

A new report entitled: Employment Report 02: Number of W-2 Participants with Job Starts Expected to Last More Than 30 Days has been created and published in WEBI to the following folder location:

DCF > WISDOM > Employment Programs > Wisconsin Works > Employment Reports

This report shows the number of W-2 participants with a full or part time job start, based on the CARES WPEH employment begin date) that is expected to last more than 30 days by month within the Year-to-date (YTD) time frame selected. The report has two tabs: By Agency and By County. In each tab the total number of participants with any type of job (Full Time or Part Time) is displayed, Full Time only, and Part Time only that is expected to last more than 30 days is shown.
