly discrepancy report will be available for agencies to clean up mismatch BRITS referrals in the incorrect status.

Future BRITS Reports in Web:

The BRITS BI team is working on developing additional reports, including specific program reports. If you have any suggestions, please email them to the [DCF W-2 Fraud mailbox](mailto:dcfw2fraud@wisconsin.gov) (dcfw2fraud@wisconsin.gov).

BRITS Phase 2 Timeline:

There is no timeline for BRITS Phase 2 release.
