Private Child Placing Agencies  
Residential Care Center Providers  
Shelter Care Providers  
Tribal Chairpersons

From: John Elliott  
Administrator

Re: **Community Intervention Program Allocation and Reporting Requirements**

**PURPOSE**

This memo provides notification of the availability of state fiscal year (SFY) 2027 funds for the Community Intervention Program (CIP) and explains the criteria for receiving these funds. SFY 2027 is July 1, 2026, through June 30, 2027.

The Department of Children and Families (DCF) will distribute CIP funds in SFY 2027 to counties on the basis of a statutory formula. The anticipated CIP funding amount for SFY 2027 is \$3,712,500. By law, CIP funds are to be used for early intervention services for first time offenders and for intensive community-based intervention services for seriously chronic offenders {Wisconsin Stat. § 48.528}.

**BACKGROUND**

Each county’s initial SFY 2027 allocation is based on the statutory formula, and is listed on an attachment to this memo. The SFY 2027 allocations are based on juvenile arrest data from calendar years 2022 and 2023 (due to federal reporting delays), secured juvenile correctional facility placement data from calendar years 2024 and 2025, and secure residential care center for children and youth placement data from calendar year 2025 with the opening of Jonathan Delagrave Youth Development and Care Center.

## INFORMATION SUMMARY

### 1. SFY 2027 Award Requirements and Process

#### a. Plan and Budget for Submission

To be awarded funding, counties must complete a plan and budget. Plan and budget forms are linked to this memo, along with instructions for their completion. **The deadline for submission of the plan and budget is 4:00 p.m. on June 11, 2026.** Once your application materials are received, you will receive a confirmation email from DCF Bureau of Youth Services by June 12, 2026, at 5:00 p.m. Please contact us if you do not receive a confirmation email.

Although many counties continue to use their allocated funds to support the same high-quality programs as in previous years, for program integrity purposes, counties must annually review their program descriptions, objectives, and outcomes to ensure optimal success. Plans that state “same budget as previous year” with no actual plan detailed with program components and a completed budget will not be accepted.

#### b. Plan and Budget Review

DCF Bureau of Youth Services will review all completed plans and budgets received for the SFY 2027 CIP to ensure:

- The proposed program components address the needs of first-time offenders and/or intensive community-based intervention services for seriously chronic offenders.
- The plan concisely describes the objectives and outcomes for how program success will be measured.
- The plan shows evidence of coordination and collaboration with other involved agencies and/or stakeholders, schools, courts, law enforcement, service providers, including information about contracts and working agreements, when applicable.
- The county’s proposed budget is adequate to support the proposed activities.
- Due to the challenges that counties are currently facing with providing services to first time offenders as well as chronic offenders, we are allowing counties to include a broader budget language that will allow counties to account for how their delivery services may change over time.

#### c. Awards for SFY 2027

Following review and approval of plans and budgets, DCF will notify counties of their SFY 2027 CIP awards. Contracts will then be sent for signature.

## 2. SFY 2026 Reporting Requirements

DCF will provide each county that received funds in SFY26 with instructions and forms for completing the evaluation of those programs in the fall of 2026. The evaluation should cover services delivered and clients participating between July 1, 2025 and June 30, 2026.
