Wisconsin Academic Standards specify what students K-12 should know and be able to do in the classroom. They serve as goals for teaching and learning.

Birth to 3 Program
Wisconsin Department of Health Services
1 W. Wilson Street, P.O. Box 7851
Madison, WI 53707-7851
Phone: 608-267-3270, Fax: 608-327-0237
Website: http://www.dhs.wisconsin.gov/birthto3/index.htm
Birth to 3 is Wisconsin’s early intervention program for infants and toddlers with developmental delays and disabilities and their families. A federal law, the Individuals with Disabilities Education Act (IDEA), provides a framework for a comprehensive program and coordinates developmental, health and social services within a community. The Department of Health Services oversees the Birth to 3 Program in Wisconsin.

The Birth to 3 Program is for children ages birth to 36 months. Eligibility is based on a diagnosed disability or significant delay in one or more areas of development. The team evaluates the child’s ability to learn (cognitive development); move, see and hear (physical/motor development); communicate and understand other’s communication (speech and language development); respond to and relate with others (social and emotional development); and eat, dress and care for daily living needs (adaptive development). A Birth to 3 service coordinator helps the family understand and participate in the evaluation process.

Wisconsin’s Child Care Resource & Referral Agencies work within eight regions of the state, serving all 72 counties and 11 tribes to ensure that Wisconsin’s youngest children have high quality early childhood experiences. CCR&Rs have something to offer everyone: families looking for care or supports, early care and education providers in need of professional development opportunities or communities looking for information, data or solutions.

- **For Families**: educating families, as consumers of child care, so that they can make the most informed choice that is best for their family, providing a list of referred providers based on their needs and priorities, and connecting them with other community resources or supports so that they are prepared to be successful in raising their family.

- **For Early Care and Education Professionals**: delivering high quality training on a range of content areas from developmentally appropriate practices to Strengthening Families, providing customized technical consultation to potential and current early care and education providers through programs like Licensing Preparation, Active Early & YoungStar, and collecting and annually updating business information to maximize referrals to their programs.

- **For Communities**: educating stakeholders about what quality early care and education is and how to support it in communities, compiling data and producing reports regarding the local child care industry and convening stakeholders to advocate for the best possible outcomes for Wisconsin’s youngest children.

Website: [https://www.dhs.wisconsin.gov/cyshcn/regionalcenters.htm](https://www.dhs.wisconsin.gov/cyshcn/regionalcenters.htm)

The Wisconsin CYSHCN Program provides grants to promote care for Wisconsin children and youth with special health care needs and their families. It funds 5 Regional Centers which provide direct service to families and providers. The program’s philosophy is that children are best served within their families, and family perspectives and presence must be included in all aspects of the system. The program directs projects and programs, provides leadership and technical assistance to support the efforts of agencies, provides education and training opportunities for staff and service providers, and coordinates a statewide system of nutrition services.

The program published *Finding Your Way: A Navigation Guide for Wisconsin Families Who Have Children and Youth with Special Health Care Needs and Disabilities* to assist families who may have concerns or questions about their child’s development or have recently received a diagnosis of a special health care need or disability. It provides brief descriptions of programs, services and systems of support and gives contact information to learn more about these and other resources. **Children’s Hospital of Wisconsin – Community Services/Child Welfare Services**

CHW partners with schools, local, state, and federal health and human service organizations, service providers, nonprofits, funders, law enforcement, and others to improve communities and ensure kids and families can thrive. It organizes and supports child abuse prevention efforts, child advocacy and protection services, foster care, treatment foster care, adoption, respite care, child advocacy centers, family case management, and finding family members of children in foster care in Wisconsin.

**Community Collaboration Coaches**
Website: [http://www.collaboratingpartners.com/about](http://www.collaboratingpartners.com/about)

Wisconsin Early Childhood Collaborating Partners Regional Collaboration Coaches were in place from 2004 until 2018 to assist communities as they partnered to provide early childhood services and to build and expand the regional early childhood infrastructure. A team of Outreach Specialists now continues the work of the Collaboration Coaches and supports ongoing cross-sector professional development and improvement activities.
Cooperative Educational Service Agency (CESA)
Website: https://dpi.wi.gov/cesa
CESAs provide leadership and coordination of services for school districts, including curriculum development assistance, school district management development, coordination of vocational education, and exceptional/special education, research, human growth and development, data collection processing and dissemination, and in-service programs. CESAs work in partnership with school districts to provide leadership and to help facilitate change and continuous improvement in schools so that all children will achieve educational excellence. Twelve agencies across Wisconsin provide statewide service delivery.

Disabilities and Inclusive Practices – Technical Assistance
Website: http://www.collaboratingpartners.com/disabilities-support.php
Program Support Teachers (PST) provide support to school district early childhood personnel within their CESA region. Emphasis is on providing training and technical assistance related to the state performance plan indicators (#2/6 Preschool Educational Environments, #3/7 Child Outcomes, and #8/12 Transition from Part C) and initiatives. Additionally, the CESA PSTs and Coordinators act as a liaison among early childhood systems that touch the life of a child with a disability and their family (B-3, Head Start, Child Care, 4K-5K and Early Childhood Special Education).

Credit for Prior Learning (CPL)
Website: https://wisconsinearlychildhood.org/programs/t-e-a-c-h/credit-for-prior-learning
Many Wisconsin child care providers haven’t completed college degrees, but most have several years of relevant experience and many hours of non-credit-based training, mastering many of the skills and concepts that are learned through college courses. Credit for prior learning is an opportunity to recognize the current skill and knowledge level of Wisconsin’s early childhood teachers, improve child care quality in the state, and meet expectations in the YoungStar program. Colleges that offer credit for prior learning award credit(s) to individuals who can demonstrate relevant skills and knowledge previously acquired through non-traditional schooling, non-credit-based training, work or other life experience.

Disability Rights Wisconsin
Website: http://www.disabilityrightswi.org/
Disability Rights Wisconsin (DRW) is a private non-profit organization. DRW is part of a national system of federally mandated independent disability agencies. DRW is completely independent of government and the disability service system in order to be free of any conflicts of interest which would undermine its capacity to advocate vigorously on behalf of the human and legal rights of people with disabilities. Disability Rights helps people across Wisconsin gain access to services and opportunity through its advocacy and legal expertise. It regularly challenges systems and society to create positive change and improve the lives of people with disabilities. DRW provides informational training and other learning opportunities for consumers, family members, attorneys and others who support people in the disability community. DRW trainers offer effective strategies to strengthen individual advocacy skills, improve the system’s response to issues of access, broaden the understanding of disability rights and more.

Early Childhood and Economic Development in Wisconsin
Website: http://www.wi-edi.org/publications.html#18
Investing in high quality early childhood education is good business and establishes a strong foundation for success in school and in life. A growing body of research builds the case that investment in high quality early education will lead to a more educated, qualified, and talented workforce that will help Wisconsin better compete in a global economy.

Early Childhood Integrated Data System (ECIDS)
Website: https://dpi.wi.gov/early-childhood/ecids
In 2011, the State of Wisconsin committed to developing an Early Childhood Integrated Data System (ECIDS) to support regular data exchanges and research requests. Early childhood data linkages were established between the Departments of Public Instruction (DPI), Health Services (DHS), and Children and Families (DCF). The WI ECIDS was implemented in December of 2017. It provides DPI, DCF and DHS personnel with cross-departmental information to guide decisions about investing resources in effective, sustainable strategies while maintaining privacy, confidentiality and departmental accountability.
Early Childhood Special Education (ECSE)
Wisconsin Department of Public Instruction
125 S. Webster Street
Madison, WI  53707
Website:  https://dpi.wi.gov/sped/early-childhood
Each school district in Wisconsin provides special education services to children with identified disabilities, ages three to 21. Programs serving children from three to five years of age are called Early Childhood Special Education (ECSE) programs. Services are provided in the least restrictive environment within a range of settings including the home, child care, Head Start, kindergarten, and early childhood special education programs. When children are served in general education, consultation and support services are available to teachers and other staff. Each school district is responsible to provide a continuum of special education and related services to children with disabilities who need special education. Children are evaluated to determine if they meet state eligibility criteria.

Early Childhood Systems
Wisconsin Department of Health Services – Wisconsin Maternal & Child Health Program
Website:  https://www.dhs.wisconsin.gov/mch/childhood-systems.htm
Wisconsin’s Maternal and Child Health Program defines Early Childhood Systems as local public health departments working with community partners to build and integrate services and supports that promote optimal physical, mental, and social health and development of all children and their families. In the Keeping Kids Alive initiative, local health departments work with partners to establish a Child Death Review or Fetal and Infant Mortality Review Team. Teams collect and review data to identify and recommend community prevention activities. In the Wisconsin Healthiest Families initiative, local health departments work with partners to build and integrate services and supports to address child development, mental health, safety and injury prevention, and family supports.

Early Dual Language Learner Initiative (EDLLI)
Wisconsin Department of Public Instruction
125 S. Webster Street
Madison, WI  53707
Website:  http://www.collaboratingpartners.com/pd-packages/dual-language-learners
The Early Dual Language Learner Initiative (EDLLI) provides professional development, technical assistance and resources to community partners regarding culturally and linguistically responsive practices for young children, birth - six. The EDLLI Leadership Team, comprised of 25 stakeholders, and its smaller Steering Committee, were created as part of this initiative to help coordinate and advance efforts on behalf of young children who are dual language learners and their families throughout the state. In addition, the EDLLI collaborates with other state initiatives in order to include the strengths and needs of dual language learners and their families in different statewide trainings such as those provided by Wisconsin Model Early Learning Standards, Preschool Options, and Wisconsin Pyramid Model for social emotional competence.

Website:  https://supportingfamiliestogether.org/member-directory/
Family Resource Centers (FRCs) provide services and support systems that emphasize and build on family strengths. Each Family Resource Center is unique, but there are commonalities across programs. FRCs primarily focus on parents or primary caregivers and their children from prenatal through early childhood and offer a wide range of services to meet the individual needs of each family and community. Each center aims to help parents and families develop additional positive parenting skills, and even grand-parenting skills. The specific services each center offers may be located at the center, in homes or at other locations in the community. In Wisconsin, FRCs may provide a combination of any of these core services and more:

- **Group services:** delivering parent education courses, workshops, support groups, drop-in programs, respite care, and play groups.
• **Individual services:** providing families with personal consultations and support through services such as telephone “warm-lines” for non-emergency parenting information, home visits, supervised visitation or safe exchange programs.

• **Outreach and family visiting services:** reaching out to parents and families in their homes or in other community-based locations convenient for families. This might be through collaborations with birthing hospitals to connect with new families, through community response to ensure families have support in times of need, or through universal services such as car seat checks.

• **Community resource and referral and follow-up services:** offering a reliable link to public and private agencies and providing strong family advocacy within local communities. Families can receive referrals to other community programs, public benefits, and assistance with transportation.

**Governor’s Early Care and Education Advisory Council (ECAC)**
Wisconsin Department of Children and Families
201 E. Washington Avenue, P.O. Box 8916
Madison, WI 53708-8916
Website: https://dcf.wi.gov/ecac
The Wisconsin ECAC was established in December 2008 and continues work dedicated to building a comprehensive, sustainable early childhood system in Wisconsin to help ensure that all children and families have access to quality early childhood programs and services. Its vision is that “every child will be healthy, nurtured, safe, and successful.” To move Wisconsin toward this vision, the Council established long-term outcomes of quality early learning experiences; safe and healthy children; and stable, nurturing, and economically secure families.

**Great Lakes Inter-Tribal Council, Inc. (GLITC)**
Website: http://www.glitc.org
The GLITC provides services to Native Americans in Wisconsin, Michigan, and Minnesota. It works to enhance the quality of life for all native people and to advocate for the advancement and promotion of tribal nations and communities. Member tribes of GLITC are: Bad River Band of the Lake Superior Tribe of Chippewa Indians, Forest County Potawatomi Community, Ho-Chunk Nation, Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin, Lac du Flambeau Band of Lake Superior Chippewa Indians, Lac Vieux Desert Band of Lake Superior Chippewa Indians, Menominee Indian Tribe of Wisconsin, Oneida Nation, Red Cliff Band of Lake Superior Chippewa Indians, Sokaogon Chippewa Community, Saint Croix Chippewa Indians of Wisconsin, and the Stockbridge-Munsee Community.

**Grow in Quality (GIQ) Materials**
Wisconsin Department of Children and Families, Bureau of Early Learning and Policy

Madison, WI 53708-8916
Phone: 608-266-7001, Fax: 608-266-8302
Website: https://dcf.wisconsin.gov/files/youngstar/pdf/growinqualitysummary.pdf
This project was conducted in 2005-2007 to identify key indicators of child care quality and to begin the process of designing technical assistance specific to quality indicators. Data were gathered on quality indicators from licensed group and licensed family child care programs participating in targeted areas of the state. The two primary purposes of the Grow in Quality project were:

1) To design and test an efficient, accurate, and effective instrument that can be used reliably by trained observers to assess key quality indicators, including classroom environments and business practices in group center programs and family child care programs.

2) To use the information gathered from the assessments, in collaboration with early care and education program directors, to develop meaningful plans for program improvement, to implement specified amounts and types of technical assistance, and to assess the impact of technical assistance on key quality indicators.

**Growing Wisconsin Readers**
Website: http://growingwisconsinreaders.org/
Growing Wisconsin Readers was a 2013-2016 statewide initiative rooted in public libraries that supported Wisconsin caregivers of young children with information about early literacy in order to prepare children for learning at school and beyond. GWR materials can be downloaded from its website.

Phone: 608-284-0580, Fax: 608-284-0583
E-mail: info@kidsforward.net
Website: http://www.kidsforward.net
Kids Forward (previously the Wisconsin Council on Children and Families or WCCF) is a nonprofit, multi-issue child and family advocacy agency. It advocates for effective, long-lasting solutions that break down barriers to success for children and families. Through research, policy analysis, public education, community engagement, and advocacy, it works to improve outcomes for children in areas of early care and education, health, economic security, racial equity, tax and budget issues, and juvenile justice. Its early education efforts focus on public investment in a high-quality early education system that provides the experiences kids need for healthy development.

Local YoungStar Offices
Website: https://dcf.wisconsin.gov/youngstar/program/localoffice
YoungStar is Wisconsin’s child care quality rating and improvement system. Local YoungStar Offices are the place to go for all things YoungStar in any Wisconsin community. Providers can learn more about YoungStar, sign up to participate, and also receive training and technical assistance to help them grow the quality of their child care program. Parents can find information about child care providers and learn what to look for when choosing a program to care for their children.

Multi-Level Systems of Supports (MLSS)
Multi-Level Systems of Supports systematically provide differing levels of intensity of supports (interventions, additional challenges, collaborative structures, monitoring of learner progress) based upon learner responsiveness to instruction and intervention. Wisconsin’s Equitable Multi-level Systems of Supports (https://dpi.wi.gov/rti), used by public schools and districts, conveys the vision of an integrated system of behavioral, social, emotional, and academic support, includes all educators and all learners, considers the whole child and system, and attends to equitable access, opportunity, and outcomes. The Pyramid Model is an example of an early childhood MLSS.

Office of Early Learning (OEL)

Website: https://dpi.wi.gov/early-childhood/office-of-early-learning
OEL is DPI’s support for a statewide early childhood system to increase collaboration and coordination of the early learning community at local, regional and statewide levels throughout Wisconsin for children birth to age eight. The early childhood community includes parents, teachers, administrators, support staff, Cooperative Educational Service Agencies, public libraries, governmental and non-governmental agencies, consumer and professional associations, relevant philanthropic organizations, and legislators. The OEL includes an Early Education Consultant, the Head Start State Collaboration Office, and several Outreach Team members who work in the field. The OEL
works collaboratively across DPI divisions, with other state departments, and with the Governor’s Early Childhood Advisory Council (ECAC) to bring continuity and cohesiveness to the programs associated with early learning.

**PALS Early Literacy Screener**  
PALS Website: [https://dpi.wi.gov/assessment/historical/pals](https://dpi.wi.gov/assessment/historical/pals)  
The Phonological Awareness Literacy Screening (PALS) is a research based screening, diagnostic, and progress monitoring tool used to identify students at risk of developing reading difficulties, diagnose students’ knowledge of literacy fundamentals, monitor progress, and plan instruction that targeted students’ needs. PALS was Wisconsin’s required literacy screener from 2012-13 until 2015-16. For the 2016-17 school year, the requirement to administer PALS to students from 4-year old kindergarten through second grade was replaced with a requirement for districts to determine which literacy screener they would administer. Schools were also required to report the screening results to the parents or guardian of each student and to provide interventions or remedial reading services to each student identified as being at risk of reading difficulty.

**Positive Behavioral Interventions and Supports (PBIS)**  
Justyn Poulos, Wisconsin PBIS Network Assistant Director  
Phone: 608-697-8615, poulosj@wisconsinnrticenter.org  
Website: [http://www.wisconsinpbisnetwork.org](http://www.wisconsinpbisnetwork.org)  
PBIS is a systemic approach to proactive, school-wide behavior based on a Response to Intervention (RtI) model. PBIS applies evidence-based programs, practices and strategies for all students to increase academic performance, improve safety, decrease problem behavior, and establish a positive school culture. Schools implementing PBIS build on existing strengths, complementing and organizing current programming and strategies. The PBIS model has been successfully implemented in thousands of schools in over 40 states, resulting in dramatic reductions in disciplinary interventions and increases in academic achievement. Data-based decision making is a hallmark of PBIS, allowing successes to be easily shared with all relevant stakeholders. The Wisconsin Pyramid Model is a preschool version of PBIS.

4K Community Approach (4KCA) Website: [https://dpi.wi.gov/early-childhood/kind/4k/4kca](https://dpi.wi.gov/early-childhood/kind/4k/4kca)
All Wisconsin public elementary schools include 5-year-old kindergarten and, as of the 2017-18 school-year, 98.3 percent of public school districts offered 4-year-old kindergarten programs, serving 48,905 students. Typically, these programs have been in public school buildings. An increased number of school districts have initiated community-based approaches through partnerships that bring 4K and 5K programs into child care, preschool, or Head Start center settings. In these locations, licensed teachers may still have separate kindergarten classrooms, may team teach in a blended program, or teach through other arrangements.

The Registry is a career level system which awards a certificate verifying that an individual has met all State of Wisconsin, Department of Children and Family Services entry-level training and is qualified for the position that s/he holds. Additional credit-based training is categorized by core knowledge areas as defined by the National Association for the Education of Young Children. The Registry encourages professional development by defining set goals and recognizes the attainment of those goals by individuals. The Registry has developed highly specialized professional credentials and awards completion of the credential to those individuals who have met all prescribed goals. Resource and support materials related to the Registry services are available at: https://the-registry.org/ResourceCenter.aspx

The Registry Credentials
Website: https://www.the-registry.org/Credentials.aspx

The nine Credentials awarded by The Registry are: Administrator, Afterschool & Youth Development, Family Child Care, Inclusion, Infant Toddler, Leadership, Preschool, Program Development, and Supporting Dual Language Learners. Each Credential is earned by taking a sequence of 4 to 6 specific, credit-based, college courses developed by The Registry and teams of experts to meet the unique professional needs of childhood care and education practitioners. Each Credential includes a Capstone Course to implement knowledge gained, culminates in the development of a portfolio or project, and has a commission process. Those awarded the 12-credit Afterschool & Youth Development, Family Child Care, Inclusion, Infant Toddler, Leadership, Program Development, or Supporting Dual Language Learners Credential are at Level 9 on The Registry Career Levels; those awarded the 18-credit Administrator or Preschool Credential are at Level 10. The Registry Career Levels can be found at: https://the-registry.org/Membership/CareerLevels.aspx

The Registry Program Profile - YoungStar
Website: https://www.the-registry.org/ProgramProfile/YoungStar.aspx

The Registry Program Profile for YoungStar collects details pertaining to the educational qualifications of staff as well as the assignment of staff to YoungStar-relevant positions. All education and training related sections within YoungStar are verified by The Registry and taken directly from a program’s Registry Program Profile. Programs that would like the education and training of their staff to be reflected in their YoungStar rating MUST complete the YoungStar section of the Registry Program Profile. Programs without Program Profiles who go through a YoungStar Technical or Formal Rating cannot earn more than 2 Stars.

The items that will be directly factored into a YoungStar rating include:

- Director of Record or Licensee
- Classroom Description – This refers to all physical classrooms. In most cases, family child care homes will only have one classroom.
- YoungStar Lead Teacher for each classroom – An individual may only be a YoungStar Lead Teacher in one classroom including classrooms in other programs. In most cases, family child care homes will list the Licensee as the YoungStar Lead Teacher.

110 East Main Street, Suite 810
Madison, WI 53703
Phone: 608-266-6871
Website: https://www.cssp.org/reform/strengtheningfamilies
Wisconsin was one of the first seven states to pilot the Strengthening Families through Early Care and Education Initiative, an innovative, research-based strategy to prevent child maltreatment by building on the strong relationships that parents of young children typically have with their child care providers. The Wisconsin Child Abuse and Neglect Prevention Board, the Supporting Families Together Association, and other partners continue to work to increase the number of child care programs in the state that build protective factors with families, to enhance relationships between child welfare and early care and education, and to improve coordination across fields that work with young children and their families.

Supporting Families Together Association (SFTA)

Madison WI 53711
Phone: 1 (888) 713-KIDS or (608) 443-2490, Fax: (608) 441-5399
Website: https://supportingfamilies altogether.org
E-mail: info@supportingfamilies altogether.org
Supporting Families Together Association envisions an environment in which all children have the opportunity to reach their highest potentials and all adults understand their roles and responsibilities to children. To make this happen, SFTA supports and sustains an effective network of family support and early care and education systems through statewide membership of Child Care Resource & Referral Agencies, Family Resource Centers, and other organizations and individuals committed to early childhood. SFTA focuses efforts on four early childhood priorities:

- **Quality Early Care and Education**: SFTA is committed to working with our community-based organizations to advocate, educate and build Wisconsin’s capacity to deliver high-quality early care and education
experiences to all of Wisconsin’s children. This is supported through programming like YoungStar, Training & Technical Assistance and Child Care Resource & Referral Services.

- **Strong Families**: SFTA provides concrete support to families in a strengths-based and evidence-informed manner in order to prevent child abuse and neglect. This is supported through child abuse and neglect prevention efforts and training, including Strengthening Families, Stewards of Children and SFTA’s Annual Small Change Makes a Big Difference Campaign.

- **Healthy Children**: SFTA is actively engaged in a broad range of health promotion efforts that are designed to create better health outcomes for all of Wisconsin’s children. This is supported through efforts to promote The Pyramid Model of Social Emotional Competence and obesity prevention initiatives like Active Early.

- **Responsive Systems**: SFTA builds systems and supports to early childhood that result in opportunities for all children to reach their highest potential. This is integrated into all programming at SFTA, including the radio program, Apoyando Familias Aprendiendo Juntos, and intentional supports for Wisconsin’s 11 Tribes.

University of Wisconsin-Extension
Website: [http://www.sohe.wisc.edu/outreach/wccrp/publications.html](http://www.sohe.wisc.edu/outreach/wccrp/publications.html)
The Wisconsin Child Care Research Partnership was developed as a partnership with UW-Extension, the Department of Workforce Development, and the Wisconsin CCR&R Network. The Partnership conducted statewide research on all aspects of the early care and education system in the state between 2000 and 2006, as one of nine federally-funded research partnerships. The research findings, particularly related to the quality of care for low-income children, led to the publication of research briefs and policy options papers, as well as testimony, papers, and reports for many policy level groups. The Partnership formally ended in 2006, but materials are still available at the above web address.

Website: [http://dhs.wi.gov/lead](http://dhs.wi.gov/lead)
The Lead-Safe Wisconsin website has tools, resources and information for child care providers to help protect children from exposure to lead and prevent childhood lead poisoning. This includes information on the effects of lead on young children and the lifelong health outcomes associated with lead exposure and actions that can be taken to prevent it. The site also has important information about lead-safe work practices that must be followed in child care centers when painting and renovating in a child-occupied facility built before 1978. If you want to know if childhood lead poisoning occurs in your community, this website tells you how to obtain maps of Wisconsin communities indicating the locations of homes where children have been found to be lead-poisoned; see [https://www.dhs.wisconsin.gov/lead/data.htm](https://www.dhs.wisconsin.gov/lead/data.htm), or call the Wisconsin Childhood Lead Poisoning Prevention Program at 608-266-5817.
Wisconsin Circuit Court Access (WCCA)
Website:  http://wcca.wicourts.gov/index.xsl
WCCA is a website that provides access to certain public records of the circuit courts of Wisconsin. The information displayed is an exact copy of the case information entered into the Consolidated Court Automation Programs (CCAP) case management system by court staff in the counties where the case files are located. The court record summaries viewed here are all public records under Wisconsin open records law. However, it may be a violation of state law for an employer to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction only if the circumstances of the conviction substantially relate to the particular job. For more information, see Wisconsin Statute 111.335 (http://docs.legis.wisconsin.gov/statutes/statutes/111/II/335) and the Department of Workforce Development's Arrest and Conviction Records under the Law publication (https://www.dwd.wisconsin.gov/er/civil_rights/discrimination/arrest_conviction.htm), or contact Child Care Licensing at the Department of Children and Families (https://dcf.wisconsin.gov/cclicensing).

PLT’s *Environmental Experiences for Early Childhood* activity guide and music/movement CD include educational materials to teach kids how to think, not what to think about environmental issues. With over 130 enjoyable, interdisciplinary activities, children 3 to 6 become nature detectives, dance with a tree, and take a simulated walk through a forest — complete with the sounds of the animals that live there! The guide includes an annotated bibliography, art, assessments, and topic-related snacks. Developed with preschool educators and early childhood specialists, the guide is correlated to the Wisconsin Model Early Learning Standards.

PLT’s *PreK-8 Environmental Education Activity Guide* includes nearly 100 activities in a story-line technique for school-age children.

Designed for all educators and naturalists, the materials are available only through PLT workshops lead by certified instructors.

Website: http://www.dec-sped.org/wisconsin-dec
WDEC is a state chapter of the Division for Early Childhood (DEC), one of 17 divisions of the Council for Exceptional Children (CEC) - the largest international professional organization dedicated to improving educational outcomes for individuals with exceptionalities, students with disabilities, and/or the gifted. DEC is especially for individuals who work with or on behalf of children with special needs, birth through age eight, and their families. Founded in 1973, the Division is dedicated to promoting policies and practices that support families and enhance the optimal development of children. DEC is an international community of 5,000 professionals and family members - in 50 U.S. states, 9 Canadian provinces, and 22 other countries - all working together to support the development of young children with special needs and to create a system of support for all young children and their families. WDEC established the Jenny Lange Scholarship Fund through UW-Whitewater and is a co-sponsor of the annual WI Early Childhood Education and Care Conference and the biennial JoLyn Beeman Memorial Lecture Series. Membership in WDEC provides reduced fees at these conferences; a state newsletter; and monthly publications, including the *Young Exceptional Children* journal.

The Wisconsin Division of Public Health Immunization Program, in partnership and collaboration with local partners, strives to eliminate the transmission of vaccine-preventable disease through effective immunization programs and outbreak control measures. Utilizing best-practice strategies and evidence-based programming, the steps to achieve this mission include: improving the effectiveness of immunization delivery systems; increasing immunization access for all; identifying and eliminating racial, ethnic and other disparities; and protecting the community through high immunization rates. This web page contains vaccine information as well as many links to other pages and sites.
The Wisconsin Immunization Registry (WIR) is a computerized Internet database application that was developed to record and track immunization dates of Wisconsin's children and adults, in order to help keep everyone on track for their recommended immunizations. Statewide release occurred in May 2000. All demographic information for births occurring in Wisconsin was back-loaded to January 1995 and continues to be downloaded on a weekly basis.

In April 2020, the Wisconsin Department of Children and Families (DCF) and the Wisconsin Early Childhood Association (WECA) were awarded a $100,000 planning grant from the Pritzker Children's Initiative to develop a policy agenda to expand the availability of high-quality infant and toddler child care in Wisconsin by 25% by 2023. In 2019 the grantees are recruiting a coalition of state- and community-level partners inside and outside government – family members, business owners, community leaders, program directors, health providers, caregivers, legislators, everyone with ideas on how to expand the capacity for infant toddler programming – to develop an ambitious prenatal-to-age-three policy agency and action plan. Planning grant recipients will be eligible for implementation grants based on the quality of the plan they develop. Wisconsin Model Early Learning Standards (WMELS)
Website: http://www.collaboratingpartners.com/wmels
WMELS specify developmental expectations for children birth to first grade, supported by practice-based evidence and scientific research. Samples of children's behavior and adult strategies are also provided. WMELS cover all the domains of children’s early learning and development and apply to all settings in which children receive care and education. They provide a shared framework for understanding and communicating expectations for young children's development, and are a guide for parents, early care and education professionals, and policymakers, all of whom share responsibility for the well-being of young children. WMELS were developed by the WMELS Steering Committee, including representatives from the state Departments of Public Instruction, Health Services, and Children and Families; the Head Start State Collaboration Office; and Wisconsin Early Childhood Collaborating Partners.

A copy of the WMELS can be downloaded at http://www.collaboratingpartners.com/wmels/order-wi-model-early-learning-standards. The Frequently Asked Questions section of the WMELS website lists commonly asked questions regarding the development and intended use of the standards.

**Wisconsin Pyramid Model for Social and Emotional Competence**
Website: [http://www.collaboratingpartners.com/wi-pyramid-model](http://www.collaboratingpartners.com/wi-pyramid-model)
The Pyramid Model is a multi-level system of support to increase social and emotional competence and decrease challenging behaviors in very young children. Evidence-based practices promoted by the Pyramid Model apply to multiple contexts in which children learn and grow, specifically early care and education settings ranging from regulated group and family child care, and four-year-old kindergarten programs, to center-based Early Head Start and Head Start programs. In 2019, 108 sites were implementing the Pyramid Model in 36 programs/communities throughout Wisconsin. Implementation of the Pyramid Model has been correlated with improvements for child outcomes, staff morale, and staff retention. Since 2009, the Wisconsin Alliance for Infant Mental Health has been the lead agency on promoting and guiding professional development and implementation of the Pyramid Model.

WSPEI supports increased sharing of information among parents, schools, projects, organizations and agencies through networking meetings, conferences, person-to-person contact and media.
Wisconsin Technical College System (WTCS): Early Childhood Education (ECE) – Two-Year Associate Degree Program
ECE Career Program Website: http://www.wistechcolleges.org/explore-careers/program/early-childhood-education

Working with and understanding preschool children is the goal of the Early Childhood Education Program. Students learn to plan and guide children’s activities such as dramatic play, art, music, language arts, project activities, and field trips. Emphasis is also placed on children's physical and intellectual growth, getting along with others, and positive behavior techniques. Child care settings are varied, with many new programs developing constantly. Child care needs have far surpassed the number of graduates available and trends are indicating a steady growth in this field. Jobs are many and varied, and may include preschool teachers and directors, special education teacher aides, assistant teachers and nannies.

201 E. Washington Avenue, PO Box 8916
Madison, WI  53708-8916
Website: https://www.dcf.wisconsin.gov/youngstar

YoungStar is Wisconsin’s Child Care Quality Rating and Improvement System (QRIS). It sets a five-star rating system for child care providers based on the quality components of educational qualifications, learning environment and curriculum, business practices, and health and well-being of children. YoungStar drives quality improvement in child care throughout the state by: 1) helping providers who want to improve the quality of their care, 2) creating financial incentives that encourage providers to deliver better services to children, 3) giving parents the meaningful information they need to make informed child care decisions for their children, and 4) supporting ongoing child care quality improvement by linking higher quality care to higher Wisconsin Shares subsidy amounts and YoungStar Quality Adjustments. YoungStar helps child care providers succeed by offering a clear path to improvement, including training programs, technical assistance, micro-grants, an objective measure of program quality, and other resources.

Supporting Families Together Association (SFTA) manages YoungStar across the state. Local administration of YoungStar occurs through 12 Local YoungStar Offices. Contact information is available at: https://dcf.wisconsin.gov/youngstar/program/localoffice

NECPA standards are based on publications from highly esteemed organizations, such as the National Association for the Education of Young Children and the National Health and Safety Performance Standards developed by the American Academy of Pediatrics and the American Public Health Association. These standards assess quality in the areas of adult and child interaction, staff utilization, health and safety, physical environment, administration, and parent and community relationships. A strong emphasis is placed on current developments in health and safety, brain research, and risk management. The NECPA Commission is dedicated to promoting high-quality early childhood programs across the country and internationally. YoungStar accepts the NECPA accreditation as equivalent to a 4 Star or a 5 Star rating, depending on staff education levels.

Since 1972, the National Women’s Law Center has expanded the possibilities for women and girls in the United States. The Center uses the law in all its forms: getting new laws on the books and enforced; litigating ground-breaking cases in state and federal courts all the way to the Supreme Court; and educating the public about ways to make the law and public policies work for women and their families. An experienced staff of more than 50 takes on the issues that cut to the core of women's and girls’ lives in education, employment, family economic security, and health — with special attention given to the needs of low-income women and their families.
