

YoungStar Webinar:

YoungStar Changes for 2021-22 Formal Ratings

The 2021-22 YoungStar Evaluation Criteria will require programs receiving a formal rating to be observed using the new Third Edition of the Environment Rating Scales.

In this webinar, providers who are using the current Revised Edition of the Environment Rating Scales will have the chance to hear what's different in the Third Edition directly from the organization that creates the Scales, the Environment Rating Scales Institute (ERSI).

Time will be provided at the end of each webinar to ask questions. Registration is required for each. Registry credit is available for those who attend.

A Closer Look at FCCERS-3 with ERSI

Thurs, November 5, 5:30-7:30 p.m.

FCCERS-3 will be used in family child care with children aged 0 to 12 years

In this webinar, ERSI trainers will introduce the Family Child Care Environment Rating Scale Third Edition (FCCERS-3). We will discuss the changes coming in FCCERS-3, including a new item entitled, "Provider's Use of Books with Children," and two other new language and literacy items. The provider's role is emphasized throughout FCCERS-3, including in a new item entitled, "Providing Physical Warmth/Touch."
