**Wisconsin Shares Copayment Schedule**

The Assistance Group's (AG's) Percentage of the Federal Poverty Level (FPL)
The copayment calculation uses the assistance group's monthly income and assistance group size to determine the FPL percentage. If the assistance group's income is between two lines, it uses the lower amount.

**The Copay per Hour**
The copayment calculation uses the number of children with Wisconsin Shares authorizations to find the Copay per Hour for the AG's FPL.

| ![Total Assistance Group (AG) Copay Hours](https://example.com/wisconsin-v2.png) |

**The Assistance Group (AG) Copay**
For each month, the copayment calculation multiplies the Total AG Copay Hours by the Copay per Hour amount.

**The Child's Copay**
For each month, the AG Copay is distributed to each child with a Regular copay type based on that child's percent of the assistance group's total hours. The total hours for this step are capped at 152 hours per child for each provider location, but not capped at 152 total per child or 760 per assistance group.

**Example:**
Please note that these numbers are approximate and both children in the example have the Regular Copay Type. The AG's FPL is 195% FPL with 4 children. The AG Copay is $123.83 (232 x $0.53) at 95% FPL.

The copay calculation multiplies the Total AG Copay Hours by the Copay per Hour amount.

**Total AG Hours**
The first child is authorized for 80 hours per month, and the second child is authorized for 170 hours per month. The second child's hours are capped at 152, so the Total AG Hours are capped at 232 hours (80 + 152) for the month.

**The AG Copay**
The AG Copay is $113.68 (232 x $0.49) for the month.

**The Child's Copay**
The assistance group has 2 children with Wisconsin Shares authorizations. Their copay is $0.49 per hour.

*Copayment types: Regular = Based on FPL number of children in care, and number of authorized hours; used for all children who do not qualify for one of the following reduced copayment types. Kinship = $0, used for children in court-ordered placement with a relative. Non Court Ordered Kinship = Based on 65% FPL, used for children being cared for by a relative who does not have a court order for their placement. Foster = $0, used for children placed with a foster family, subsidized guardian, or interim caretaker. Learnfare = $0, used for children of teen parents participating in the Learnfare program. W-2 Employed = Based on 65% FPL, used for children of former W-2 participants starting unsubsidized employment during the eligibility period. Teen High School = Based on 65% FPL, used for children of teen parents who are attending high school. The monthly copayment is based upon the monthly authorized hours of child care for the assistance group. Monthly hours are rounded up to the nearest whole hour when determining the copayment.

If an assistance group's income is above 200% FPL, the AG Copay is increased by $1 for every $3 that the income exceeds 200% FPL.
