

Updates to CORE Report 05: High School Education Attainment Summary and CORE Report 06: Vocational Training Summary have been published.

Both of these reports can be found in the CORE Reports folder in WebI (DCF | WISDOM | Employment Programs | Wisconsin Works | W-2 CORE Reports).

The two reports now contain PIN-level detail regarding earned incentive payments for High School Education Attainment and Vocational Training. Specifically, the reports now enable WebI users to view exactly which participants have achieved these incentive payments for the W-2 agency.
