

YoungStar Webinars:

YoungStar Changes for 2021-22 Formal Ratings

The 2021-22 YoungStar Evaluation Criteria will require programs receiving a formal rating to be observed using the new Third Edition of the Environment Rating Scales.

In these webinars, providers who are using the current Revised Edition of the Environment Rating Scales will have the chance to hear what's different in the Third Edition directly from the organization that creates the Scales, the Environment Rating Scales Institute (ERSI).

Time will be provided at the end of each webinar to ask questions. Registration is required for each. Registry credit is available for those who attend.

A Closer Look at ECERS-3 with ERSI

Wed, October 7, 5:30-7:30 p.m.

ECERS-3 will be used in group child care with children aged 3 to 5 years

In this webinar, ERSI trainers will introduce the Early Childhood Environment Rating Scale, Third Edition (ECERS-3). We will discuss the changes coming in ECERS-3, including an increased emphasis on language and literacy with new items, "Becoming Familiar with Print" and "Staff Use of Books"; and how interactions and the teacher's role are measured throughout ECERS-3 in the new item, "Individualized Teaching and Learning."

A Closer Look at ITERS-3 with ERSI

Wed, October 14, 5:30-7:30 p.m.

ITERS-3 will be used in group child care with children aged 0 to 2 years (35 months)

In this webinar, ERSI trainers will introduce the Infant/Toddler Environment Rating Scale Third Edition (ITERS-3). We will discuss the changes coming in ITERS-3, including an increased emphasis on interactions and the teacher's role with new items, "Providing Physical Warmth/Touch" and "Staff Use of Books." ITERS-3 continues to measure how materials are used to encourage learning, and introduces a new item on Math.
